CITY MANAGER'S OFFICE CITY OF NEWARK

220 South Main Street · Newark, Delaware 19711 302.366.7000 · Fax 302.366.7035 · www.newarkde.gov

December 31, 2019

Newark City Council City of Newark, Delaware

2020 GENERAL OPERATING BUDGET AS APPROVED

Honorable Mayor and Members of City Council:

On behalf of the City Manager's office, the Finance Department and with support from our departmental teams, I am pleased to submit the final, approved 2020 General Operating Budget. The 2020 budget totals \$96,739,815, which reflects a 2.2% increase over the 2019 budget, or \$2.1 million.

This document encompasses all budget adjustments and key decisions that were approved/made during the budget hearings which occurred between October 7 and November 18, 2019. Highlights include:

Revenue:

- The inception of a refuse fee was not approved by Council.
- Tax increase of 13.33% effective July 1, 2020.
- Incorporation of customer charges for both water and sewer accounts.
 - Generates an additional \$115,000 to the water fund and \$35,000 for the sewer fund in order to cover the debt service payment for the projects approved during the 2018 referendum.
 - Water customer charge was approved via Ordinance 19-36 (<u>water</u>) on December 9, 2019.
 - Sewer customer charge was approved via Ordinance 19-35 (<u>sewer</u>) on December 9, 2019.
 - Recommended water and sewer fees for 2020 will be revisited in mid-2020.
 - Reserves are being used to balance the budget to cover the shortfall (\$338,752).
- Overall use of prior-year reserves increased by \$351,210 to \$708,752.

Operating Budget Expenditure Reductions:

- Healthcare premium costs were reduced by \$50,000 due to renewal with DVHT falling below budgeted expectations.
- Remove proposed Green Energy purchases from a 100% renewable electric portfolio back to 17% (current electric portfolio model).
- Remove proposed meal stipend for the Planning Commission (\$8,400).

Capital Budget Adjustments:

- K2005 Skid steer requested by Parks and Recreation has been moved to 2021 (\$36,000).
- I1801 Fiber project has been moved to 2021 (\$140,000).

- I1804 Harris Automation Platform has been moved to 2021 (\$75,000).
- K1601 Charles Emerson Bicycle/Pedestrian Bridge, additional grant funding (\$200,000) reduced the need to use City funding.
- H1503 Newark Transportation Plan reduction (\$50,000).

The 2020 Approved Operating Budget with all changes is incorporated on the table below:

	2018	2019 BUDGET	2020	% FROM	\$ FROM

October 28, 2019

Newark City Council City of Newark, Delaware

2020 GENERAL OPERATING BUDGET MESSAGE

The Honorable Mayor and Members of City Council:

On behalf of the City Manager's office and Finance Departments of the City of Newark, with support from all departmental teams, I am pleased to submit our recommended 2020 General Operating Budget for your consideration and approval. This document represents the City's financial plan for the next fiscal year, considering experience, forecasting efforts, and Council direction. We aligned responsibilities with opportunities to better position our community for the future. As such, the budget ensures the continued provision of high levels of service and identifies the anticipated revenue sources to support our operations. The 2020 budget was developed based on a prioritization of needs for a well-rounded, full-service city, requiring consideration be given to competing infrastructure and community interests. As with recent years, time was devoted in 2019 towards evaluating options for increased operational efficiencies and cost savings.

In preparation of the 2020 budget, we face several structural cost drivers that are creating a particularly difficult budget situation. Some are familiar: rising healthcare costs, unfunded pension liabilities, and post-employment benefit liabilities, but one was new and significant: workers compensation insurance coverage associated with our transition from self-insured to third-party insurance coverage. These three items alone resulted in a year-over-year increase in costs of over \$2 million. Absorbing this increase without increasing revenues, raiding reserves, or eliminating services will not be possible. That said, as outlined herein, staff has taken many steps to keep costs low and focus spending in areas outlined as priorities by City Council.

Primary goals of the 2020 General Operating Budget and the associated Capital Improvement Program include continued provision of existing services, maintenance of our existing infrastructure, meeting the needs and expectations of our community, while taking advantage of innovative and/or progressive efforts to plan for the future and move our community forward. Developing meaningful partnerships, embracing efforts for economic development and improving our use of technology and communication with our citizens continue to be a high priority. To reach our goals, we remain committed to increase revenue diversification, look for ways to gradually reduce our reliance on enterprise fund transfers into the General Fund, and utilize the bond market and state revolving loan programs to create a foundation for a more sustainable financial future.

Finally, with significant consideration and effort on the part of all departments, we present the consolidated 2020 Operating Budget and 2020 thru 2024 Capital Improvement Program (CIP). The CIP relies heavily on funding sources outside of the City's reserves and current revenue streams. Seventy-six percent of the funding for the City's capital program is earmarked to be paid with external funding sources. Leveraging grant funds and contributions from state legislators where applicable, we have continued to incorporate borrowing from bank loans and the state revolving loan program into the budget, as approved during the 2018 Referendum. Capital projects have been prioritized with a "fix it first" approach, as keeping our current infrastructure maintained and up to current standards is the backbone of our capital budget. Extending assets' useful lives and the safety of our community are highly regarded in the prioritization process as well, followed by the projects that are an expansion of our existing services or assets and could be considered as nice to haves.

In summary, the core action items of this budget include:

- A 9.3% Tax increase (2.14% to cover Referendum-related projects)
 - Tax rate is based on 1983 taxable assessments provided by New Castle County.
 - Same service levels as provided in 2019.
 - o Increased transfer from the utilities to the governmental funds totaling \$0.4 million (\$16.5 million vs. \$16.1 million).
- A 5.8% Water rate increase (1.25% to cover Referendum-related projects).
 - City overall water consumption has remained flat due to conservation and technology advancements, as new buildings today are much more efficient than the structures they have replaced. Weather is also impacting water sales. Its unpredictability makes accurate revenue forecasting difficult, resulting in revenue not meeting its annual requirement to fund water initiatives. This impact is amplified due to Newark's water rate structure which is solely based on consumption. In 2019, staff and City Council began the review of incorporating fixed customer charges into the water bills and impact fees for new development projects. If City Council were to approve the recommended customer charges, water rates would be adjusted downward in order to keep the overall revenue impact zero.
 - The 2020 CIP provides for \$5,033,396 of Water Fund projects to be completed utilizing \$428,546 in reserves, \$75,000 in grants and \$4,382,695 in state revolving loan funding. The CIP funding is driven by the large maintenance project proposed at the South Well Field totaling \$2,582,695. This project will replace the air stripper used for VOC removal which is at its end of life with a more capable unit that will provide upgraded treatment capability and allow Well 14 to once again be utilized. Mostly all the CIP projects for the water fund are carried over from 2019.
- No utility rate adjustment is proposed for the Stormwater program.
 - o \$2.4 million annual program to cover the cost of the current stormwater program.

- Includes a monthly stormwater fee that will be between \$2.12 and \$6.37 per month for residential customers. Most residential customers will pay \$3.54 or less per month. Nonresidential customers will pay \$3.54 per month per ESU (Equivalent Stormwater Unit). This reflects no change from the 2019 rates.
- The 2019 CIP provides for \$6,543,406 of stormwater projects, including the Rodney project of \$5,977,353. The successful referendum in June 2018, allowed the project to move forward, and will be funded almost entirely via a state revolving loan.
- No Electric rate adjustment for 2020
 - The 2020 CIP provides for \$1,481,606 of electric projects to be completed utilizing 2020 current year revenue \$1,057,716, reserves of \$303,890 and other funding totaling \$120,000.
 - The City is currently undergoing a rate study, which will be wrapped up in early 2020.
- A Sewer rate increase of 4.7% (0.5% to cover Referendum-related projects)
 - The 2020 CIP provides for \$1,000,000 of sewer projects to be completed utilizing \$1,000,000 in state revolving loan funding to pay for ongoing sanitary sewer repairs.
 - In 2019, staff and City Council began the review of incorporating fixed customer charges into the sewer bills and impact fees for new development projects. If City Council were to approve the recommended customer charges, sewer rates would be adjusted downward in order to keep the overall revenue impact zero.

In lieu of the proposed tax, sewer and water rate increases, City Council is considering the inception of a refuse fee beginning in 2020.

2020 Budget Process - Discussion of Challenges and Initiatives

The 2020 budget process began late spring, with staff discussing our organizational challenges and initiatives, and the Finance Department updating the presentation templates that were created as part of the 2019 budget process. We have incorporated more data than ever into our Capital Improvement Plan and added a budget meeting with Council in August to reflect the starting point of the 2020 budget, highlighting our revenue shortfalls. Efforts to compile our annual budget has not become easier, however, the earlier start to the budget process and the involvement of City Council earlier in the process, has provided more transparency as to what is included in the budget program. We are confident that the changes made to the budget process, have benefitted all who are involved in the process. Staff is challenged annually with aligning funding for initiatives and services across departments where it provides the most benefit, reducing costs where possible, and continuing to positively impact the character and economic vitality of our community.

Our organization's most valuable resource, our personnel, currently makes up 35.8% of our overall budget costs. Increased personnel costs, including salary and benefit provision adjustments, the recruitment of suitably skilled staff, and the retention of our workforce impacts the budget's bottom line. As a result, the general fund will require regular non-utility revenue enhancements or else we will increase our reliance on utility revenue to cover general fund operations. Currently, the City is in active negotiations with three of our four labor unions; CWA, AFSCME Local 1670, and AFSCME Local 3919 whose contracts expire at the end of this year. All personnel costs (including benefits) are up \$1.9

million compared to 2019. This figure further amplifies the importance of pension, healthcare and operational reforms, both those already in place and anticipated in the future. Additionally, our revenues have remained relatively flat outside of the recently approved lodging tax in 2018, while the cost of providing services and meeting the expectations of our community continue to increase.

Many of our growing personnel costs are legacy obligations, like pensions and post-employment benefits, that we have been able to negotiate out of labor contracts. Unfortunately, the funds created to pay these liabilities are not adequately funded to ensure we will be able to meet our existing obligations. Figure 1 below provides the actuarially determined contribution forecast for our pension and other post-employment benefits (OPEB, aka retirement healthcare coverage) expenses. Pension and OPEB costs have been consistently increasing each year as we have reduced our rate of return assumptions and amortization periods down to more realistic and conservative values. For example, our assumed rate of return in both funds is now 6.5%, down from the 7.5% that was assumed earlier this decade. Assuming a lower rate of return results in higher necessary payments but is a more realistic representation of what we are likely to achieve from our investments in the short term. Fortunately, our pension and OPEB costs peak in 2021. This is largely due to the closure of our non-police pension to new hires between 2012 and 2014, depending on labor group. Annual pension and OPEB costs have increased by \$1,790,000 (45%) since 2012, so their stabilization will be a welcome relief and a validation of the work of prior administrations to limit the growth of future liabilities.

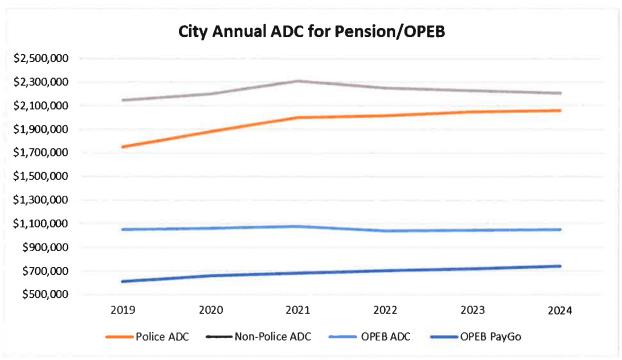

Figure 1: 5 Year Pension Cost Forecast

Budget discussions of recent years have highlighted Newark's admirable utilization of the "pay-as-you-go" method of financing its capital projects. While paying cash for our projects has kept our debt service low, in turn, it has prevented us from adequately funding reserves and tackling larger capital projects to address our aging infrastructure. The positive result from the 2018 referendum provided borrowing authorization for up to \$27.6 million in a combination of state revolving loans and bond/loan financing

2020 General Operating Budget Message October 28, 2019

that will allow us to incrementally build our cash reserves back to a level in line with our financial policies. Continuing to strike a balance between "pay-as-you go" and smart borrowing for projects with adequate lifecycle moving forward will allow us to preserve our highly respected AA+ bond rating while adequately meeting the growing capital needs associated with aging infrastructure.

Our tax base and utility revenue will not increase over the short-term at a rate sufficient to fund our community's growing infrastructure maintenance demands. However, proper financing of our debt, accompanied with prudent planning, and sustainable development growth can ensure that both our current and future residents and business owners are paying for services at a rate that is comparable to our surrounding municipalities. The good news is Newark remains a great value!

