#### CITY MANAGER'S OFFICE

CITY OF NEWARK

220 South Main Street · Newark, Delaware 19711 302.366.7000 · Fax 302.366.7035 · www.newarkde.gov

December 31, 2021

Newark City Council City of Newark, Delaware

#### **2022 GENERAL OPERATING BUDGET AS APPROVED**

Honorable Mayor and Members of City Council:

On behalf of the City Manager's office, the Finance Department and with support from our departmental teams, I am pleased to submit the final, approved 2022 General Operating Budget. The 2022 budget totals \$99,012,761, which reflects a 4.0% increase over the 2021 budget, or \$3.8 million.

This memo encompasses all budget adjustments and key decisions that were approved during the budget hearings and subsequent City Council meetings which occurred between October 4 and December 13, 2021. Highlights include:

#### Revenue:

- Tax increase of 2.5% effective July 1, 2022 will provide an addition \$100,000 in revenue to the City in 2022, and \$200,000 annually thereafter. The tax adjustment was approved by Council on November 1, 2021.
- Adjustment of customer charges for sewer, water, and stormwater accounts, were all approved by Council on December 13, 2021.
  - Generates an additional \$32,000 to the water fund, \$15,000 for the sewer fund and \$270,000 to the stormwater fund to cover the debt service payment for the projects approved during the 2018 referendum.
    - Sewer customer charge was approved via Ordinance 21-36 (sewer).
    - Stormwater customer charge was approved via Ordinance 21-37 (stormwater).
    - Water customer charge was approved via Ordinance 19-38 (water).

#### **Operating Budget Expenditure:**

No Changes

#### **Capital Budget Adjustments:**

- K1203 Old Paper Mill Park project reduced ARPA funding by \$100,000 to \$1,400,000 per Council direction on November 1, 2021.
- I1801 Citywide Fiber (Phase II):
  - Reduced Current Resources by \$100,000
  - o Increased ARPA Funding by \$100,000
  - o Per Council direction on November 1, 2021

■ CEQSF – Moved the acquisition of four Police Interceptors from 2022 into 2021 (<u>link</u>) due to supply chain issues.

The 2022 Approved Operating Budget with all changes is incorporated on the table below:

		* as amended	** as proposed

Newark City Council City of Newark, Delaware

#### **2022 GENERAL OPERATING BUDGET MESSAGE**

The Honorable Mayor and Members of City Council:

On behalf of the City Manager's office and Finance Department of the City of Newark, with support from all departmental teams, I am pleased to submit our recommended 2022 General Operating Budget for your consideration and approval. This document represents the City's financial plan for the next fiscal year, considering experience, forecasting efforts, and Council direction. The budget ensures the continued provision of high levels of service and identifies the anticipated revenue sources to support our operations. The 2022 budget was developed based on a prioritization of needs for a well-rounded, full-service city, requiring consideration be given to competing infrastructure and community interests and the economic impact of the COVID-19 pandemic on the City's, and our resident's, finances. As with recent years, time was devoted in 2021 towards evaluating options for increased operational efficiencies and cost savings.

In preparation of the 2022 budget, we face several familiar structural cost drivers that once again compete with desired projects for funding. These structural costs are similar for municipalities across the state and country: rising healthcare costs, unfunded pension liabilities, collective bargaining related salary increases, and post-employment benefit liabilities. Absorbing a majority of the increases from these items to reflect a minimal impact on our utility customers and taxpayers took much hard work by our department directors and staff.

Primary goals of the 2022 General Operating Budget and the associated Capital Improvement Program include continued provision of existing services, maintenance of our existing infrastructure, meeting the needs and expectations of our community, and taking advantage of innovative and/or progressive efforts to plan for the future and move our community forward. Developing meaningful partnerships, embracing efforts for economic development and improving our use of technology and communication with our citizens continue to be a high priority. To reach our goals, we remain committed to increase revenue diversification and look for ways to hold the line or gradually reduce our reliance on enterprise fund transfers into the General Fund. We also recommend that the City continue to migrate utility revenue away from consumption based variable charges into lower risk customer charges. Lastly, we continue to utilize borrowing where appropriate to create a foundation for a more sustainable financial future.

