

City Manager's Weekly Report

Friday, April 1, 2016

Department:

Administration - City Manager

Notable Notes:

Mayor and Council -

I am very happy to report that I recently participated in an employee benefit committee meeting to discuss the City's future with Delaware Valley Health Trust (DVHT), our claims experience, health/dental plan details and possible amendments, and feedback from employees on claims administration and customer service levels. This meeting, which is to be undertaken every year before the renewal process, was very positive. Our experience with DVHT, its launch, their follow through and our employees and their families experience have proven to be above average when compared to our organization's past experiences when changing benefit plan holders. I commend Deputy City Manager Haines for his leadership and management of this effort as well as Finance Director Lou Vitola for his oversight.

Concern was raised at this week's Council meeting related to the arrows on Main Street directing to parking lots. Please note that Public Works has reviewed the parking symbols on Main Street with the Parking Division and determined that, while the placement is not optimal, they are not so far out of position where it is creating a safety hazard or directing drivers into incorrect driveways. Additionally, the Parking Division Supervisor was not aware of any complaints being taken related to the current positioning. In order to relocate thermoplastic markings such as these, they have to be ground off the asphalt, causing significant damage to the underlying road surface. Additionally, the markings themselves cost \$300-\$400 each. Main Street is scheduled to be resurfaced by DeIDOT during 2017 so it is our opinion that the symbols should remain as-is until resurfacing is complete, then take that opportunity to place them in a more desirable location.

At your Council meeting of March 28th it was noted that a map associated with a development project and part of your packet was inaccurate. After looking into this issue, it was determined by Planning and Development to be a mistake made in or around 2009 when the map was automated that no one caught. This matter is now being corrected.

Additionally, a concern was raised by Dr. Morgan and question posed to Solicitor Heron related to liability for deficiencies of vehicles we sell at auction or otherwise. Mr. Heron has now advised that as long as we identify all known problems/deficiencies with the vehicles when we put them up for sale or auction them AS-IS, the risk of our legal liability if something goes wrong with the vehicle would be extremely low. Nor does he think that should be a consideration in deciding on a straight sale vs. a sale for scrap.

And, regarding concerns raised about errors on the Broadband survey documents, I can share that staff made edits to the survey document that were implemented in the printed copies that we sent out with utility bills...but the Survey Monkey effort, developed by CTC unfortunately didn't adopt all of the edits.

Upcoming Meetings:

- Monday, April 4 - City Council Meeting/Executive Session - 6:30 p.m.
- Tuesday, April 5 - Planning Commission Meeting - 7:00 p.m.
- Thursday, April 7 - RHNA Focus Group Meeting - 4:00 p.m.
- Thursday, April 7 - RHNA Advisory Committee Meeting - 7:00 p.m.

Activity or Project:

Comp Plan

Description:

At the Council meeting of March 28th Mrs. Huntley mentioned that Council should follow the strategy outlined in the new Comp Plan and start a process to develop different options and identify needs and desires of the community, the Country Club and other stakeholders rather than trying to latch onto a single idea (purchase of development rights) without considering alternatives. It is our thought that we would do just that when the Comp Plan is actually approved. Additionally, it is not viewed that bringing the idea of conducting a survey requested by interested citizens and the Club, if it were Council's desire to do so somehow would have prevented that from happening.

Status: Not Started

Expected Completion: 3/3/2016

Execution Status: On Track

Activity or Project:

UD Dela-bration Alumni Event

Description:

Please find attached the letter from the University received this week requesting a Noise Waiver for its Annual Alumni event to be held the weekend of June 3, 2016. The request is in line with last year's request which was successful in adhering to the terms of the waiver. I intend to grant the waiver request and will follow up with both Rick Deadwyler and Justine Talley-Beck as the date for the event draws near.

Status: Started

Expected Completion: 6/3/2016

Execution Status: On Track

Activity or Project:

DE League Legislative Advocacy

Description:

Please find the attached minutes from the most recent DLLG Legislative Committee. Please note I was unable to attend this months meeting.

Status: Started

Expected Completion: 3/22/2016

Execution Status: On Track

Department:

Alderman's Court

Notable Notes:

This past week we held three court sessions and one case review session.