Smart City initiatives of the past are generating long-term avoided cost savings to the City. During 2015 and 2016, the City replaced nearly 2,000 streetlight fixtures with LED replacements. In September of 2017, Vermont Energy Investment Corporation (VEIC) performed an analysis to determine the project's overall impact and cost-effectiveness (M&V Report). This report confirmed that the City's LED project will produce an annual cost avoidance of \$135,000 each year and create an annual savings of 829,000 kwh. The total cost of the project was \$575,000, creating a return on investment payback period on the City's outlay of just over four years. For every \$1 spent on this project, the City will save \$4.20 in avoided costs. The City is currently in the middle of a similar efficiency review of the City Hall and Police Station HVAC systems with our energy service contractor to develop a performance contract that will replace our aging systems. If the savings work out, the performance contract will allow us to pay for the project with savings generated from the lower utility bills associated with the more efficient systems.

Controlling health care expenses is one of the biggest challenges facing both the public and private sector today. The City of Newark, in working in conjunction with its workforce, joined the Delaware Valley Health Trust in 2015. This monumental change allowed the City to continue to provide quality healthcare to its employees, while avoiding annual double-digit premium increases that other government agencies have experienced, through pooling its risk with other municipalities. During this time our annual healthcare costs have increased at a rate approximately half of what we would have experienced otherwise.

Managing our challenges, embracing opportunities, and implementing our visions as those noted above, will continue to require thoughtful preparation regarding what actions are in the best interest of the overall community, both next year and the years ahead.

The 2020 Budget in Summary

The proposed budget for 2020, including the five-year Capital Improvements Program, currently results in a surplus of \$381,767. This estimated surplus is divided amongst all funds, with the Stormwater Fund accounting for 92% of the balance (\$349,842). If the expenditure budget equals the revenue estimates in 2020 at year-end, these funds would revert to their respective reserve accounts to help grow the City's cash balances. Stormwater surplus can also be used to help pay down principal on the Rodney project loan, which would decrease interest expense over the life of the loan.

Expenditure/Surplus	2019 BUDGET	2020	\$ FROM	% FROM
Expenditure/Surplus	AS AMENDED	BUDGET	2019 BUDGET	2019 BUDGET
Operating Budget	\$87,934,028	\$90,871,879	\$2,937,851	3.3%
Capital Budget	\$4,026,560	\$3,389,560	-\$637,000	-15.8%
Debt Service	\$2,677,416	\$3,000,282	\$322,866	12.1%
Net Current Surplus	-\$12,103	\$381,767	\$393,870	-3254.3%
Total	\$94,625,901	\$97,643,488	\$3,017,587	3.2%

Major components of the consolidated budget are reflected as follows:

Operating expenditures are expected to increase by 3.2%, while net capital expenditures (capital budget) and debt service combine for a decrease of \$0.3M or 4.7%. Newark's core Operating, Capital and Debt Service spending (excluding the unappropriated surplus) is \$2.6 million, or 2.8% higher in 2020 versus the 2019 budget, due primarily to the cost of personnel expenses and electric purchases.

The net Capital Budget of \$3.4 million consists primarily of:

- Electric: \$1,057,716 new lines and services (E1901), new substation (E2002), line extension at the UD Farm (E1805), relay replacements at the Kershaw substation (E1807), voltage upgrade for North College Avenue (E1808), circuit breaker replacements (E1602), SCADA projects (E0503) to improve reliability, and vehicle replacements (including one electric vehicle).
- Stormwater: \$516,053 storm drainage improvements, stormwater quality improvements, and the purchase of one electric vehicle.
- Streets: \$494,903 to be utilized to maintain the City's roadways and for the Newark Transportation Plan implementation (H1503). Total funding for the Street program is \$1.3 million for 2019.
- Parks and Recreation: \$513,000 reflects \$387,000 in match funding for the Charles Emerson Bicycle/Pedestrian Bridge (K1601), funding for the Lumbrook Park Pavilion (K1704), trackloader/mini-skid steerer (K2005), and funding for facilities accessibility (K2004). As of this writing, an additional grant has been secured for K1601, which will lowered the current resources needed to fund the bridge project by \$200,000.
- Police: \$400,232 police firearms range (C2001), body worn cameras (C1904), mobile video recording (C1902), and vehicle replacements.

2020 Budgeted Operating Expenses by Function

Total operating expenses are recommended to be \$90.9 million for 2020, or a \$2.9 million increase over 2019. The table below highlights the City's 2020 budgeted operating expenses:

	2019 BUDGET	2020	\$ FROM	% FROM
	AS AMENDED	BUDGET	2019 BUDGET	2019 BUDGET
Personnel Services	\$33,291,716	\$35,185,316	\$1,893,600	5.7%
Utility Purchases	\$38,856,932	\$39,791,833	\$934,901	2.4%
Materials and Supplies	\$2,512,559	\$2,478,823	-\$33,736	-1.3%
Contractual Services	\$10,088,111	\$10,664,150	\$576,039	5.7%
Equipment Depreciation	\$1,665,978	\$1,524,265	-\$141,713	-8.5%
Other Expenses	\$1,518,732	\$1,227,492	-\$291,240	-19.2%
Total	\$87,934,028	\$90,871,879	\$2,937,851	3.3%

Personnel Services - Personnel expenses are increasing by \$1.9 million, or 5.7% in 2020. This growth reflects our increased obligation to fund our OPEB liability (\$280,000), covers the estimated increased cost to fund our annual pension contribution (\$600,000), and reflects increased health care expenses (\$393,000). The City is also negotiating with three unions that have contracts expiring the end of 2019.

Included in the \$35.2 million in personnel services are funding for the City's pension plan (\$4.1 million). The Pension plan has been closed since 2014 to new hires, except for the City's police officers. In addition, the City will be contributing nearly \$1.7 million towards its OPEB obligations in 2020.

Utility Purchases - Utility purchases, which include the cost of electric purchases from DEMEC (\$34.2 million) and sewer purchases from New Castle County (\$5.6 million), are anticipated to be \$39.8 million. This figure includes the assumption of the City purchasing renewable energy credits in order to increase our green energy portfolio from 17% to 50%, based on previous Council direction. Utility purchases also includes sewer treatment expenses from New Castle County. Should New Castle County choose to raise rates, we would need to perform a mid-year rate adjustment to pass these costs along to our sewer customers or else we will run a deficit for the year.

Materials & Supplies - The materials and supplies lines have decreased by 1.3% due primarily to reductions made in the Information Technology budget.

Contractual Services - Contractual Services increased by \$576K, or 5.7%. Increase is due primarily to the City's enrollment in the worker's compensation program. Insurance premiums for this program are \$850,000 as the City was previously self-insured for workers compensation.

Equipment Depreciation - Equipment depreciation (a non-cash, formula driven expense) decreased by 8.5% versus 2019. This expense continues to supplement the funding our future large equipment purchases.

Other Expenses - Other Expenses decreased \$291K. This is due to the removal of the parking voucher program (\$245,000).

Budget by Department/Division - The budget changes by department/division are reflected on the table below. Rising police costs, utility purchases and electric and water department operations are contributing towards 85% of our annual budget increase from 2019.

	2019 BUDGET	2020	\$ FROM	% FROM
DEPARTMENT/DIVISION	AS AMENDED	BUDGET	2019 BUDGET	2019 BUDGET
Electric Department	\$7,207,954	\$7,398,640	\$190,686	2.6%
Water Department	\$4,574,349	\$4,773,248	\$198,899	4.3%
Sewer Department	\$1,104,702	\$1,093,212	-\$11,490	-1.0%
Stormwater Utility	\$1,354,400	\$1,455,790	\$101,390	7.5%
Utility Purchases	\$38,856,932	\$39,791,833	\$934,901	2.4%
Refuse Division	\$2,218,718	\$2,271,557	\$52,839	2.4%
Street Division	\$1,642,706	\$1,680,496	\$37,790	2.3%
Fleet Maintenance Division	\$1,456,501	\$1,471,119	\$14,618	1.0%

Self-Insurance Fund	\$230,000	\$230,000	\$0	0.0%
OPEB Fund Expenses	\$625,000	\$662,300	\$37,300	6.0%
Less: Inter-Dept. Electric Sales	-\$506,900	-\$413,100	\$93,800	-18.5%
TOTAL OPERATING EXPENDITURES	\$87,934,028	\$90,871,877	\$2,937,849	3.3%

Revenue Highlights

City wide operating revenues of \$97.3 million in 2020 are expected to be above 2019 budgeted revenue by 3.2%. Utility sales, which consists of electric, water, sewer and stormwater fees are responsible for half of the net increase, with that increase being dependent on approval of rates as proposed. Declining consumption, along with unpredictable weather, has resulted in a continuation of the lower revenue forecasts included in the 2019 budget again this year for 2020. Taxable assessments grew in 2019 primarily due to commercial growth, but also countered somewhat with UD's takeover of the University Courtyard Apartments. While 2018 and 2019 were banner years for real estate transfer tax, we do not have reason to believe 2020 will perform similarly so we modestly increased the anticipated RTT revenue by \$50,000 to \$1,600,000. Most growth in electric sales is derived from the STAR Campus, with 8 of 10 floors currently occupied in the STAR Tower, Chemours beginning to occupy as of October 2019, an BPI planned for increasing occupancy throughout 2020. Most growth elsewhere in the City only provides minor revenue increases as redevelopment results in more efficient buildings.

2020 General Operating Budget Message October 28, 2019

Advancements in technology and the City's commitment to preserving our natural resources for our current and future residents have presented challenges in the stability of the revenue needed to operate our utilities. To properly charge for electric, sewer and water services, we must begin to shift our fee structure from the antiquated consumption model to a fee structure that considers the fixed costs of each utility through the utilization of a customer charge. The City, like other utilities, must cover expenses for its infrastructure, but cannot consistently count on customer demand to cover its annual revenue requirements because much of our costs are fixed and occur whether or not customers utilize our services. Best practices in utility management suggest frequent reviews of our billing structure with adjustments as necessary to keep each utility financially stable while avoiding cross-subsidization of customer classes. The 2020 budget does include customer service charges for water and sewer, but does not include an adjustment to electric. An electric cost of service rate study is currently underway and will include a rate design phase once the cost of service analysis is complete. The City must remain proactive to ensure that the City's fees for service are covering the costs to provide them equitably to all our customers.

The 2020 through 2024 Capital Improvements Program

The 2020 portion of the proposed five-year Capital Improvement Program exhibits gross expenditures of \$20.8 million. Reserve funding, grant funding, vehicle equipment replacement funds, a bond issue, state revolving loan, and other sources are proposed for the program. The use of capital reserves and equipment replacement reserves is a routine practice for projects that were authorized and encumbered in previous periods. Grant funding is likewise a fundamental goal and remains a recurring and successful funding mechanism for Newark.

Funding for the 2020 CIP is proposed on the table labeled "2020 CIP Funding Sources." The Net Capital Improvement total of \$3,389,560 will be funded in 2020 through current year revenue, which includes property taxes, utility rates, stormwater fees and other current sources of revenues.

Similar to 2018 and 2019, borrowing is included in the 2020 Capital Plan. It should be noted that any type of borrowing or funding partnership planned in future years will result in ongoing debt service expenditures and/or other operating costs which, when layered into future operating budgets, will result in reduced levels of then-current resources available for

2020 CIP Funding Sources											
Capital Improvements		\$20,813,665									
Funding Sources:	%	\$									
Use of Reserves	3.1%	-\$654,726									
Equipment Funding	3.5%	-\$730,778									
Grants	10.7%	-\$2,221,076									
Bond Issues	3.7%	-\$767,947									
State Revolving Loan	54.6%	-\$11,360,048									
Other Sources	8.1%	-\$1,689,530									
CIP Funded Through	16 20/	¢2 200 E60									
Current Resources:	16.3%	-\$3,389,560									

"pay-as-you-go" financing of capital projects. There is a need to address the greater level of critical infrastructure projects than current resources and reserves in 2020 will permit.

Expenditure	S	
Electric Fund	7.1%	1,481,606
Water Fund	24.2%	5,033,396
Sewer Fund	4.8%	1,000,000
Stormwater Fund	31.4%	6,543,406
Public Works - General Fund	8.6%	1,797,448
Public Works - Maintenance Fund	5.9%	1,228,000
Police Department	2.9%	605,964
Parks & Recreation Department	12.1%	2,512,954
	0.0%	
Parking Fund	1.6%	343,391
Information Technology Division	1.2%	247,500
Other Departments	0.1%	20,000
Gross Capital Expenditures	100.0%	20,813,665

This need can be met through the responsible, systematic utilization of funding in a way that strikes a balance between accomplishing immediate needs and encumbering future operating costs. Capital projects earmarked to be funded via the state revolving loan program or a bond issue, will move forward due to the referendum passing in 2018 to secure funding for these projects.