Finally, with significant consideration and effort on the part of all departments, we present the consolidated 2022 Operating Budget and 2022 thru 2026 Capital Improvement Program (CIP). The CIP continues to heavily leverage city funds to maximize external funding sources. Fifty-one percent of the

funding for the City's capital program is earmarked to be paid with external funding sources. Utilizing grant funds and contributions from state legislators where possible, we have continued to incorporate borrowing from bank loans and the state revolving loan program into the budget, as approved during the 2018 Referendum. Capital projects have been prioritized with a "fix it first" approach, as keeping our current infrastructure maintained and up to current standards is the backbone of our capital budget. Extending assets' useful lives and the safety of our community are highly regarded in the prioritization process as well, followed last by the projects that are an expansion of our existing services or assets and could be considered as nice to haves.

In summary, the core action items of this budget include:

- A proposed tax increase of 5% for 2022
  - o Tax rate is based on 1983 taxable assessments provided by New Castle County.
  - o Same service levels as provided in 2021.
  - o Increased transfer from the utilities to the governmental funds totaling \$0.7 million (\$16.2 million to \$16.9 million).
- A Water customer charge adjustment (entirely to cover Referendum-related projects) that will generate an additional \$32,000.
  - O City overall water consumption has improved from 2020. While conservation and technology advancements generally comes with flat water sales, the City has experienced improved water sales as the year progressed and students returned to Newark. The City continues to see some fluctuations in water sales due to weather, but the conscious efforts made by the Administration and Council to recover fixed costs via the customer charge has provided some revenue stability.
  - o In 2020, City Council enacted the first meter-based customer charge in the water and sewer utilities to cover the debt service associated with borrowing approved under the 2018 referendum. This is the first step towards a more stable mix of volumetric and fixed charges. We expanded this in 2021 with an offsetting reduction to volumetric and have proposed another increase to both utilities customer charges to cover the additional debt service payments anticipated from our continued work on projects that were included in the approved referendum.
  - The 2022 CIP provides for \$2,969,000 of Water Fund projects to be completed utilizing \$25,267 in reserves, \$318,733 in current resources, \$1,925,000 in state revolving loan funding, and \$700,000 in American Rescue Plan Act (ARPA) funding. The CIP funding is driven by the Laird Tract Well Field Restoration (\$1.925 million). ARPA funding will help complete a list of smaller, essential water projects that have been placed on hold due to funding conflicts.
- A Stormwater customer charge adjustment (entirely to cover Referendum-related projects) that will generate an additional \$270,000.
  - o \$2.6 million annual program to cover the cost of the current stormwater program.

- o Includes a monthly stormwater fee that will be between \$2.33 and \$7.01 per month for residential customers. Most residential customers will pay \$3.89 or less per month. Non-residential customers will pay \$3.89 per month per ESU (Equivalent Stormwater Unit). This reflects a 10% change from the 2021 rates to cover the debt service for the Rodney stormwater project, which will be completed in 2021.
- The 2022 CIP provides for \$925,000 of stormwater projects, including Storm Drainage Improvements of \$550,000.
- No Electric rate adjustment for 2022
  - The 2022 CIP provides for \$2,752,033 of electric projects to be completed utilizing 2022 current year revenue \$1,033,821, reserves of \$1,598,212 and other funding totaling \$120,000.
  - The City is currently undergoing a rate study, which we plan to complete by the end of 2022, as the Covid pandemic delayed the project.
- A Sewer customer charge adjustment (entirely to cover Referendum-related projects)
  - The 2022 CIP provides for \$1,950,000 of sewer projects to be completed utilizing \$1,800,000 in state revolving loan funding and \$150,000 in current resources to pay for ongoing sanitary sewer repairs.
  - o In 2020, City Council enacted the first meter-based customer charge in the water and sewer utilities to cover the debt service associated with borrowing approved under the 2018 referendum. This is the first step towards a more stable mix of volumetric and fixed charges. We have proposed another increase to both utilities customer charges to cover the additional debt service payments anticipated from our continued work on projects that were included in the approved referendum.