Activity or Project:

Court Sessions

Description:

This past week we processed a total of 43 arraignments, 17 trials, 12 capias returns, 9 case reviews and 1 plea. We videoed 3 prisoners from the various prisons. In addition, we processed 657 payments of which 318 were made through Govolution or PayPal for parking citations. We answered 146 phone calls with court questions and waited on an additional 52 people at our customer service windows.

Status: Completed

Expected Completion: 3/28/2016

Execution Status: Completed

Activity or Project:

Department:

Community Relations

Notable Notes:

Wine and Dine is days away and final preparations are being addressed. Wine glasses, yokes and event programs will be distributed to participating restaurants on Friday. We continue to utilize social media to amplify our outreach efforts with measurable success - not only are we engaging with our target audience, but it's helping to extend our reach and serve as additional (unpaid) advertising. As an example, we filmed and published four promotional videos online with participating restaurants. In total, over 2,000 people were reached and the videos had more than 400 views in just three days.

We have begun soliciting registrants for New Night. Forms were sent out last week and eight business are signed up to participate. The deadline for registration is May 22, so we will continue soliciting participants for the next several weeks.

Graphic Design

- Updated the DNP Website
 - New Night Details
 - GIS Changes
 - Added Wine & Dine Itinerary
- Updated the City Website
 - PWWR Flush Page; application for Standard Plan
 - Holiday Refuse Schedule
 - Delaware Avenue Bikeway Study Added
 - Committee List
- Developed Website Banners
 - Student Rush
 - Memorial Day
 - Mayor's Bikeride
 - Earth Day
- Updated Police Recruitment Brochure
- Added necessary Public Meeting Notices
- Developed Free Event Parking Sign
- Created Kiosk Poster for Lobby
- Created Fillable Police Application for Employment

Media Inquiries

Tim Furlong, NBC10, inquired about the noise ordinance voted on during the 3/28 Council Meeting

- Coordinated interviews with Newark Police and the City Solicitor
- Corresponding coverage: http://www.nbcphiladelphia.com/news/politics/Shhh__No-More-Noise_Philadelphia-373814301.html; and http://www.nbcphiladelphia.com/news/local/Talking-Loudly-in-Newark-Could-Cost-You-Big_Philadelphia-373936941.html

Josh Shannon, Newark Post, inquired about upcoming Wine & Dine event

- DNP administrator conducted an interview
- Corresponding coverage: http://www.newarkpostonline.com/news/article_9c4efacd-4221-52f7-ba84-ab28f30beef5.html

Karie Simmons, Newark Post, inquired about a proposal to survey residents regarding the Newark Country Club

- City Manager conducted an interview
- Corresponding coverage: http://www.newarkpostonline.com/news/article_01f07cfe-50e3-526e-8947-550729239d94.html

Activity or Project:

Style Guide

Description:

Design elements for the style guide are near completion and we are working on including information on grammar, mechanics and email uniformity.

Status: Near Completion

Expected Completion: 4/4/2016

Execution Status: On Track

Activity or Project:

Website Redesign

Description:

Will be working with CivicPlus to update the City website. We are reviewing best practices in municipal web design and will be soliciting citizen input.

Status: Started

Expected Completion: 6/1/2016

Execution Status: On Track

Activity or Project:

Description:

Status:

Expected Completion:

Execution Status:

Department:

Electric Department

Notable Notes:

The line crews put out signs and flyers on doors along Prospect Avenue for the last two weeks to inform residents they would not be allowed to park on the road for a couple of days during spring break. The

cleared road was needed so that the line crews could take down a large limb off of a tree, pull bigger wire, and hang a new transformer as part of a circuit upgrade this week.

The line crews also continued work at West Main Substation reconfiguring and adding circuitry for the new transformer that will be coming later this year.

A contractor continued rearranging electric and communication circuits on poles on Park Place from Academy to Chapel Streets to make room for AT&T fiber.

The electricians worked on some SCADA communications issues, mainly replacing failing hardware like ethernet switches and fiber optic converters. They also worked on the parking lot lights at the Municipal Building.

Engineering is working on fault calculations to five water department facilities so that the arc flash values can be determined at electrical equipment.

