

WEEKLY REPORT

10/24-10/30/10

On Saturday, October 30th, at 9:30 p.m., members of the Newark Police Department Street Crime Unit observed a person in the Fairfield neighborhood. The officers recognized the person as having a court imposed curfew of 9:00 p.m. The suspect was taken into custody and found to be in possession of marijuana. He was released on \$1,000.00 bail.

On Saturday, October 30th at 10:44 p.m., a Newark resident reported that he was riding his bicycle on Casho Mill Road. Upon entering the tunnel, three males knocked the resident to the ground and removed his wallet from the pocket of his pants.

On Sunday, October 31st at 1:43 a.m., officers responded to parking lot #1 on a report of a fight. Upon arriving at the scene, officers determined that a suspect broke the gate arm in the parking lot and used it to assault another person. The victim was transported to Christiana Hospital for treatment of his injuries. The suspect has been identified and an arrest warrant is pending.

On Wednesday, November 3rd, the Newark Police Department installed the new identification/building access card system. The new cards will be used for both building access and police identification. This will eliminate the need for two separate cards. The new cards are expected to last longer and also provide a higher quality picture resolution. The system was purchased with state grant funding.

The Newark Police Department Traffic Bureau continues to reduce the number of accidents with their traffic education and enforcement efforts. As of this time period last year, the total number of accidents has been reduced by 128. The Newark Police Department Traffic Bureau is to be commended for such impressive results.

The majority of the police department will be working traffic control and order maintenance for the University of Delaware homecoming events on Saturday, November 6th.