The table "Expenditures" exhibits planned capital spending by department in 2020. The majority of our gross capital expenditures consist of infrastructure; which are electric, water, sewer, stormwater and street projects.

Fund by Fund Commentary

General Fund

The General Fund is used to provide typical municipal services such as public safety, planning, administration, parks and recreation, streets and public works functions. Newark's General Fund remains highly dependent on transfers from the Enterprise/Utility Funds to maintain a positive fund balance and maintain the level of services offered in our community. This is further highlighted by the fact that property tax revenues (including tax penalties and franchise fees) make up only 7.8% of our operating revenues in 2020. While in recent years we have limited the level of our transfers in association with our Financial Policies and more pointedly by our acceptance of a Memorandum of Understanding (MOU) with then-Governor Markell's administration, efforts to self-motivate and monitor a sustainable level of transfers in the future along with additional revenue diversifications are challenges and must remain a priority. It is important to recognize that absent these transfers, the Governmental Funds (including the Street Division), would experience operating deficits over \$16.5 million in 2020, or require a tax increase of 238% to account for the total loss of margin transfers and maintain current service levels. For comparison purposes, the City would need to add 30,856 new additional residences just to collect \$16.5 million in new tax revenue based on the City's median assessed value of a residential property. This is merely an academic comparison, however, as new residential properties would also result in increased demand for services and, accordingly, increased costs that would likely more than negate the increased tax revenue. Development in a form that uses less in services and infrastructure than the tax generated is key to making a dent in our general fund deficit. This is generally achieved via dense, mixed-use development located proximate to jobs and the downtown, although there is no magic formula.

An additional reason to continue to focus on decreasing our reliance on utility transfers is the risk to revenues is associated to the increased penetration of privately-owned distributed energy resources, like rooftop solar, in our utility system, as well as the impact of conservation. Both items have positive environmental and social impacts, but Newark is already feeling the impact of both on its utility sales and margins. Transfers from the water fund have been increasing in recent years, absorbing the majority of the additional revenue raised by significant rate increases dating back to 2011. Dialing back on our dependency would provide future benefits by leaving more revenue in our utility funds that are facing an infrastructure replacement tsunami as the majority of our distribution infrastructure like pipes and wires installed mid-century reach the end of their useful life over the next 15 or so years.

Other Governmental Funds

Other governmental funds include the Capital Projects Fund, Debt Service Fund and the Special Revenue Funds. All capital projects associated with the General Fund are budgeted and accounted for in the Capital Projects Fund. The Debt Service Fund is used to account for debt associated with the General Fund. The Special Revenue Funds are supported mainly by grant funds.

Enterprise Funds

The Enterprise Funds are comprised of the Electric, Water, Sewer, Stormwater and Parking Funds. These funds are intended to be self-supporting and contribute to the Governmental Funds via operating margin transfers (except for Stormwater). City Council's passing of the Stormwater Utility mandates that no funds are to be transferred from it to support general fund operations. (Bill 17-43)

The Electric Fund is projected to generate a \$11.7 million surplus before transfers and capital expenditures in 2020. The 2020 projected transfer of \$11.7 million is \$471K more than the 2019 transfer, and \$1.7 million more than the 2012 transfer pursuant to the MOU executed with the Governor's office in 2012. In 2012 through 2017, electric rates were adjusted downward and managed through the Revenue Stabilization Adjustment (RSA) in association with falling wholesale power supply costs. Wholesale power supply costs are expected to remain unchanged from 2019, as the price of natural gas is continuing to favorably impact what we pay for electric. However, some of these savings are being absorbed by rising transmission costs. The RSA adjustment in 2020 is expected to continue to provide the opportunity to rebate customer accounts as a result of the overall projected over-collection in 2019. There is no electric rate increase proposed for 2020.

The Water Fund is projected to achieve a margin of \$3.2 million in 2020, which will be sufficient to provide \$3.2 million to be transferred to the governmental funds. The majority of capital spending in 2020 is anticipated to be paid via a state revolving loan (\$4.4M), as approved in the June 2018 referendum. A water fee increase of 5.8% is proposed for 2020.

The Sewer Fund operating margin is expected to reach \$1.1 million in 2020. New Castle County has advised that treatment rates will remain unchanged though June of 2020. The 2019 projected transfer of \$1.1 million to the General Fund is \$100K less than 2019. A sewer fee of increase of 4.7% is proposed for 2020.

<u>The Parking Fund</u> revenue is expected to generate \$2.8 million in 2020, which a decline of \$200K when compared to 2019, of which \$495,000 is available to be transferred to the General Fund to support municipal services.

<u>The Stormwater Fund</u> is anticipated to generate \$2.4 million from stormwater fees. All revenue from the utility stays within the fund and is utilized to cover the costs to maintain the current stormwater program. The continuation of the Rodney stormwater is the primary capital project, and is estimated to be completed by the end of 2020.

Moving Forward

Efforts to improve the opportunity for citizens to manage utility consumption and associated costs with smart technology, and to equitably align utility costs across users will be of great importance as we compete for new residents and businesses. Furthermore, it would be prudent whenever feasible, for future budget cycles to feature inflation-indexed tax increases, and fixed or reduced utility revenue transfers. However, as demonstrated by next year's revenue and expense budget projections, even with our continued efforts to embrace efficiencies and work smarter, costs continue to outpace our revenues. It remains clear that our organization and community will continue to be challenged to balance our commitment to our existing service levels without the need for higher, more diversified revenues. The addition of the Hotel Lodging Tax, effective as of December 2018, was a positive step for Newark to diversify revenue that supports our general fund, and the City strives to find new sources of revenue to ensure all are paying their fair share of City services.

Budget Presentation

The 2020 Budget document is arranged to comply with generally accepted accounting principles. Each operating budget is assigned to a fund group. The order in which they appear is Consolidated, General Fund, Other Governmental Funds, Enterprise Funds, and other miscellaneous funds. As in the past, consolidated revenue and expenditure summaries are presented in the front of the document, and each operating budget includes tables, statistics and annual reports for its individual department or division. The following schedule for processing the 2020 Budget is proposed to meet the requirements of the City Charter:

Presentation to Council:

- Budget Document and Budget Message October 30, 2019
- Public Hearing/Possible Budget Adoption November 4, 2019
- Contingency Date Public Hearing/Budget Adoption November 18, 2019 (if needed)
- Revenue Ordinances December 9th, 2019

The preparation and compilation of the 2020 General Operating Budget and its accompanying Capital Program was the result of much hard work, research, and prioritization of all our departments. The Finance Department under the leadership of Finance Director David Del Grande, Deputy Finance Director Jill Hollander, Accountants Jim Smith and Debi Keeley, and Trevor Miller worked diligently in coordinating all stages of this document's development. Likewise, our Department Directors should be commended for thoroughly evaluating their needs, considering opportunities and responding to timelines and funding limitations.

I look forward to continuing the many efforts already underway, and yet to be proposed, along with our staff to move our organization forward and take advantage of opportunities for improvement. Lastly, I thank you for your dedication to Newark and ask that you continue to show your support of the hard work of our many employees on behalf of our community. Your commitment of time, skills, and interest in doing the right thing on behalf of our citizens, businesses and visitors will be greatly appreciated as we move into the New Year.

Respectfully submitted,

Thomas Coleman City Manager

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

The City of Newark operates its own electric utility to provide electric services to 13,000 meters, supporting commercial and residential customers within city limits. Power is purchased on the wholesale power market and delivered by the City. The electric department is responsible for maintaining 175 miles of electric lines and coordinates is services through several programs. They include:

Meter Relay and Electrical Maintenance Program:

Responsible for installing and maintaining electrical systems in city buildings, water wells, water and wastewater pumping stations, traffic lights and control systems, meters, and other facilities.

Electrical Line Construction and Maintenance Program:

Responsible for maintaining the City's electric lines, substation sites, substation units, circuit breakers, and transformers.

In addition to maintaining the City's electrical distribution system, new power lines, substations and underground electric utilities are constructed and installed to expand services to new customers. Additional departmental responsibilities include maintaining and installing street lights and traffic signals, trimming trees along the electric right-of-way, and providing distribution and sub-transmission switching and sectionalizing. The electric department's staff is also responsible for plans review, drawings, and engineering analysis for construction work.

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include:

- The extension of 12kV distribution line along Christina Parkway. This line extension will provide
 increased capacity and back-up capacity for the Star Campus. This extension will also tie Sandy
 Brae substation transformer 64 to Chestnut Hill road transformers 74 and 94 to provide back-up
 capacity. The project is in progress, and we are on track to complete this project by the end of
 this year.
- The installation of 12kV distribution automation system. This 12kV distribution automation system will increase reliability to the UD Center Campus and North Campus as well as minimize our substation outages. The project is in progress, and we are on track to complete this project by the first quarter of 2020.
- Joined the APPA's Reliable Public Power Provider (RP3) Program. The Association's RP3 program is based on industry-recognized leading practices in for important disciplines:
 - Reliability
 - Safety
 - Workforce Development
 - System Improvement
- Being recognized by the PR3 program demonstrates to the community leaders, governing board members, suppliers, and service providers a utility's commitment to its employees, customers, and community. Additionally, an RP3 designation is a sign of a utility's dedication to operating an efficient, safe, and reliable distribution system.
- Electric cost of service and rate study.

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2020 DEPARTMENTAL GOALS

Goals for 2020 include:

- In 2019, more 12kV reclosers will be installed to improve reliability.
- A 12kV distribution line will be extended at UD Farm to ensure capacity and reliable back-up capacity to the Star Campus, The University of Delaware South Campus and City customers on South College Avenue.
- The old 35kV oil circuit breaker will be replaced at Fremont Road substation.
- Old electromechanical relays at Kershaw substation will be replaced with microprocessor-based replays.

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

The Public Works and Water Resources Department is responsible for potable water treatment and delivery, sanitary sewage collection and transmission services, refuse collection, City fleet maintenance, engineering, surveying, street maintenance, and stormwater management through its program divisions described below:

Engineering Division:

Responsible for the engineering review of new subdivisions and construction improvement
plans, sediment and stormwater program implementation, construction inspection, public
works capital project development and administration, survey support, GIS database
management, and administration of our annual Street and Sidewalk Programs. Staff also
responds to resident complaints regarding drainage, erosion, and other related issues.
Engineering staff prepare reports and recommendations to the City Manager and City Council on
various improvements throughout the City and maintain an active liaison with engineering
consultants.

Refuse Division:

 Performs numerous services including regular trash collection, curbside recycling collection, bulk or special pick-up service, yard waste collection, and Main Street Big Belly Compactor collection.
 The Refuse Division also assists various operating departments for trash collection at special events throughout the year.

Street Division:

Responsible for minor repairs of streets and curbs, repair of city owned sidewalks, maintenance
of the City's yard waste processing areas, the application of traffic control signage and striping,
leaf collection, and snow plowing. In addition, this division routinely assists other departments
and PWWR divisions as required.

Fleet Maintenance Division:

 Responsible for maintaining the City's 225 vehicles and pieces of motorized equipment and focused on improving fleet standardization and minimizing life cycle costs, while reducing parts inventory requirements, maintenance burden, and vehicle down time. The Fleet Maintenance Division also assists with vehicle specifications for new purchases.

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

Water Division:

Responsible for maintaining regulatory compliance, GIS database management, oversight of day
to day water system operations, engineering and design of facilities, supervision and inspection
of construction projects, and capital project development and administration. Water
construction plans and specifications are prepared for bidding under this program. Water
Division engineering staff prepare reports and recommendations to the City Manager and City
Council on facility improvements along with plan and specification development. The Division
also maintains an active liaison with engineering consultants.

Sewer Division:

 The sewer division is responsible for maintaining regulatory compliance, oversight of day to day sanitary sewer system operations, engineering and design of facilities, supervision and inspection of construction projects, and capital project development and administration. Staff prepares reports and recommendations to the City Manager and City Council on asset, equipment and facility improvements and maintains an active liaison with engineering consultants as well as the general public.

Stormwater Division:

 Responsible for maintaining NPDES Phase II Permit compliance, GIS database management, oversight of day to day system operations, engineering and design of facilities, supervision and inspection of construction projects, and capital project development and administration.
 Stormwater staff prepare reports and recommendations to the City Manager and City Council on facility improvements. Responsible for the programming and administration of the Stormwater Utility.