Activity or Project:

LED Streetlight Conversion

Description:

Replacing 1,896 high pressure sodium cobra head streetlights with LED type. Update: All but 11 lights have been changed. They are in spots that are too soft to get to. Waiting for dryer weather.

Status: Completed

Department:

Finance Department

Notable Notes:

The recruitment for the Director of Finance position, which attracted about three dozen candidates, is expected to conclude as early as Monday, April 4, 2016.

Payments and Utility Billing

The group handled 427 phone calls the week of 3/21/16 (four business days) with an average call length of 3:41 and an average hold & queue time (average speed of answer) of 1:46. Our Welcome Center staff greeted 151 visitors, while service calls initiated by Payments and Utility Billing in response to calls and visitors totaled 97 last week. The group also processed 4,070 utility payments and CityView transactions, 373 of which were imported automatically with our new electronic processes and 2,571 of which were imported via web, lockbox or preauthorized payment (PAP).

Accounting

Accounting staff have kicked off the rigorous year-end accounting close and financial reporting process, which includes the independent financial audit and the development of the 2015 Comprehensive Annual Financial Report (CAFR). Additional notes related to the audit process are reported in the projects below.

Activity or Project:

Independent Financial Audit

Description:

Audit fieldwork continues this week with the independent audit staff on site through Friday, April 1. Staff is preparing variance analysis and fielding requests for supplementary data and document support. Work on the final draft of the fund financial statements, CAFR disclosures and footnotes continued this week.

Department:

Parks and Recreation Department

Notable Notes:

Director: Met with the office staff about the upcoming Summer Activity guide layout and design, inspected multi-purpose courts, tennis courts and paved trails for any upcoming repairs needed for Capital budget, attended a meeting with the Preston's Playground Committee and a Trustee of the Longwood Foundation to discuss the Preston's Playground project that will be located at the Reservoir, continued working on several reports for Parks Maintenance items and Park development projects.

Recreation Supervisor of Community Events: Completed and emailed vendor packets for Community Day, Liberty Day and the NewBark PawLooza, prepared for and attended the Newark Community Garden's (N.C.G.) 2016 kick off meeting. New gardeners were given their keys to the site and the N.C.G. rules and regulations were reviewed. A photo gallery from last week's Egg Hunt can be found on the Newark Post's website: http://www.newarkpostonline.com/gallery/news/collection_caca15f1-0755-5585-8cc3-a4d7ec4a8960.html.

Recreation Supervisor of Athletics: Completed the annual inspection with the Office of Child Care Licensing at Downes Elementary School. License was renewed for another year. She started interviewing possible candidates for counselor positions for summer camp, sent out marketing blasts for the several upcoming sessions for programs and prepared for the start of the basketball camp occurring during spring break week.

George Wilson Center Coordinator: Made preparations for Spring Break Camp scheduled March 28-April 1 at GWC, we have about 30 kids scheduled to attend each day; attended 3+ hour GIS versioning training with GIS Committee on Thursday; continues preparations for summer activities newsletter including reviewing first proof; continues planning for Camp GWC; is working on details related to the end of year dance recital scheduled for April 29; additional tennis lessons started this week.

Recreation Specialist: Spoke with Comcast Cares Coordinators and scheduled a meeting for Wednesday, March 30 to review projects scheduled for the Comcast Cares Day on Saturday, April 30. 14 Volunteers from the Wilmington University Soccer Team devoted 42 hours on Monday, March 21 removing litter from a section of the Mason Dixon Trail that runs through City of Newark Property. 4 large contractor bags were filled with litter from the trail. Volunteers also cut back Multiflora Rose, an invasive plant species overgrown on the trail. The Mason Dixon Trail is a 195.9 mile trail that connects the Appalachian Trail with the Brandywine Trail that passes through Gifford Pinchot State Park, White Clay Creek Preserve in

Pennsylvania, White Clay Creek State Park and the City of Newark. Total volunteer hours for the week of March 21 – March 25 are 51 hours.

