

trimming is performed, brush and wood are left at the property and are the responsibility of the homeowner. Broken limbs entangled in the line will be removed by City personnel and left for disposal by the homeowner.

## 15.2 ROUTINE TRIMMING

15.2.1 During normal routine trimming the City's contract tree trimmer will remove and chip limbs and debris from the property owner's trees.

## 15.3 EMERGENCY TRIMMING

15.31 When tree debris is caused by a storm, the City of Newark's electric crews do not remove it. The City's crews shall work quickly to restore power to all of our customers. City crews cut broken and uprooted trees to allow us to clear and make repairs to our lines. Brush and wood are left at the property and are the responsibility of the homeowner.

## **16. POWER OUTAGE RESTORATION PRIORITY**

After storm related outages, the City restores power to customers or repairs problems in the following order of priority:

1. Downed power lines are repaired.
2. Power is restored to public safety facilities.
3. Power is restored to circuits with the largest number of customers.
4. Power is restored to individual customers.