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include:

- Completed a major upgrade to the Curtis Water Treatment Plant, including the conversion from Gaseous Chlorine to Bulk Sodium Hypochlorite for disinfection.
- Prepared Plans and Specifications for bidding on the South Well Field Water Treatment Plant upgrade including a new finished water tank and air stripper building required to treat the contamination in the groundwater feeding the treatment plant.
- Prepared plans and specifications for the upgrade of 2,600 linear feet of water main.
- Lined or replaced 1,100 linear feet of degraded corrugated metal pipe (CMP) as part of the stormwater utility.
- Reviewed and approved 42 plan submissions for new development or new construction.
- Lined 5,100 linear feet of sanitary sewer pipe.
- Replaced 15 fire hydrants and tees and added 14 new gate valves to assist in future maintenance of the busy downtown area.
- Completed the Environmental Remediation and started the demolition at the Rodney Dorm site.
- Utilized our in-house staff in order to complete update to the City's Water and Wastewater Standards and Specifications including generation of new construction details.

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2020 DEPARTMENTAL GOALS

Goals for 2020 include:

- We expect to have the final version of our NPDES MS4 stormwater permit in late 2019. This permit will require staff and our consultant to draft and implement a new stormwater pollution prevention plan, while continuing the requirements of previous plans, including the annual reporting of stormwater quality initiatives.
- Perform an audit of our water meter systems and reporting.
- Utilize our in-house staff in order to complete the update the City's Road Construction and Utility Standards and Specifications for Construction, last updated in 2001.
- Create Standard Operating Procedures for each Division within the Department.
- Complete the rehabilitation at the South Well Field Water Treatment Plant.
- Complete the construction of the park and stormwater pond at the Rodney Dormitory site.
- Design and install up to one mile of water main as part of our rehabilitation program.
- Continue to assess and repair our sanitary sewer mains.
- Continue to assess environmental compliance at all City Owned facilities.
- Utilize grant funding to provide backup generation at a remote well site in Delmarva territory.
- Complete the initial SCADA programming on all water and sewer facilities in our system.
- Work with DelDOT to implement pedestrian and bicycle improvements to Casho Mill Road as part of the Safe Routes to School Program.
- Work with DelDOT on the completion of the Main Street Improvements
- Partner with DelDOT and New Castle County to restore floodplain storage and water quality in a shared drainage area near Robscott Manor.
- Engage in sewer agreement discussions with New Castle County.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

The Planning and Development Department regulates all land use and development in the City and provides related ancillary services through its program divisions including Land Use and Planning, Code Enforcement, Parking, and Facilities Management described below:

Land Use and Planning Division:

• This division advises and makes recommendations to the City Manager, Planning Commission and City Council regarding physical development and the implementation of the City's Comprehensive Development Plan. This division is responsible for updating long-range planning documents; administering and reviewing plans and procedures for annexations, rezonings, subdivisions, parking waivers, the preservation of historic buildings, and special use permits; recommending zoning and subdivision regulation revisions; reviewing building permit and certificates of occupancy and economic hardship applications for zoning compliance; and administering the Federal Flood Insurance Program. The division also serves as staff to the Planning Commission and the Board of Adjustment. In addition, the Land Use and Planning Division also includes Economic Development, Transportation and Technical Services, and the Community Development which are further described below.

Staff

The Land Use and Planning Division is comprised of four (4) staff. One (1) Director, two (2) Planner II, and one (1) Administrative Assistant.

Transportation and Technical Services:

The Land Use and Planning section also serves as a liaison between the City and federal, state, regional and local agencies to facilitate inter-jurisdictional cooperation and planning on issues of mutual concern. The division develops short and long-term transportation plans in conjunction with other City departments, the City's Traffic Committee and outside agencies such as WILMAPCO and the Delaware Department of Transportation. The Department also administers the UNICITY Bus service.

Economic Development:

The Land Use and Planning Division also includes economic development. Economic
development activities supplement private sector initiatives to strengthen Newark's commercial
and industrial well-being. It is responsible for developing and modifying long range economic
development plans, monitoring the impact of City regulations on businesses, developing
business incentives and recruitment programs, and producing public information materials.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

Code Enforcement Division:

• This division is responsible for the administration and enforcement of the International Building Codes (ICC), related State Codes, and applicable portions of the Newark Municipal Code. The division issues permits for rental units, signs, elevators, and construction, and coordinates building permit review with other City departments. A good portion of this division's time is spent out in the field conducting building and property management inspections as well as responding and investigating building and property management complaints. In addition, the division is responsible for State and City Fire Code compliance for new and existing construction.

Staff

The Code Enforcement staff includes: The Code Enforcement Manager, three (3) Property Maintenance Inspectors, four (4) Code Enforcement Officers, One (1) Fire Protection Specialist and two (2) Administrative Assistants.

Parking Division:

- This division is responsible for the oversight, management, and supervision of the downtown off-street parking facilities, the maintenance and operation of all on-street parking meters, and residential parking, permitting, and enforcement throughout Newark. In 2017, the Division became responsible for Newark's 18 residential parking permit zones. Inter-department cooperation occurs on a daily/weekly basis, which includes the Public Works and Water Resources Department regarding maintenance and repairs; Electric for the construction and maintenance of lighting, Finance for accounting and bookkeeping of parking services; Police Department for crime prevention and community policing; and Parks and Recreation Department for landscape maintenance and snow removal.
- The division also handles quarterly financial reporting, with assistance from the Finance Department, so that the division can provide a better understanding of incoming parking revenue and how changes to the municipal Code could affect parking revenue streams coming into the City. The division also handles quarterly occupancy reports for on-street meters in the central business district of Newark, reporting open spaces and percentage of spaces occupied by vehicles. The reports are posted on the City's website and assist with greater transparency of the Division's fiscal impact and operations.

<u>Staff</u>

The two Parking Division management employees oversee and lead a team of 40 individuals, ensure proper facility maintenance and construction for six parking lots and on-street meters, and other facets of managing a 24/7 parking operation.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

UNICITY Bus:

- The UNICITY Bus service is administered by the Planning Department. The UNICITY program provides free bus transportation to Newark residents via agreements with the Delaware Transit Corporation and the University of Delaware.
- Three buses are utilized to provide these free services. The City is responsible for the maintenance of the buses and the reporting requirements to the Delaware Transit Corporation. The University of Delaware is responsible for the operation of the buses.

Community Development Block Grant (CDBG):

The City has received funds under the Federal Housing and Urban Development's Community
Development Block Grant Program (CDBG) since 1974 to benefit low to moderate income
residents in Newark. The Planning Department administers the CDBG program according to
Federal guidelines, reviews project funding requests and develops the operating budget in
conjunction with the City Community Development/Revenue Sharing Advisory Committee;
monitors programs for contract compliance; and directly manages the Home Improvement.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include:

Land Use and Planning Division:

As indicated in the Planning Commission Activities below, there has been a significant increase in land use applications which has taken a significant amount of staff time. Other activities and accomplishments beyond the land use development and related activity as described below includes:

- In September 2017, the City of Newark received \$80,000 from DNREC's Division of Energy and Climate to develop, through a collaborative process, a broad, long-term, and integrated community sustainability plan Sustainable Newark to implement the City's vision, goals, and action items contained in its Comprehensive Development Plan V. A steering committee was established to bring together a diverse range of government agencies, City departments, community groups, and residents to coordinate a comprehensive and integrated sustainability plan. A consultant, AECOM was selected by the Steering Committee in June, 2018 through a competitive process. AECOM is working collaboratively with Planning Staff and the Steering Committee on moving this project forward. A website was created for this project for the public to access up-to-date information https://newarkde.gov/1067/Newark-Community-Sustainability-Plan. A draft plan has been crafted and will soon be presented to Council.
- The Planning Commission established a Parking Subcommittee in May 2018 to review the Parking Code requirements. The Parking Subcommittee was represented by members from the Planning Commission, development community, non-profit community, the University of Delaware, a University of Delaware student, and the downtown merchants. They met for seven (7) months and put together a downtown Parking Strategy that was presented to City Council on June, 25, 2018 where Council approved the recommendations in the Parking Strategy and directed Planning Staff to put together a work plan to bring back to City Council for their review and approval. Planning staff conducted a technical analysis of the Parking Subcommittee findings and compiled a workplan that included a prioritized implementation plan, cost-analysis and timeline. This report, titled A Bold New Future for Newark: A Comprehensive Parking Solution and workplan Parking Policy Matrix: Timeline and Costs, was presented to the Planning Commission on December 5, 2018 and City Council on March 26, 2019 for their review and comment, where it was approved by Council. The approved workplan included the City hiring a consultant to do take on tasks described in Phase I and II of the workplan. An RFP was advertised, and bids were received on Tuesday June 17, 2019. A review team scored the responses and made a recommendation to Council on September 9, 2019 where Council approved the award to Kimley-Horn and Associates. Staff is processing the contract and looks forward to getting started on this project. A website was created for this effort https://newarkde.gov/1022/Parking-Requirements-Subcommittee

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include (continued):

- Planning Staff is working with WILMAPCO on the Newark Area Transit Study Project Management Committee. This study was the next step in the process in trying to better coordinate the four agencies that provide public transportation in Newark. These agencies include: The University of Delaware, Cecil Transit, Unicity, and DART.
- Planning Staff worked with DelDOT to start the process of developing a Transportation Improvement District (TID) for the City of Newark. Staff worked with Council to establish a TID Steering Committee (Committee) to provide guidance throughout the TID development process whereby Council approved the Committee September 24, 2018. The City hired AECOM to provide technical and administrative assistance on this effort. The first meeting of the TID Steering Committee was held on May 8, 2019. The TID Steering Committee has been meeting monthly. The Committee developed a draft facility boundary at their last series of monthly meetings from July through September. The next step for the TID Steering Committee is to start working on the land use analysis. The next step for Staff is to work with DelDOT on a TID agreement. It is anticipated that this process will take between eighteen (18) months to two (2) years. A website has been developed for this effort.

https://newarkde.gov/1127/Transportation-Improvement-District-Comm

- Planning Staff worked with the Planning Commission on establishing a Green Building workgroup to make proposed recommended revisions to the LEED provisions of the Code. The Green Building workgroup started meeting in November 2018 and have been meeting monthly. It is expected that this workgroup will have proposed revisions to begin to discuss with the public in the fall of this year.
- Planning staff is continuing to work with the GIS and related staff to portray land use development information in a parcel-based format.
- The division continued to provide technical assistance to other City departments, Planning Commission and Council. Technical services provided include conducting, gathering and analyzing demographic data, researching topics and preparing special reports, maintaining the City library, and preparing maps, charts and visual aids.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include (continued):

Code Enforcement Division:

Rentals:

- Working on evaluating department processes and procedures to ensure maximum efficiency
- Completed updating building code to the 2018 International Building Code with adoption expected by end of year.
- Working on a procedure for business licensing process

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include (continued):

Parking Division:

In 2019, the Parking Division made improvements to special residential parking zones, giving residents additional access to underutilized parking areas by physically going through all zones and mapping all areas, ensuring that residents were aware of the areas that they were allowed the park. The division was receptive to public feedback on their residential parking zones, ensuring that it kept misuse to a minimum and that residents were satisfied with their parking experience. The division streamlined the special residential parking application process by allowing renewals to submit their information via digital methods and without having to physically come to the office if they possessed required information and permits. By doing this, the division has cut down on usage of supplies and wastes, resulting in financial savings and satisfied residents.

The on-street parking supply was substantially increased in 2019 with the addition of Lovett Avenue, and the extensions of Haines Street, Center Street, and North Chapel Street. Off-street access and inventory also increased, with the addition of Lot #2 from a parking permit only lot to a hybrid lot that allows public parking on nights and weekends. Lot #1 is in the process of being expanded and is due to have the new parking inventory available near the end of the year. As parking occupancy during the school year is often high and other select times, we believe these areas will be more utilized as time moves forward and during the more intrusive construction projects planned between 2019-2020, specifically to the central business district. The division continues to work with DelDOT and developers throughout the City to ensure that parking inventory that is removed and/or temporarily blocked gets replaced in other areas for public use. Additions to inventory and more public access to parking was made possible at a modest cost with the addition of multi-space kiosks. These kiosks, slated to replace the current on-street smart parking meter inventory over the next year, allow for more control and options for the Parking Division's current parking inventory. More options allow for more public access to parking spaces, increasing the overall availability of parking and spreading out the parking footprint to alleviate some vehicle congestion and stress the central business district experiences during select times. The multi-space kiosks also don't force patrons to return to their parking meters to make payments like single-space meters do, as multi-space meters are unified and allow patrons to pay at any space with their license plate number. The multi-space kiosks also made pay-by-app parking more feasible. Pay-by-app parking allows users to use their mobile smart phones to pay for parking without ever going to a physical kiosk. An app user can easily keep track of their parking expenses, refresh their parking duration, and gets notices when their parking time is about to run out. The division believes that these new options make parking easier for patrons and makes the City more inviting to visit, a benefit for all businesses and the City as a whole.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include (continued):

Transportation and Technical Services:

The division continues to coordinate with DART, the University of Delaware, WILMAPCO and Cecil transit on Newark Transit Improvement Partnership (TRiP) to better coordinate the existing transit services of UNICTY, University of Delaware, Cecil County and DART. The division also continues to oversee the Unicity Bus system and provide customer service.