Local Artists Kate Groop and Lacey Koczera invited Newark Parks and Recreation, Delaware Running Company and other sponsors to walk the James Hall Trail to explain each part of the Knit the Trail Masterpiece featured on the James F. Hall Trail from March 20-April 20, 2016. The artists have also included this information online at <http://ktoginlove.com/ktogblog/2016/3/24/knit-the-trail-tour>. Knit the Trail is displayed over 1.72 miles of trail, knit and crocheted by over 35 women, and consists of 47,550 yards (almost 27 miles) of yarn. The exhibit was featured in the Newark Post on Friday, March 25, 2016. The article can be found online at http://www.newarkpostonline.com/news/article_98d11405-e3d4-5100-9181-8cddadd6b65f.html

Activity or Project:

Summer Activity Guide

Description:

The Department is working on the Summer Activity Guide that will highlight hundreds of our programs and activities that will be offered this Summer. The Activity Guide will be delivered via email to our mailing list of nearly 8,000.

Status: Started

Expected Completion: 4/25/2016

Execution Status: On Track

Activity or Project:

Description:

Status:

Expected Completion:

Execution Status:

Activity or Project:

Description:

Status:

Expected Completion:

Execution Status:

Department:

Planning and Development Department

Notable Notes:Building Maintenance

- This week Facilities Maintenance performed the following:
 - Replaced broken window glass and damaged front door Plexiglass with tempered glass at the Train Station;
 - Received pricing for new ice machine at the Municipal Yard;
 - Continued work in the new Digital Records Room, insulating floor and installing subfloor. Once completed, work will begin on the new wall and painting of room;
 - Capped sprinkler lines at Building #3 at the Maintenance Yard to allow demo to take place.

Code Enforcement

- Code Enforcement received the interior demo permit for review at the Newark Shopping Center Movie Theater project.
- Code also received plans for review of the expansion at the Newark Methodist Church on Main Street.
- Final Certificate of Occupancy was issued for the Brown Lab clean room at University of Delaware.
- The footer/foundation installation work for the University of Delaware's South Academy Street dormitory continued this week.
- The foundation and framing work is ongoing at 60 North College Avenue.
- The framing work is ongoing at 52 North Chapel Street.
- Foundation work is ongoing at Astra Plaza on Main Street for additional apartments.
- Final tenant fit out work is ongoing at Honeygrow.

Parking

- The Customer Service training for Parking Ambassadors, originally scheduled for Monday, April 4th, has been rescheduled for Tuesday, May 3rd due to scheduling conflicts with the instructor. Training will focus on dealing effectively with difficult and aggressive behavior, as well as Newark specific parking enforcement goals and expectations. The class will be taught by Cindy Campbell, Senior Training Development Specialist for International Parking Institute, and Parking Division staff.
- This week Parking Division staff began to try to replace the old Federal equipment vouchers with new ParkingSoft validations. The new validations are barcoded to work with the ParkingSoft Point-of-Sale system.

Planning

- This week the Department received an application for a rezoning and minor subdivision with site plan approval for 40 East Cleveland Avenue. Plans have been distributed to the Subdivision Advisory Committee for review and comment.
- On Monday evening Council took the following actions on Planning and Development related items:

- Approved the purchase of a 2016 Ford Transit 150 for the Parking Division;
- Approved an amendment to the 1983 approved Subdivision Plan and associated Resolution and Agreement for the Opera House condominiums, with conditions;
- Approved a Comprehensive Development Plan amendment, rezoning, minor subdivision with site plan approval for 47 West Cleveland Avenue. As discussed at the Council meeting during the review of the development, Exhibit A incorrectly identified the parcels adjacent to the east as UN zoned. Research showed that when the zoning map was automated several years ago, the zoning categories for the Newark Housing Authority (NHA) parcels adjacent to the site and the University of Delaware parcels east of the NHA property were transposed. A revised Exhibit A was created for the rezoning ordinance, and the mistake has been corrected on City zoning maps and sent to New Castle County, which also incorrectly identified the zoning, for their parcel view system update. A copy of the revised map is attached.
- On Thursday Planning and Development Director Maureen Feeney Roser participated in the Finance Director applicant presentations.
- On Thursday afternoon Maureen hosted a Subdivision Advisory Committee meeting with the developers of the 400 Ogletown Road hotel and restaurant proposals and their engineers and architects.
- On Tuesday morning Maureen joined Code Enforcement Manager Dave Culver and Code Enforcement Officer Brian Daring in a meeting with IT staff and Jim Smith to discuss CityView support.
- The following was also completed this week:
 - 6 Deed Transfer Affidavits
 - 29 Building Permit Reviews