Community Development Block Grant (CDBG):

In the 44rd year (July 1, 2018 to June 30, 2019), the City allocated \$245,814.53 in CDBG funds to 11 separate projects and programs. The City's allocation is accessed through New Castle County under an entitlement formula based on population. Loan repayments generated by the City's Home Improvement and Facade Improvement Programs augment this allocation throughout the year.

Goals for 2020 include:

Land Use and Planning Division:

During 2020, the Planning and Development Department has several areas of responsibility as defined by <u>Code</u>, determined City management or City Council as well as determined by Department directives. In the area of Planning and Land Use, staff is responsible for the following activities as described below. The City <u>Code</u> mandated activity takes priority.

Boards, Committees, and Meetings

- Planning Commission
- City Council
- Board of Adjustment
- Design Committee
- Community Development/Revenue Sharing Committee
- Newark Partnership Economic Enhancement Committee

Land Use and Land Development Activities

- Implementation and maintenance of Comprehensive Development Plan V
- Interaction with the development community and city residents in dealing with zoning and land development codes
- Code Amendments
- Process Code-mandated responsibilities:
 - Annexations
 - Rezonings
 - Comprehensive Plan Amendments
 - Major Subdivisions
 - Minor Subdivisions
 - Site Plan Approval Plans
 - Special Use Permits
 - Parking Waivers
 - Requests for Extensions
- Other Code-mandated responsibilities
 - Subdivision Advisory Committee (SAC) administration
 - Building permit review
 - Flood plain review
 - Construction Improvement plan review
 - Review of variance applications

Goals for 2020 include (continued):

Planning Related Major Initiatives

- Start on implementing the Newark Sustainability Plan.
- Continue to work with WILMAPCO on the Newark Area Transit Study Project.
- Provide staff support and guidance to the Transportation Improvement District Subcommittee for the City of Newark.
- Provide staff support and other assistance as appropriate to the *Rental Subcommittee* to examine the issue of rental housing in the larger context of the growth of the University of Delaware and its impact on the City. Draft policy recommendations for consideration by the Planning Commission and City Council.
- Provide staff support and guidance to the Green Building Work Group to revise the LEED provisions in the Code.
- Participate in the Delaware State Housing Authority Analysis of Impediments to Fair Housing.
- Continue to work with the GIS program and related GIS staff to portray land use development information in a parcel-based format.
- Work with the consultant to review and make recommendations on proposed organizational changes to Chapter 32 Zoning.
- Review the <u>Code</u> and make recommended revisions to areas including but not limited to: industrial zoning, patio ordinance, alcohol code clarification for consideration by the Planning Commission and City Council.
- Continue to work on developing policy recommendations to address the student housing issue for consideration by the Planning Commission and City Council.

Other Regular Duties

- Continue to implement the Community Development Block Grant Program.
- Participation in WILMAPCO Technical Advisory Committee (TAC)
- Participation in WILMAPCO Public Advisory Committee (PAC)
- Participation in Bike Newark
- Managing Unicity Bus system
- Community Rating Service
- Buyer's Affidavit
- Zoning verification letters
- Responding to zoning and related planning inquires (phone and walk-in)

Planning Commission Support

- Preparation of support material, background reports and information packets
- Public notification and posting requirements
- Administrative and secretarial support (<u>Code</u>-required)
- Transcription services
- Applicant interface
- Commission requests for data and information
- Continue to provide exemplary assistance to other City departments, Planning Commission and City Council.

Goals for 2020 include (continued):

Code Enforcement Division:

- Work with IT to utilize GIS as a tool for permitting and Code Enforcement
- Create a recommendation for Code change to include Air B&B's
- Create a comprehensive process for issuing Business Licenses
- Conduct an inventory of business signs in the city
- Provide additional training opportunities for Administrative staff so that they can provide more support to Code Enforcement Inspectors
- Continue to work with IT to improve the permitting process
- Review department policies and procedures and make revisions in order to streamline processes for maximum efficiency

Parking Division:

The Parking Division hopes to continue expanding parking inventory and services provided to residents, patrons, employees, students, and visitors alike. With new parking equipment and services, the division hopes to provide better services to those parking customers and residents that lives within the City of Newark. As we continue our commitment to service excellence, we want those that use the public parking inventory to have a good experience within the City, ensuring that they want to return and patronizing its businesses, parks, and other amenities it provides. The division plans on doing this by continuing is expansion of multi-space parking system in 2020 and possibly beyond 2020, pending public feedback on the new system and the services provided by it. The division hopes to have more dialogue with the University of Delaware, an important partner in the success of the City, to ensure that all persons that visit the City have good experiences through parking wayfinding and are aware when parking areas are difficult to park in due to high occupancy. The division is eager to work with not only U.D., but also the consultants at Kimley-Horn, who were awarded the Parking Consultation RFP in 2019. The division believes that working with an outside agency, along with a significant amount of public input, will help shape what needs to be done for parking with the City of Newark for the foreseeable future. The Parking Division also plans to continue working closely with those that live in special residential parking districts and gather their feedback on ways to improve residential parking for our residents, ensuring that those that live in these areas always have sufficient parking available to them.

Transportation and Technical Services:

In 2020, the division will continue the TRIP effort in coordination with WILMAPCO and their consultant transit systems in Newark. In addition, the Division will continue implementing recommendations from the Newark Transportation Study, the Comprehensive Development Plan V, and Newark Bicycle Plan, participating in the management and related activities associated with the Newark Regional Transportation Center, as well as operating Unicity.

Goals for 2020 include (continued):

Economic Development:

In 2020, the division goals are to review and assess Newark's Economic Development Strategy and Action Plan and set a path for proactive economic development.

Community Development Block Grant (CDBG):

In 2020, the division's goal is to continue to administer the CDBG Program and Revenue Sharing effectively under Federal and City guidelines, to improve the City's living environment and to expand economic opportunities for low to moderate income Newark residents

CITY OF NEWARK, DELAWARE POLICE DEPARTMENT ORGANIZATIONAL CHART

• D Platoon

• E Platoon

Auxiliary Services:

• Records Section

- Technology
- Grant Management

• Communications Section

The Newark Police Department is responsible for protecting the lives, homes and properties of Newark residents. The Newark Police Department is dedicated to serving all citizens by: responding to calls for police service, enforcing state and local laws, conducting preventative patrol activities, performing criminal investigations, promoting traffic safety, and apprehending criminal and traffic offenders. The Newark Police Department's core values are the preservation of human life, integrity, professionalism and service.

The Newark Police Department's force of 92 employees is dedicated to serving citizens through the bureaus, divisions and units described below.

<u>Field Operations Bureau:</u> The Field Operations Bureau is broken down into two main components: The Patrol Division and the Special Enforcement Division. Oversight of the bureau is provided by the Deputy Chief of Field Operations.

• Patrol Division:

The Patrol Division is the backbone of the Newark Police Department, as they are available twenty-four hours a day, seven days a week. The Patrol Division has the responsibility of being the first responders to all calls for police service in the city. Oversight of the Patrol Division is maintained by the Patrol Division Lieutenant. The Patrol Division is comprised of five patrol platoons each with 7 officers assigned to it. In 2018, the police department logged 55,250 calls for service in the Computer Aided Dispatch System.

The continued reduction in the Part I crime rate (please reference chart on page 8) can be attributed, in part, to the Crime Suppression Plan, which coincides with the University of Delaware semester schedule. During this time frame, violent crimes spike in and around the downtown areas of the city. The Crime Suppression Plan breaks the downtown area into small patrol sectors during peak call volume times. Aggressive and proactive patrol techniques are deployed, which has shown a successive drop in Part I crime. Since 2006, Part I crimes have decreased by 44.88%. In addition, the Patrol Division has implemented Directed Patrols. Directed Patrols are when officers assigned to a certain area of the city, are directed to patrol specific areas based upon recent crime trends and citizen complaints.

• Special Enforcement Division:

The Special Enforcement Division is comprised of several units including the Traffic Unit, Special Operations Unit, K9 Unit and Animal Control. Oversight of the division is maintained by the Special Enforcement Division Lieutenant.

<u>Traffic Unit</u> - The Traffic Unit is responsible for promoting traffic safety and enforcing traffic laws. The Traffic Unit is also responsible for investigating serious injury and fatal motor vehicle collisions.

<u>Special Operations Unit</u> - The Special Operations Unit was re-established in 2012 with the assistance of a COPS hiring grant. The primary responsibility of the SOU is to provide operational flexibility to impact specific crime and disorder problems as they arise in the community along with developing and participating in community outreach programs. SOU operates in a uniformed capacity and adheres to community-oriented policing and problem-solving principles.

<u>K9 Unit</u> - The K9 Unit consists of two officers and their K9 partners. A trained law enforcement K9 is a valuable supplement to police manpower due to the K9's superior sense of smell and hearing. The primary function of the K9 Unit is to perform searches, tracking and evidence detection. The K9 Unit is partially supported by fundraising activities by the Friends of Newark K9 program.

<u>Animal Control</u> - The Animal Control Officer is responsible for enforcing animal violations and public education regarding animal issues.

<u>Administration and Investigations Bureau:</u> The Administration and Investigations Bureau is broken down into three main components: The Administration Division, the Criminal Investigations Division and Auxiliary Services. Oversight of the bureau is provided by the Deputy Chief of Administration and Investigations.

• Criminal Investigations Division:

The Criminal Investigations Division is broken down into several different units including the General Investigations Unit, Special Investigations Unit, Family Services Unit, Street Crimes Unit, and Victim Services Unit. Oversight for the Division is provided by the Criminal Division Lieutenant.

<u>General Investigations Unit</u> - The General Investigations Unit is responsible for the follow-up investigation of major crimes or crime involving long term or specialized investigative efforts.

<u>Special Investigations Unit</u> - The Special Investigations Unit is responsible for drug, vice and organized crime investigations. The members of this unit are assigned to the DEA Task Force.

<u>Family Services Unit</u> - The Family Services Unit is responsible for conducting follow-up investigations of domestic violence cases, cases involving juvenile victims and offenders including follow-up on juvenile runaway or missing persons, cases involving child abuse or neglect, and acts as the department liaison with family service organizations throughout the state.

<u>Street Crimes Unit</u> - The Street Crimes Unit is responsible for combating street crime using proactive tactics, conducting surveillance on known suspects, investigating nuisance crimes and providing support services to the units within the Criminal Investigations Division and the Patrol Division. As crime trends and community concerns rise, the Street Crimes Unit is deployed to the specific areas of the City to combat the increase.

<u>Victim Services Unit</u> - The Victim Services Unit provides social work services to victims and witnesses of violent crimes including but not limited to: crisis intervention, information and support for the court process and assistance in applying for Violent Crimes Compensation.

Administration Division:

The Administration Division is staffed by both sworn officers and civilian employees who serve in a variety of support functions including Crime Prevention & Analysis, Accreditation, School Resource Officer, Property & Evidence Custodian, Evidence Detection, Training Officer, and Property Coordinator. Oversight for the division is provided by the Administration Unit Lieutenant who also serves as the Professional Standards Officer and Public Information Officer.

<u>Crime Prevention and Crime Analysis (CP/CA)</u> - The CP/CA officer is responsible for providing security surveys, organizing Neighborhood Watch programs, implementing crime prevention programs, managing social media accounts, overseeing the volunteer program and public relations functions. The CP/CA Officer is also responsible for analyzing crime trends and reporting them to both the Field Operations Bureau and the Criminal Investigations Division.

<u>Accreditation</u> - The Accreditation Manager is responsible for ensuring that periodic reports, reviews, and other activities mandated by applicable CALEA accreditation standards are accomplished. The Accreditation Manager is responsible for developing and maintaining the Rules and Procedures Manual, preparing personnel allocation studies and management staff studies concerning various functions of the Department. The Accreditation Manager also prepares the police department for its on-site assessment and inspection conducted by CALEA.

<u>School Resource Officer (SRO)</u> - The SRO is responsible for investigating crimes involving juveniles as victims or offenders, managing youth-related problems, running the police explorer program, and maintaining liaison with local schools. The SRO is assigned and works full time at Newark High School and maintains a presence at the public elementary and charter schools.

<u>Property & Evidence Custodian</u> - The civilian Property & Evidence Custodian is responsible for storing and accounting for all evidence and recovered property, and for coordinating all building maintenance.