Activity or Project:

Washington House Condominiums

Description:

Work is continuing on the façade of the Washington House Condominiums at 113 East Main Street. The schedule for removal of the scaffolding on the front and northwest corner of the building is on track for the end of April. The inspector has also been given approval to remove a majority of the sidewalk shed along the east side of the building. The first 20 feet of the sidewalk shed will remain in place until the front scaffolding has been removed.

Status: In-Progress

Expected Completion: 4/30/2016

Execution Status: On Track

Activity or Project:

Parking Fee Collection Equipment - Lots 3 and 4

Description:

Fiber optic cable installation was completed this week and ParkingSoft fee collection equipment installation in Lots 3 and 4 has begun. The installation of the fee collection equipment is scheduled to be completed by April 1st. Parking Attendants are being trained on the new ParkingSoft Point-of-Sale system connected to Lots 3 and 4.

Status: Near Completion
Expected Completion: 4/1/2016
Execution Status: On Track

Activity or Project:

Planning Commission Meeting

Description:

Considerable time was spent this week preparing for the April 5th Planning Commission meeting. On the agenda are: 1) review and consideration of a Major Subdivision and Special Use Permit for a hotel and restaurant at 400 Ogletown Road; 2) review of an amendment to the Zoning Code to clarify exceptions for height and setback; 3) receipt of draft proposed parameters and methodology for the Code mandated parking requirements and parking waiver program study for discussion at a future Planning Commission meeting; and, 4) information regarding IPA-sponsored Planning Commissioner training scheduled for Wednesday, April 13th at 6:00 p.m. in the City Council Chamber.

Status: In-Progress
Expected Completion: 4/5/2016
Execution Status: On Track

Department:

Police Department

Notable Notes:

The bicycle and skateboard education and enforcement is ongoing. Master Corporal Micolucci continues to catch violators and issuing summonses. At the beginning of this week, two more bicyclists were issued summonses, as well as a skateboarder riding on the sidewalk on Main Street. It has been noted that the amount of bike riding and skateboarding on the Main Street sidewalk has decreased. The Public Works and Water Resources Department is reviewing the existing signs on Main Street prohibiting skateboarding to determine if any changes are necessary.

Newark police administrators and supervisors will soon have access to a CSX mobile web-based system that allows first responders secure access to critical real time information. This will enable us to determine the exact contents of any rail car on a CSX train, along with emergency response information and recommendations for protective action. This will be very helpful to first responders in the event of a rail car accident or emergency.

On Thursday, March 31st, Chief Tiernan and Deputy Chief Feeney attended a briefing at the New Castle County Office of Emergency Management. At the briefing, the Delaware Emergency Management Agency provided information on the opening of the Pre-Disaster Mitigation Program, under the Hazard Mitigation Assistance grant programs administered by FEMA.

Members of the Police Department Special Operations Team and the University of Delaware Police Department met with two Deputy Attorney Generals to review the process and legal requirements for controlled party dispersals. In the future, both agencies will work on controlled party dispersal for large

house parties in Newark. This type of dispersal has been very effective in the past and has resulted in many arrests for underage alcohol consumption from single house parties.

Corporal Darryl Saunders continues his community policing projects. This week he went door to door hand delivering letters introducing himself to residents of College Park. Cpl. Saunders spoke with many residents and advised them to call him if they have any issues or concerns in the neighborhood.

We recently sent two recruits to the current Delaware State Police Academy Basic Police Class. Unfortunately, both recruits have resigned from the academy. We will begin advertising shortly for a new police officer exam with the hope to administer the exam on May 7th.

3/27/2016

to 4/2/2016

Carol Houck, City Manager
City of Newark
Newark Municipal Building
220 South Main Street
Newark, Delaware 19711

March 31, 2016

The University of Delaware would like to respectfully request a noise waiver to support the Dela-bration event during Alumni Weekend on Friday, June 3, 2016 starting at 7p.m. and ending at 11p.m. We would also like to request a noise waiver for our rain date June 4, 2016 starting at 7 p.m. and ending at 11 p.m. Held the first weekend after Commencement each year, Alumni Weekend is a tradition that is growing in popularity and in size. The Weekend is our way of encouraging alumni, friends and families to return to campus and celebrate the qualities that make UD unique.

The University takes many precautions and steps to ensure we are being considerate of the community during Alumni Weekend. These precautions include, but are not limited to:

1. Transportation is provided to ensure the safety of our guests and to increase guest access to key Newark locations.
2. UDPD and our staff ride through residential communities to observe and limit the potential for any off campus disturbances, issues or event impacts.
3. The Government Relations Office and the Office Development and Alumni Relations staff will respond directly to any complaints or issues that arise during the evening events and throughout the weekend.

The University plans to ensure band contracts clearly state the end time for Dela-bration and assign a staff member to ensure that they adhere to it. **We will stop the bands and any live entertainment from performing at 10:59 p.m.** Our focus on the end time will encourage our alumni to patronize the Main Street businesses for a longer period of time following the event.

This year's event will be similar to the 2015 event and will offer an "open air" Dela-bration event. In this model, there will be small tents around the Green and only one band on the main Green area (north of Memorial Hall). The academic buildings will serve as the perimeter of the event. University Media Services has confirmed that even though there would be no tent, that we would still have absolute control of how many speakers we use and the overall decibel level of the event. There will not be any Friday night events and/or band/s on the South Green during Dela-bration.

Please feel free to contact us with any questions.

Sincerely,

Rick Deadwyler
UD Government Relations Office

Justine Talley-Beck
UD Development and Alumni Relations

DLLG Legislative Advocacy Committee
Meeting Minutes – March 22, 2016
DLLG Office, Camden

Attendees:

Gene Dvornick, Town Manager, Georgetown
John Giles, Town Manager, Elsmere
Marge Hadden, Councilmember, Newark
David Hugg, Town Manager, Smyrna
Jesse Savage, Town Manager, Bridgeville
Polly Sierer, Mayor, Newark
Michael Spencer, Mayor, Newport
Teresa Tieman, City Manager, Harrington

Carl Luft, Executive Director, DLLG
Mark Lally, DLLG Lobbyist

Discussion on Specific Issues

DEFAC Report

- Nothing new to report
- Indications that any changes to Realty Transfer Tax are “off the table”
- Next report will be April 18, 2016

HB 200 – Accessible Parking

- No News – appears bogged down in committee
- Substitute Bill being circulated
- Position: **OPPOSE**

HB 262 – Land Protection

- Appears to be more of a revision and updating of existing Land Protection Act
- If we hear otherwise – all will be notified
- Position: **WATCH AND SEE**

HB 283 – Veterans, Skilled Workers and Community Workforce Act

- May be moot – Correspondence from FHWA this may violate Federal Statute and jeopardize federal funding
- Lots of opposition to this bill
- Critical that we monitor closely
- Position: **STRONGLY OPPOSE**

HB 287 – Sex Offender Residency Limitations

- Modifies Title 22 (Municipalities) and limits restrictions that can be placed on where sex offenders can reside
- Several municipalities have various distance requirements (schools, parks, day care, etc.)
- Group feels this is similar to HB 333 (using a “one size fits all” approach)
- Interested in seeing how the Police Chief’s Council feels about this bill
- Concerned over one more attack on Home rule
- May have to be an individual municipality issue versus a League issue
- Position: **WATCH AND SEE**

HJR 11 – Deliberative Process to Review Alternative Stormwater Management Regulations

- We welcome this resolution and are in support of it
- Appears to echo our concern about over-regulation
- Look forward to seeing the outcome
- Position: **WATCH AND SEE**

SS 2 for SB 130 – Transportation and Land Use

- Outlines criteria for municipalities to enter into transit-oriented development districts (“Complete Community Enterprise Districts”)
- Should help economic development
- Could be good for various municipalities
- Position: **WATCH AND SEE, SUPPORT**