<u>Evidence Detection Officer</u> - The Evidence Detection Officer is responsible for coordinating the forensic processing of major crime scenes, for submitting evidence to laboratories, for coordinating the Field Evidence Technician program, and for maintaining all supplies required for processing evidence.

<u>Training Officer</u> - The Training Officer is responsible for all aspects department training, including ensuring compliance with the Commission on Accreditation of Law Enforcement Agencies (CALEA) and the Council on Police Training (COPT) mandates, managing the Field Training Officer Program, maintaining training files and managing the Department's training budget.

<u>Property Coordinator</u> - The civilian Property Coordinator is responsible for assisting the Property & Evidence Custodian and others within the agency for the purchasing, distribution, storage and maintenance of departmental property.

Auxiliary Services:

Auxiliary Services are comprised of both the 911 Communications Center and Police Records. Oversight is provided by the Captain of Auxiliary Services who also serves as the liaison with the City IT Department on police information technology projects. This Captain also serves as the grant management coordinator.

<u>Communications Section</u> - The communications section is the City of Newark's 911 center. Twelve full-time civilians are responsible for receiving complaints and emergency calls from citizens, retrieving information for patrol officers, and dispatching patrol officers to calls for service. The 911 center averages 100,000 phone calls per year and dispatches police to approximately 50,000 calls for service.

<u>Records Section</u> - The records section maintains a centralized records pool, sends the required reports to other agencies, and acts as a central repository for all records of official activity of the Department.

The civilian PSAP (Public Safety Answering Point) and Police Records Manager is responsible for day to day supervision of both sections.

CITY OF NEWARK, DELAWARE POLICE DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments of 2019 include:

- ** 100% Compliance with First Annual CALEA Compliance Review
- ** Successful transition to CALEA 6th Edition Law Enforcement Accreditation Manual
- ** Overall Part 1 Crime Reduction from 2017-2018 of 3%
- ** Overall Part 1 Crime Reduction from 2006-2018 of 45%

Notable Training:

- Force on Force and De-escalation Simunitions Scenario Training
- Continued Laser Shot Training
- · Fair and Impartial Policing Training
- Tyler/New World Conference and Training
- Crisis Intervention Training
- · Supervisory and Executive Leadership Training
- Crowd Management Techniques
- F.B.I. LEEDA
- NJSACOP Command and Leadership Program
- F.B.I. National Academy (1 Graduate)
- ALICE (Active Shooter) Instructor Training
- Advanced Collison Reconstruction
- PATC Recruitment, Hiring and Officer Retention
- University of Tennessee National Forensics Academy
- Amtrak RailSafe
- Provided department wide training for LPR use and policy

CITY OF NEWARK, DELAWARE POLICE DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments of 2019 include (continued):

Community Events and Social Media Outreach:

- National Night Out
- Citizens Police Academy
- Newark Police Explorer Post
- Toys for Tots
- Active Facebook, Instagram, Next Door and Twitter Accounts (Over 20,000 followers)
- Camp Real and Camp Awesome
- "No Shave November"
- Ladies and Gentlemen's Club at Downes Elementary School
- Mobile PAL Summer Program

Technology:

- Crafted Grants to support the acquisition of body worn cameras
- Web-based Crimemapping software
- Initiated the implementation of EPD (Priority Dispatching)

Equipment Upgrades:

- Expanded LPR capabilities
- Continued to expand the City Security/Surveillance Network currently up to 110 cameras
- Crafted RFP for the acquisition of inclusive MVR/BWC/Interview and Digital Evidence
 Management System anticipated award and procurement in 2019
- Deployed Cradlepoints in all Patrol Vehicles
- Upgraded vehicle mobile radios
- Additional Ballistic Speed Plates and carriers for Patrol Officers to utilize during critical response

POLICE DEPARTMENT 2020 DEPARTMENTAL GOALS

Newark Police Department Strategic Goals for 2020 include:

Goal One - Reduce, Solve, and Prevent Part I Crime

Strategies:

- I. Utilize the Crime Analysis Officer to identify major crime trends, crime map hot spot areas, and analyze and predict criminal activity.
- II. Develop strategies designed to reduce repeat victimization based on the following responses:
 - A. Protecting victims by blocking future opportunities
 - B. Shifting responsibility for repeat victimization through victim education and encouraging the enhancement of business management practices.
 - C. Increasing actual or perceived risks of apprehension for offenders, primarily repeat offenders
- III. Partner with allied law enforcement agencies to combat crime.
- IV. Enhance computer and cell phone forensic capabilities.
- V. Develop a comprehensive training program for new detectives.
- VI. Expand capabilities for major crime scene evidence collection and processing response.

Goal Two - Focused Efforts on the Reduction of Order Maintenance Crimes

Strategies:

- I. Conduct educational outreach campaigns.
- II. Develop and implement targeted enforcement strategies.
- III. Partner with the Delaware Division of Alcohol and Tobacco Enforcement to combat the underage sale of alcohol.

POLICE DEPARTMENT 2020 DEPARTMENTAL GOALS

Newark Police Department Strategic Goals for 2020 (continued):

Goal Three – Enhance Community Relations and Sustain Community Partnerships

Strategies:

- I. Evaluate and enhance partnership opportunities with local businesses.
- II. Engage the community in joint problem solving and crime prevention activities.
- III. Identify effective methods to bolster the Department's social media presence as a platform to increase transparency, engage the community, and disseminate information.
- IV. Develop and enhance the mission of the Special Operations Unit as it relates to community outreach.

Goal Four - Embrace and Integrate Technology

Strategies:

- I. Enhance technology partnerships with the law enforcement community and other stakeholders.
- II. Identify, evaluate, and procure new technologies which will increase the level of efficiency in conducting investigations and enhance the delivery of police services.
- III. Blend current access technologies with the next generation devices to remain ahead of the technology curve and plan for cost-effective replacement of mobile data needs.
- IV. Continue to acquire grants that would benefit the department; continue to gain support for needed technology projects in traditional means such as budget items.

Goal Five - Attention to Recruitment, Retention, and Diversity

Strategies:

- I. Examine current recruiting and hiring practices to determine trends and patterns for opportunities of improved focus.
- II. Continue to evaluate hiring standards to ensure continued inclusiveness of applicants of all backgrounds while not sacrificing the quality of our officers.
- III. Improve internal communication, be responsive to employees, and provide training opportunities to all employees.

General Fund - Police Department

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

The Parks and Recreation Department operates, maintains and manages the City's Park system and Recreation services through its divisions as described below.

Administration and Planning

The Division directs and supervises all recreation, park and horticulture programs, facilities and operations. It is responsible to oversee the planning, design, construction, renovation, and maintenance of park facilities; recreation services, operating and capital budgets, department advertising and promotion, research grant funding and community partners to assist in accomplishing department wide efforts.

Parks and Horticulture

The Division is responsible for the maintenance of 650 acres of parkland which includes 52 park and open space areas, 17 miles of trails, more than 50 landscaped sites and more than 386 acres of forested lands. Routine maintenance and repairs are made to playground equipment, athletic fields (10), basketball (19), tennis (18) and street hockey courts (2), skateboard facilities (2); shelters (10), fencing, trails, foot bridges, buildings, pools (2) and parking lots (11). The Division also performs tree, turf and landscape maintenance, snow and ice removal at City buildings, park sites and downtown parking lots; oversees the removal of creek blockages and contracted tree work, conducts regular inspections of all facilities and areas to identify maintenance needs, and provides support services to the recreation division for programs and events and other City departments as needed.

Recreation Services

The Division is responsible for planning and conducting a wide variety of recreation activities and events which enhance the quality of life for the citizens of Newark. More than 200 programs and events are offered each year which includes topics and areas such as health and fitness, youth and adult sports leagues and skill development classes, arts, camps, and community events. Over 7,000 registrations were received in 2018 for the various programs and events with a total of over 75,000 participants throughout the year.

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include:

PARKS:

- Completed improvements to the Fairfield Crest to Creek Road connector including paving the road and improved lighting.
- Completed repurpose of tennis court at Kershaw Park to basketball court.
- Completed remediation and demolition of Rodney dorms as part of the park and stormwater improvements.
- Installed new playground at White Chapel Park.
- Completed update of Master Plan for Old Paper Mill Park.
- · Redesigned and installed upper berm at Olan Thomas Park along Paper Mill Road.
- Installed additional plantings at Preston's Playground and the Newark Reservoir.
- Continued control of invasive species at Curtis Mill Park and Old Paper Mill Park.
- In coordination with USDA (US Department of Agriculture), identified Emerald Ash Borer in several trees within City limits and launched control measures and notified residents through social media of preventative measures.
- Completed selective cutbacks and treatment of stumps in meadow area at Handloff Park.
- Completed new roof installation on shelter at Fairfield Park.
- Built gaga pit and a cover for the rain barrel collection station at the Newark Community Garden located at Fairfield Park as part of an Eagle Scout project.

RECREATION:

- The volunteer program increased significantly in 2018 with over 9,000 volunteer hours completed. This is over 2,200 more hours than 2018. A large part of this increase included assisting with the installation of Preston's Playground and the Go Baby Go Event.
- Implemented a new online registration software system that better serves our needs and is PCI compliant.
- Completed a salary survey of similar local agencies to determine hourly wages due to increase of minimum wage for the State of Delaware.

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

RECREATION (Continued):

- Conducted a very successful Volunteer Appreciation and Fair at the Newark Free Library with 13 participating vendors and over 200 people in attendance.
- Completed a strategic plan that includes a mission statement, vision and goals for the department.
- Completed the update for the George Wilson Center staff manual that now includes emergency facility procedures, the new kitchen appliances information and the update for the birthday party packages.

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2020 DEPARTMENTAL GOALS

Goals for 2020 include:

- Redesign and install lower berm at Olan Thomas Park.
- Complete the White Clay Creek pedestrian and bicycle bridge installation.
- Continue invasive control throughout the park system.
- Complete trunk injections for Emerald Ash Borer control on 36 ash trees in the park system.
- Completion of park and stormwater areas at the Rodney dorms.
- Installation of central air conditioning in the George Wilson Center.
- Hard surface improvements for various parks and ADA accessibility improvements.
- Improve the drainage issues at the multi-purpose court at Dickey Park.
- Improve the landscaping on Academy Building Lawn around the Memorial plaque.
- Install a sand volleyball court in our park system.

CITY OF NEWARK, DELAWARE ADMINISTRATION DEPARTMENT ORGANIZATIONAL CHART

• Safety Program

Under the direction of the City Manager, the Administration Department oversees all operating departments and employees of the City, while working to coordinate a positive relationship with our community, including the state, University of Delaware, local businesses, non-profit groups, and neighborhood organizations.

Many interdepartmental activities are coordinated by employees of the Administration Department who work with Department Directors and other City employees to address challenges or provide project assistance. This Department continually evaluates staffing and services to efficiently use resources and provide appropriate staffing levels to meet expectations for service delivery. This Department assists in the formulation of City policies and is responsible for the execution of ordinances, charter provisions and City Council actions. Additional time is spent resolving problems and concerns received from the public and providing research assistance to all areas of the organization and Newark's City Council.

A detailed breakdown of the Department functions, as well as highlights from the previous fiscal year are provided as follows:

Personnel Administration:

The Personnel Administration division is responsible for the personnel and human resource functions, including policy formulation, recruitment, selection, promotion, training, discipline, performance evaluation, and fringe benefit administration. The Division also oversees and managements the self-insured Worker's Compensation fund; managing daily claims, case investigations and operates as the inhouse Third-Party Administrator (TPA).

The Personnel Administration division oversees, in partnership with the Department within which the vacancy exists, the hiring of new employees as well as inhouse promotions and transfers. During 2018, the division was involved in the recruitment of 28 regular, full-time and part-time positions, of which 17 were full-time and 11 part-time. The promotion, upgrade, reclassification and transfer of 44 city employees occurred, and the hiring of 25 temporary employees or interns was completed as well. Additionally, the division coordinated with the Police Department Administration to complete a new recruitment for police officers and create a new employment list. Of the 17 full-time positions recruited for, 12 employees were hired. Of the 12 new, full-time employees, four (4) were recruited and hired police officers.

Labor Relations are also handled within the Personnel Administration division and includes the administration of labor relations involving four collective bargaining groups covering approximately 240 full and part-time employees. This includes contract negotiations, the administration of collective bargaining agreements and the resolution of grievances and disputes submitted by employees. The division is responsible for providing management employees with assistance and advice in the interpretation of contract provisions and grievance administration. CWA, AFSCME 1670, and AFSCME 3919's existing contracts are set to expire on December 31, 2019 so Personnel staff will be working with our labor counsel during the fall of 2019 to negotiate contract extensions. The existing FOP agreement is valid through December 31st, 2020 but during the last round of negotiations, we agreed to work with the FOP to potentially move them into the State's municipal police and fire pension plan. During 2019,

we worked with the FOP to modify the City plan's police death benefits to match the state plan's benefit. Additionally, we modified the FOP agreement to allow the City to move into the state worker's compensation program through the Delea Founder's Insurance Trust (DFIT).