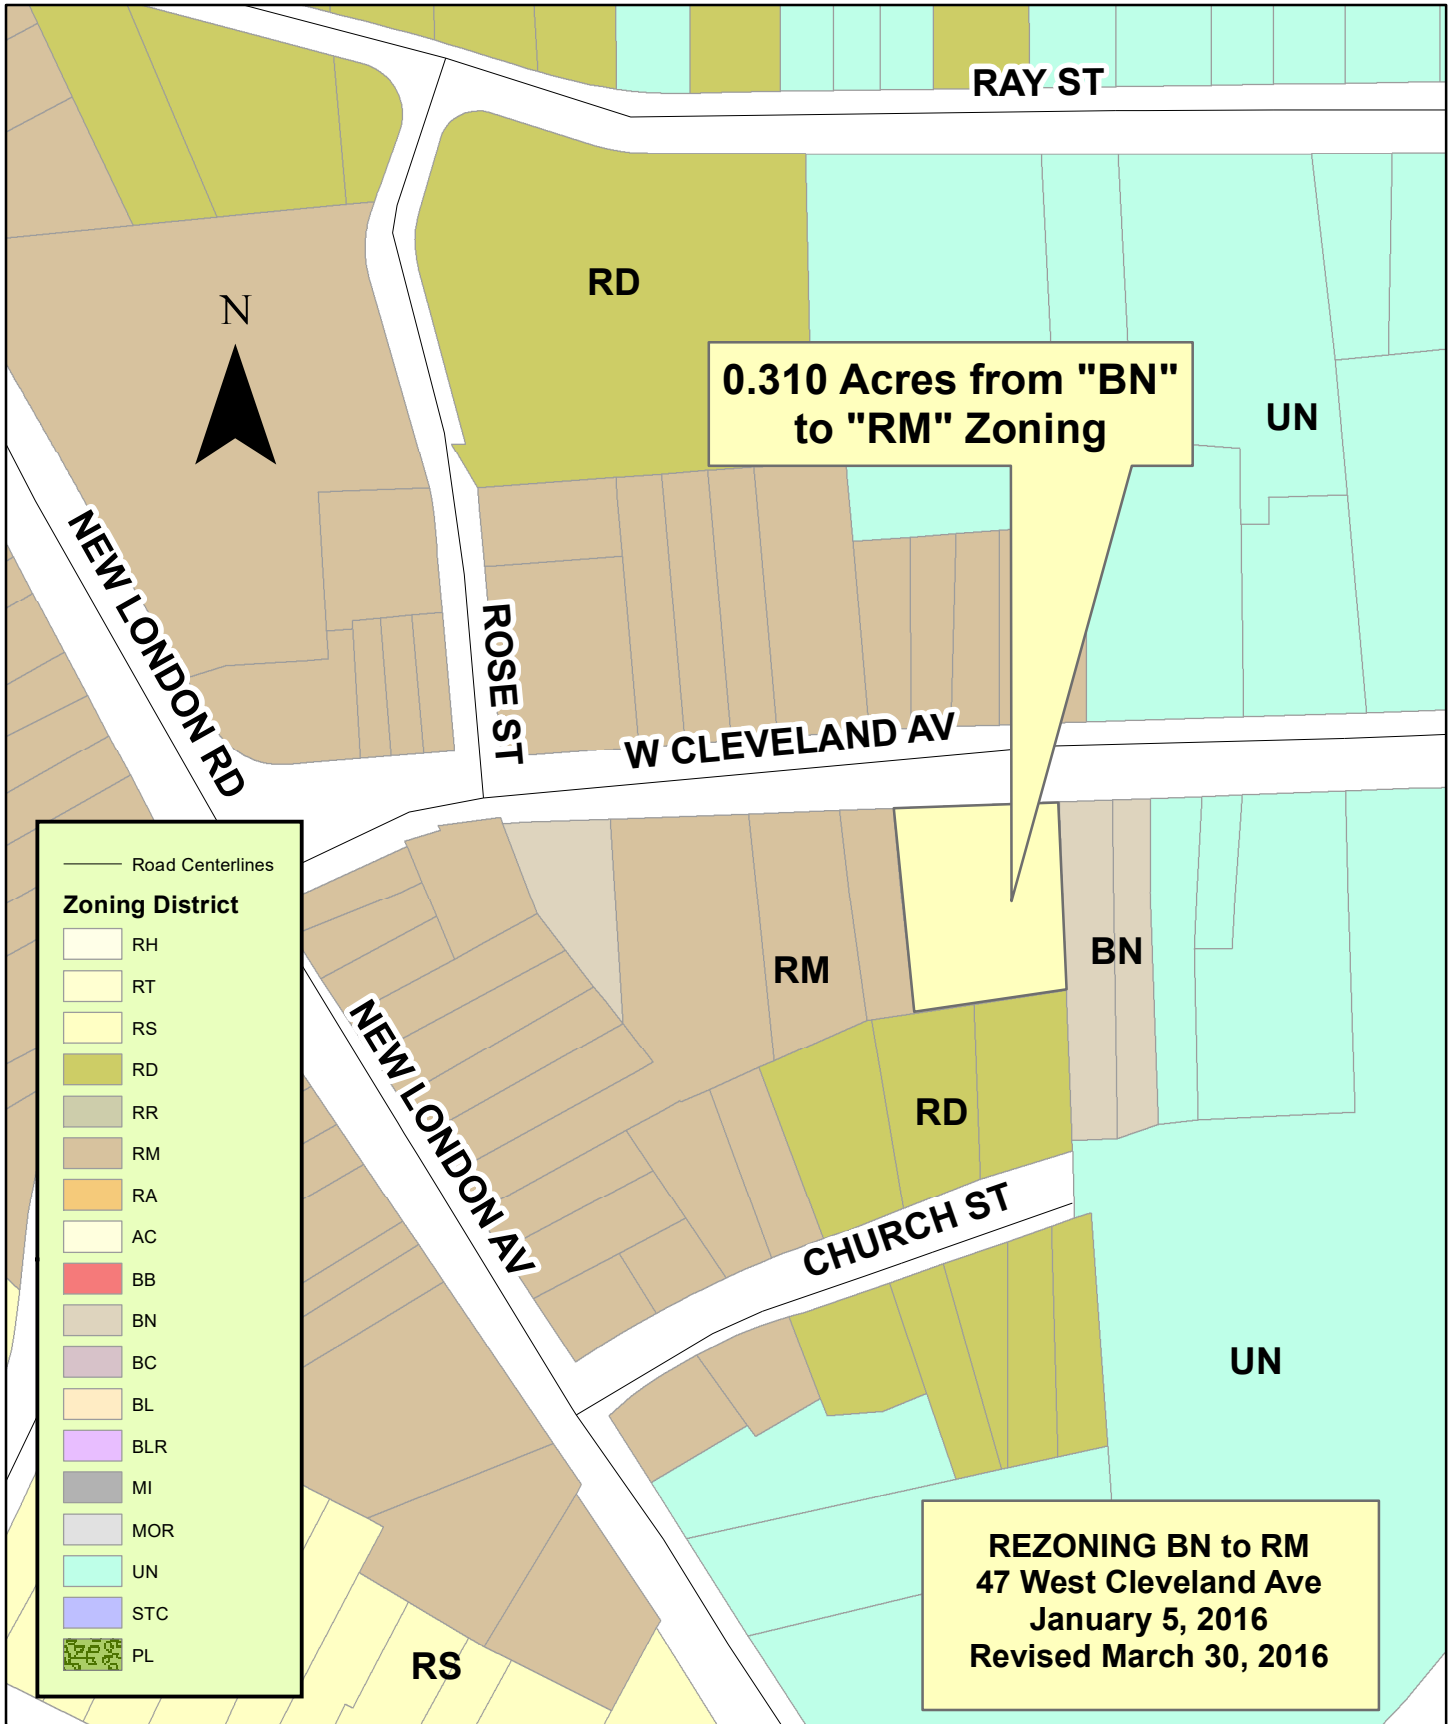

Other Items Discussed

- HB 130 – Collective bargaining group for Probation and Parole officers, Capitol, and DNREC (no impact on municipalities)
- Bond Bill Hearing on Transportation is scheduled for April 25, 2016 at 1:30 PM

Next Meeting

- April 28, 2016 with the Executive Committee, prior to the League Meeting, 4:30 PM at the Duncan Center