Purchasing:

The Purchasing division, in partnership with requesting Departments, handles purchases, contracts, and negotiations for the acquisition of materials, supplies, equipment, and services for the City. This includes the development and/or review of contract and request for proposal (RFP) documents and the resulting evaluation of bids and proposals. The Administration Department, in coordination with the requesting departments, make recommendations to City Council regarding the award of all bids and proposals, in accordance with City Code and the City's purchasing guidelines. The Purchasing Division also provides oversight and support to other Departments for large scale projects and programs. In 2018, 1,079 purchase orders were processed by the purchasing team. For purchases exceeding \$25,000, there were 10 contracts and 2 RFP's totaling \$2,764,898.

Communications:

Led by the Chief Communications Manager, the team consists of two additional members, the Creative Designer/Web Specialist and Welcome Center Receptionist. Together, the division is responsible for the design, review, and approval of nearly all communications produced by the City of Newark for distribution to the public. They use a variety of mediums: print, video, and electronic (including web and social media) to share information proactively and serve as liaisons with the media and members of the public to field and respond to questions or concerns. The team also works in partnership with other City Departments to craft messaging, distribute information, develop marketing materials, and respond to critical communication needs, when appropriate. This includes utilizing strategic communication tactics and working with various state, county and municipal agencies, as well as community partners, to respond to topics of interest, and ensure messaging is clear, concise and consistent, while also being shared with the public in a timely manner.

Since the division was formalized in 2016, a primary focus of the team is open government and greater access. This has been achieved in a variety of ways, including the addition of livestreamed City Council meetings and recorded town hall forums, which are shared online via the City website and social media accounts. Livestreaming and digital recording will be enhanced over the second half of 2019 as we complete the grant funded television studio project.

Another focus of the division is increased and enhanced communication with the public. In-house video production has increased, allowing for more dynamic content both on Newark TV22 and the City's social media accounts, which continue to grow. The City Facebook page is "liked" by more than 8,900 people, an increase of more than 1,500 in the past year and nearly 7,500 since the team was formalized; and the City's Twitter feed is followed by over 9,200 individuals. In addition to the City-run accounts, the Communication division supports both the Newark Police Department and Parks and Recreation Department in administering and developing content for their social media accounts.

Recognizing not all residents have access to online content, the Communication team mails a monthly newsletter as part of residential utility bills. The two-page newsletter is forward thinking – sharing timely information regarding upcoming events and opportunities for the public to engage on topics of importance to them.

The Communications division also maintains the City's website, which was redesigned and upgraded in 2017 – efforts that were recognized on the national level by the City-County Communications & Marketing Association.

Communications staff continue to maximize the value of the "InformMe" citizen notification system. In addition to urgent emergency messaging, the system allows the public to sign up for a variety of messages, and to set preferences for how they would prefer to be notified. The Communications team continues outreach efforts to encourage all residents to sign up for this service.

In addition, the division assists with marketing for major events including Restaurant Week, Wine and Dine, Food and Brew Fest, Parks on Draft, Community Day, National Night Out, and Taste of Newark, as well as several smaller events throughout the year. Division staff also assist with events organized by other departments, particularly to promote them and to assist with graphical design.

During 2019, following the employee climate survey that was completed the previous year, renewed focus has been placed on improving internal communications. The communications team has begun emailing out the monthly newsletter to all city employees. We have also installed several strategically located televisions and purchased an software program that will allow us to push out notifications and updates to employees here in City Hall along with our remove facilities who may not have regular access to email. We will also be creating an improved message board at the City's Field Operations Complex for posting of detailed information like training and policy changes. Lastly, we installed several computers that can be used by employees who don't have an assigned computer to access the employee self serve portal along with email and other computer needs.

Other Activities:

In addition to the day to day administration of City operations and handling of personnel, labor relations, purchasing, and public relations, the Administration Department is also involved in the following activities:

Committee Liaison:

The Administration Department continues to provide staff support to the The Newark Partnership Board, the Traffic Committee, the Newark Area Welfare Committee, and the NAACP. Staff members serve in a liaison capacity to maximize the effectiveness of various citizen boards, commissions, and authorities.

Interdepartmental Relations:

With the change to weekly council meetings, we now hold weekly staff meetings with the administration staff and Department Directors to facilitate communication on important issues and policies that may affect the City. Tentative City Council meeting agendas are reviewed and discussed at the staff meetings. Weekly reports are prepared and provided to Council summarizing progress on important projects and initiatives by each Department. Members of staff also attend City Council meetings as necessary to address Council on projects or services they are responsible for.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include:

- The City successfully converted from self insured to 3rd party insurance through the Delea Founder's Insurance Trust (DFIT) for worker's compensation insurance and entered the state's workers compensation program. Before this was completed, Newark was the only entity in Delaware that was not in the state's program which created uncertainty and increased our potential risk. DFIT is a municipally owned insurance trust through the Delaware League of Local Governments set up similarly to Delaware Valley Health Trust (DVHT) which we joined a few years ago for health insurance and under which we have experienced considerable savings compared to the private health insurance market.
- The City successfully secured funding from the State Revolving Loan fund to begin work on several referendum related projects including Rodney, South Well Field, upgrades to the sanitary sewer system, building repairs at the Newark Police Station, a replacement vehicle lift in the garage, and water main replacement.
- The Manager's office and Finance Department worked with Fulton Bank to enter some of our savings accounts into a sweep fund where we will receive interest income without reducing access to the funding for operating needs. This move is expected to bring in around \$185,000 in additional interest income over a full 12 month period, assuming interest rates say consistent with what we have experienced this year.
- The City Manager's Office continues to recruit for vacant positions. This effort includes transition plans for key staff, recruitment and onboarding of many new employees, and when relevant, the promotion of existing staff to backfill vacancies. During early 2019, we had three Administration Department employees move on, two in communications and the assistant to the manager. With Council's approval, the two communications positions were combined into one, titled Chief Communications Officer, which was filled in June. The assistant to the manager position was also successfully filled in June, leaving only one outstanding vacancy in the department, the HR and Labor Relations Manager, which will be recruiting for as we move into the second half of 2019.
- The Manager's office continued working to implement improvements in response to the results of the 2018 employee climate survey. During 2019 we continued to have regular meetings of the Climate Survey Working Group, the Safety Committee, the Wellness and Employee Engagement Committee, and will be kicking off the Professional Development Committee in the second half of 2019, as staffing and time permits. The communications team has been focused this year on improving internal communications and especially communications out to employees in the field. We have made several operational changes and improvements throughout the year in support of this effort.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include (continued):

- The HR team continued development of the City's employee engagement and wellness effort which has been enhanced since the formation of a committee who makes recommendations on employee programs, events, wellness initiatives and oversees the wellness grant from our health insurance provider. The committee is currently working on a strategic plan to make upgrades and modifications to the Fitness Center. The wellness grant from DVHT has provided the City with health-minded items such as pedometers, an air purifier, water bottles, standing desks and next to update the Fitness Center. The annual Wellness Fair and Biometric Screenings continue to educate and engage employees, as well as other wellness initiatives to expand a culture of wellness to positively impact claims. According to our 2018 Delaware Valley Health Trust (DVHT) Wellness Program Report our overall employee/retiree participation in the wellness reimbursement and incentive program was up 50%. With an increase in awareness of healthy behaviors, DVHT hosted four employee lunch and learns throughout the year covering topics such as nutrition, exercise, work/life balance and wellness program overviews. The lunches continued to be heavily attended by employees and retirees. Additional wellness and employee engagement efforts completed this year are:
 - This year we held our first ever "Bring Your Child to Work Day" in April, with 25 participants of all ages ranging 8-17, the City planned a fun-filled day with activities and presentations from the various departments throughout the City.
 - We continued our monthly WOW breakfasts for employee recognition. The monthly nominations are overwhelming and it is always rewarding to see the response to the WOW program.
 - The committee will be working on a City-wide charity event once again for this fall.
- The Safety Committee passed by-laws, nominated officers, and completed the City Safety Manual, which will be used to inform staff of on-the-job safety requirements and ensure that all employees are using proper workplace safety precautions. The Committee additionally installed five safety suggestion boxes throughout municipal offices to offer staff a method to anonymously submit safety concerns to the Committee. Finally, the Safety Committee began the development of a job site visit checklist, which will allow Committee members or management to review employees' Safety manual adherence while working at various locations around Newark. Moving forward, the Committee will primarily focus on reviewing safety concerns raised through anonymous comments or job site visits. The Safety Committee has also begin sending attendees to the monthly DFIT Safety Committee meetings in Dover.
- Purchasing has completed year-to-date over 770 Purchase Orders, with vendor management for procurement and payments; 10 contracts have been developed and executed for City needs; and 5 RFP's have been issued.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include (continued):

- Each division (HR/Communications/Purchasing) all supported the City Manager with the goal to
 provide revenue estimates Council earlier in the budget process in coordination with the
 Finance Department. This expanded effort was completed in parallel to existing departmental
 service operations with positive involvement and constructive feedback to continue to improve
 future efforts.
- The Manager's office, in coordination with all operating departments, developed a comprehensive prioritization document that includes all ongoing major initiatives and efforts which was reviewed with Council to assist in a discussion on prioritization. Staff will continue to update and expand this document moving forward as a tool for Council to use when setting the City's work plan to achieve strategic goals.

Goals for 2020 include:

- Successfully recruit a new HR and Labor Relations Manager.
- Continue to support to operating departments for successful implementation of projects that were included in the 2018 capital referendum.
- Initiate a comprehensive strategic planning process for the City incorporating input from
 citizens, community and business partners, City Council, and staff. The goal is to develop a plan
 that effectively articulates City priorities, vision, and values to the Newark community and will
 be used to guide the work in all city service areas.
- Expand Employee Self Service (ESS) for broader HR access, comprehensive Open Enrollment, additional digital ESS and personnel related features.
- Improve recruitment and retention efforts city wide with an emphasis on improving results for the Police Department.
- Support the divisional goals of the Administrative Department, which are HR/Labor, Communications, Purchasing and Facilities Maintenance.
- Successfully complete the electric cost of service rate study and implement the modified rate design.
- Successfully complete and implement water and sewer customer charge rate design changes.
- Support the staff-led safety, wellness and employee engagement, and professional development committees to continue improving in these areas. Specifically, assist the wellness and employee engagement committee complete the Police Department gym upgrade project.
- Complete review and updates to Newark Emergency Operations Plan and develop a Continuity of Operations Plan (COOP) in coordination with New Castle County and Wilmington.
- Update City's Policy Manual and complete updates to all job descriptions.
- Update the City's Employee Handbook.
- Develop an employee development incentive program to encourage training and skill building.
- Continue to build on our employee onboarding process to incorporate more general and safety training.
- Improve communication between facilities maintenance staff and operating departments and associated department heads to ensure maintenance-related issues are properly addressed and operations return to normal quickly.

Goals for 2020 include (continued):

- Begin comprehensive replacements of failing equipment in City buildings, such as HVAC systems, to reduce the amount of labor needed to complete small repairs and focus efforts elsewhere.
- Continue to find areas where the City is overpaying for specific goods and services as well as keep track of City accounts' budgetary constraints to improve purchasing efficiency.

General Fund - Administrative Department - Management Division

CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

The Legislative Department provides clerical, administrative, research and staff support to the Newark City Council, its appointed boards, commissions and committees, and both the City Solicitor and Deputy City Solicitor as well as electronic and paper document management for the City. The department is led by the City Secretary, who is appointed by City Council and also serves as the City Treasurer, and staffed by eight additional team members – three full-time and one part-time in the main Legislative office and three full-time and one part-time in the Records Division.

The department serves as a liaison between citizens and City Council. It oversees agenda preparation for Council meetings, schedules meetings, advertises and provides public notification of hearings, and prepares the minutes of City Council and other committee meetings. The City Secretary also serves as FOIA Coordinator for the City and works with the departments for timely fulfillment of citizen requests and compliance with open meeting requirements.

This department is the City's record keeper for Council and permanent documents and as of October 2017 houses the Records Division, which was formerly under the IT Division. The Records Division is working to review the approximately 8.9 million pages of records currently housed within the City of Newark, determine what it required to be kept versus what can be destroyed as a duplicate or document having met its retention schedule and digitize the City's numerous paper records that are required to be retained to create an electronic archive to better serve the citizens and staff of the City of Newark.

Department staff ensure the official recording of numerous documents with the New Castle County Recorder of Deeds. The City Secretary serves as the complaint officer charged with resolving cable television issues covered by the City's franchise agreements with providers.

This department also serves as the administrative arm of the legal section of the legislative branch of City government. The City Solicitor and Deputy City Solicitor rely on this office for research, drafting various documents, preparing case files and full clerical support.

CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include:

- Successfully executed City-wide election in 2019.
- Facilitated the completion of the City Manager search process by liaising with Council, staff and GovHR to plan and execute numerous meetings and events.
- Cross-trained employees in anticipation of City Secretary's extended leave in 2019.
- Anticipate staffing 57 Council and committee meetings in 2019, including 35 Council meetings, 7
 Board of Adjustment meetings, 12 Conservation Advisory Commission meetings and 3 Election
 Board meetings. This includes agendas, minutes, website postings, legal notices (where
 applicable), and agenda packets (where applicable).
- Processed 119 FOIA requests as of August 23, 2019.
- Implemented the Records Division Strategic plan with the City-wide rollout of the project to all departments. The Division also added Police Department records to its responsibilities, which brings another approximately 1.2 million pages of records to be reviewed and processed.
- Scanned 395,270 pages as of August 23, 2019.

CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2020 DEPARTMENTAL GOALS

Goals for 2020 include:

- Successful execution of the 2020 Council elections.
- Surpass the benchmark of 2,000,000 pages scanned.
- Create a strategic plan for the implementation and cost of public portals to access the City's scanned records in advance of the FY2021 budget process.
- Evaluate the status of projects completed at the end of 2019 and work to complete the remainder in 2020.
- Continue promoting accessibility and transparency for the citizens of Newark to the records of the City and the legislative process.

General Fund - Legislative Department

CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT – ALDERMAN'S COURT 2020 DEPARTMENTAL NARRATIVE

The Alderman's Court is designated as Court No. 40 and falls under the jurisdiction of the State of Delaware Chief Justice. All Traffic and Criminal Misdemeanors in and for the City of Newark are handled in the Alderman's Court. The Alderman (judge) is required to be an attorney, licensed in the State of Delaware, recommended by City Council, appointed by the Governor and confirmed by the Senate. The Alderman serves in the capacity of the Chief Alderman in the State of Delaware, as this is the largest Alderman's Court in the State. A Deputy Alderman is also appointed to serve on the bench in the absence of the Alderman.

The Alderman's Court has jurisdiction over all traffic, criminal misdemeanors and parking violations in the City limits of Newark. This also includes building and animal code violations. The Court is in session three times a week consisting of Tuesday, Wednesday and Thursday weekly and the first Friday of the month. All court sessions are from 8:00 am to 10:00 am. Parking appeals can be heard on Tuesday and Wednesday from 8:00 am to 10:00 am.

The goals of the Alderman's Court are to provide professionalism in support toward defendants, the Alderman and the City; and maintain administrative and financial reports to the City Council and State of Delaware.

This office has a staff of seven, including the Clerk of the Court who is responsible for the daily operation of the Court and reports to the Alderman on judicial matters and to the City Manager on administrative practices. The office is responsible for maintenance of court proceedings, scheduling of arraignments and trials, payment of fines, parking tickets, code violations, collection and disbursement of fines and other funds within the city and the State of Delaware. In 2018, a total of 12,447 cases were filed in the City of Newark Alderman's Court and the Court collected \$784,275.30 in fines. In addition, the Court collected \$903,726.92 in parking fees, \$26,550.62 in civil citations, and \$86,936.52 in security fees, totaling \$1,801,489.36.

CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT – ALDERMAN'S COURT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include:

- Alderman's Court continues to make improvements to enhance customer service and increase security. Such measures include: installation of security cameras in the courtroom and the lobby as well as a TV monitor in the lobby.
- Language Link continues to provide interpreters for trials and arraignments and for translation for incoming phone calls and has assisted the Judges and officers with the court process.
- The court added 2 part-time bailiff positions in August 2017 to oversee the daily operations of
 court sessions, to assist customers in the lobby with questions or payments at the kiosk, and to
 provide security to the Court. Their addition has assisted court personnel with the daily
 operations of the office as well as providing security to court.

CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT – ALDERMAN'S COURT 2020 DEPARTMENTAL GOALS

Goals for 2020 include:

The goals of the Alderman's Court are to provide professionalism in support toward defendants, the Alderman and the City; and maintain administrative and financial reports to the City Council and State of Delaware.

- Continue to submit timely reports to the City of Newark and State of Delaware reflecting the collection of all parking, criminal and traffic revenue.
- Adjudicate most misdemeanors within 90 days of offense unless the trial calendar, City Solicitor or the attorney's schedule dictates differently.
- Continue to promote the Probation before Judgment program to offenders for their first offense.
- Hold at least 2 training sessions for staff in T2, DELJIS and the Microsoft office suite to promote increased productivity.
- Continue to work with the records management team to comply with appropriate destruction practices for records with the State of Delaware.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

The City of Newark Finance Department is the centralized financial reporting and service organization comprised of Financial Management, Accounting, Budgeting, Information Technology (IT) and Payments & Utility Billing (PUB). Our function is to provide support to both our internal and external customers.

Accounting:

• The accounting program is responsible for financial accountability and reporting, asset and liability management, revenue recognition and billing, and the disbursement of funds. Financial accountability duties include accurately recording information and reporting data in understandable formats for internal and external purposes. Asset management provides for the security, control and accounting of cash, receivables, operating inventory, buildings and property, equipment and pension funds. Liability management includes proper recording and reporting of all short- and long- term liabilities, such as accounts payable, encumbrances, debt and capital lease obligations. Primary activities include investment management, liability insurance and risk management, and accounting for all the City's funds. Revenues billed through the accounting office include property taxes and other miscellaneous charges. Disbursement of funds refers to the timely and accurate processing of accounts payable and payroll.

Budgeting:

- The budget process is the joint responsibility of the City Manager and Finance Director. The program consists of two major parts; a five-year capital improvement program (CIP) and the annual operating budget. The five-year CIP is updated annually with the operating budget. The annual budget is a policy statement and a legally binding control document setting forth the financial operations plan for the coming fiscal year. The capital and operating budgets are adopted by the City Council following the City Manager's review and a public hearing. The 2019 budget for all funds totals \$94.5 million including a \$3.9 million net capital budget.
- The budget program is responsible for revenue estimation, preparation of estimated
 expenditures for the current year and projection of expenditures for the coming budget year
 based on input from the City management team, monitoring of budget activity during the year,
 and periodic analysis and reporting of budget status. Additionally, it is the responsibility of the
 budget program to estimate required resources to fund programs and to propose utility and tax
 rates at the proper level to fund these programs.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2020 DEPARTMENTAL NARRATIVE

Payments and Utility Billing (PUB):

• The Payments and Utility Billing program is responsible for providing assistance to utility customers in establishing and terminating service, answering billing and service inquiries, executing the billing process for the City's electric, water and sewer utilities, processing customer payments, managing delinquent utility accounts receivable and providing customer education and information on city operations. Commercial and residential utility customers, including City residents and out-of-town water customers, receive monthly billing statements for usage metered by the City's smart meter technology. The billing volume is managed efficiently by staggering cycles into daily workflow.

Information Technology (IT):

The IT division is responsible for providing the technology infrastructure, line-of-business
application management, and daily support services for all City of Newark buildings,
departments, and users. IT is also responsible for: general workstation and end-user support;
servers and group services; web applications; researching new and innovative technologies;
networking and communications support; security; computer operations; training and
education.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2019 include:

The Finance Department supports all projects/programs within all City departments, both directly and indirectly. Key accomplishments for 2019 include:

Accounting:

- Received the "Certificate of Achievement for Excellence in Financial Reporting" from the Government Finance Officers Association (GFOA) for the 9th consecutive year for the City's Comprehensive Annual Financial Report for 2017.
- Received an unmodified opinion from CliftonLarsenAllen LLP, for the City's financial statements for the year ended December 31, 2018.
- Submitted the City's 2018 Comprehensive Annual Financial Report to the GFOA for the "Certificate of Achievement for Excellence in Financial Reporting".
- Partnered with Information Technology to allow tax bills to be both viewed and paid online.
- Trained and implemented Munis General Billing for PWWR and Parking during 2019. This is part of an ongoing initiative to have all City billings, other than utility billings, centralized in Munis.

Budget:

- Continued to improve the budget process by presenting budget information for both revenue and expenditures at the summary level, prior to department budget presentations.
- Initiated a "sweep" program with the City's financial institution, resulting in additional interest income to the City of approximately \$185,000.
- Staff worked in conjunction with the City Manager's office to convert the City from a self-insurance program for workers' compensation to the Delea Founder's Insurance Trust (DFIT). This conversion into an insurance pool provides a greater benefit for our City workers and mitigates the City's financial exposure for work-related injuries.
- Staff worked in conjunction with PWWR and the City Manager's Office to secure funding from the State Revolving Loan program on the projects approved in the 2018 Referendum.

Payments and Utility Billing (PUB):

- Partnered with DEMEC and Efficiency Smart to provide low-cost/no-cost energy efficiency services to the City's electric customers.
- Worked with Information Technology to move phone payments for utility bills to an interactive voice response (IVR) system. This enhancement improved the service levels for our customer service representatives by reducing the number of incoming phone calls by 1200 each month.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2019 DEPARTMENTAL ACCOMPLISHMENTS

Payments and Utility Billing (PUB) (continued):

• Worked with Accounting and the City Manager's office to select a third-party collection agency to address closed, delinquent electric accounts (pending Council approval).

Information Technology (IT):

- A new Disaster Recovery (DR) site for the City has been outfitted and enabled. This relocation
 provides DR servers and network gear access to generator power and further limits physical
 access.
- The current phase of the Main St camera refresh is complete. This multi-year project came in under budget allowing us to accelerate deployment. Project will be finished ahead of schedule.
- Additional cameras deployed to the Water Treatment Plant to provide an added layer of security to the City's vital infrastructure.
- A new Storage Area Network (SAN) device was installed allowing us to provide necessary resources to virtual servers, workstations and applications.
- Document migration to SharePoint is in progress providing version control, collaboration capabilities and more granular permissions.
- Upgraded Tyler platform to version 11.3.
- Worked with Accounting to move outstanding general bills to transfer onto the tax bill.
- Configured all cradlepoints for Police Vehicle Retrofit project.
- Configured and trained Police/HR on an automated document acknowledgement process using Tyler Munis.
- Configured and trained Police on the training and certification modules in Tyler Munis, saving time and eliminating paper.
- Worked with Accounting to migrate PWWR and Parking from a manual billing process to Tyler Munis General Billing.
- Implemented an electronic request for check process, saving time and eliminating paper (going live October 1).
- Implemented a SharePoint employee directory with Delve integration to provide employees with an extra security measure to identify City personnel.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2020 DEPARTMENTAL GOALS

Goals for 2020 include:

- Maintain national recognition for excellence in financial reporting from the Government Finance Officers Association for the City's 2018 Comprehensive Annual Financial Report.
- Become the first municipality in the state to prepare a Popular Annual Financial Report (PAFR).
 The GFOA established the PAFR Program in 1991 to encourage and assist state and local governments to extract information from their comprehensive annual financial report to produce high-quality popular annual financial reports specifically designed to be readily accessible and easily understandable to the general public and other interested parties without a background in public finance.
- Support the City Manager with fiscal solutions to support the services and programs citizens expect and deserve through the development and implementation of a long-range plan to close the operating budget gap while maintaining or extending service delivery to the public.
- Properly record and account for all financial transactions, prepare accurate, informative, and timely financial reports, disburse City funds in an efficient manner, maintain financial, property tax and payroll records, operate the risk management function to provide maximum return on City funds, and provide adequate insurance protection at the lowest possible cost.
- Prepare an annual operating budget and a five-year capital improvement program to meet
 Charter requirements deadline and communicate the City's financial plan, forecast the
 anticipated revenues and expenditures necessary to maintain adequate reserves for future
 improvements, coordinate the budget preparation process with departments to institute
 participatory budgeting techniques, and ensure that resource allocation decisions are
 implemented in the most effective and efficient manner.
- Maximize the usage of the Utility Billing software to improve utility information management, accurately capture utility consumption and revenue figures, record and account for income from utility sales, build reliable statistics for use in utility budgeting and forecasting, and provide responsive and courteous customer service in the pursuit of service excellence.
- Ensure a skilled, responsive and innovative Finance and Information Technology team that keeps current with evolving business-critical technologies, while providing high quality customer service.

General Fund - Finance Department