#### **2022 Budget Process – Discussion of Challenges and Initiatives**

The 2022 budget process began late spring, with staff discussing our organizational challenges and initiatives, and the Finance Department updating the presentation templates that were initially created as part of the 2019 budget process. We have incorporated more data than ever into our Capital Improvement Plan and held a budget meeting with Council in August to reflect the starting point of the 2022 budget, highlighting our anticipated revenue shortfalls, for the third year in a row. Efforts to compile our annual budget has not become easier, however the earlier start to the budget process and the involvement of City Council earlier in the process has provided more transparency as to what is included in the budget program. We are confident that the changes made to the budget process over the last few years have benefitted all who are involved in the process. Staff is challenged annually with aligning funding for initiatives and services across departments where it provides the most benefit, reducing costs where possible, and continuing to positively impact the character and economic vitality of our community.

Our organization's most valuable resource, our personnel, currently makes up 36.8% of our overall budget

costs. Increased personnel costs, including salary and benefit provision adjustments, the recruitment of suitably skilled staff, and the retention of our workforce impacts the budget's bottom line. As a result, the general fund will require regular non-utility revenue enhancements or else we will increase our reliance on utility revenue to cover general fund operations. The City finalized new collective bargaining agreements with three of our four labor unions: CWA, AFSCME Local 1670, and AFSCME Local 3919 at the end of 2019. Each of these contracts are a minimum of 4 years in duration, with AFSCME 1670 being a 5year contract. We are currently in negotiations with FOP Lodge 4 with the goal to renegotiate their contract before it expires at the end of 2021. All personnel costs (including benefits) are up \$693,831 compared to 2021. The majority of that increase is associated with the addition of four new positions: Deputy Planning Director, two Planner positions, and a Distribution Engineer in the Electric Department; with the two temporary Planner positions paid through the American Rescue Plan Act. Absent a reduction in force which would reduce level of service, personnel costs will continue to trend upward due to contractual obligations, increasing healthcare expenses, and increased pension and other postemployment benefits (OPEB) obligations due to more realistic (lower) return assumptions for our pension fund and OPEB investments. The City has been able to manage some of its personnel expenses through natural attrition, with new employees starting back lower on the wage scale.

Many of our growing personnel costs are legacy obligations, like pensions and OPEB, that we have been able to negotiate out of labor contracts over the last few years. Unfortunately, the funds created to pay these liabilities assume payments are made across employee's entire careers, so we are still required to make payments for obligations from the past. Pension and OPEB costs consistently increase each year, and the City uses a realistic assumed rate of 6% for future return assumptions. , which is considerably lower than the 7.5% that was assumed earlier this decade. Assuming a lower rate of return results in higher necessary payments but is a more realistic representation of what we are likely to achieve from our investments in the short term. Unfortunately, while we have made large improvements in funded status of the pension and OPEB funds in recent years, both are still only funded around 70% and will require continued contributions of around \$4 million per year for years to come to be able to meet our previously promised benefit obligations. In 2021, all new members of the FOP will be automatically enrolled in the State's pension plan, which will help the City with its pension liabilities in the long-term. In addition, health care expenses continue to be an ongoing challenge year over year.

Budget discussions of recent years have highlighted Newark's admirable utilization of the "pay-as-you-go" method of financing its capital projects. While paying cash for our projects has kept our debt service low, in turn, it has prevented us from adequately funding reserves and tackling larger capital projects to address our aging infrastructure. The successful 2018 referendum provided borrowing authorization for up to \$27.6 million in a combination of state revolving loans and bond/loan financing which has allowed us to incrementally build our cash reserves back to a level in line with our Council approved financial policies. Continuing to strike a balance between "pay-as-you go" and smart borrowing for projects with adequate lifecycle moving forward will allow us to preserve our highly respected AA+ bond rating while adequately meeting the growing capital needs associated with aging infrastructure. While our rating was modified with a negative outlook last fall due to the impacts of COVID-19, it was recently revised back upward to stable. Our reserves and CARES Act funding of \$2.3 million, allowed us to weather the downturn without reducing services to our residents and customers.

Despite moderate electric sales growth over the last few years from construction at STAR and elsewhere downtown, long-term trends for sewer sales are flat and water sales are decreasing, largely due to higher efficiency fixtures used in new construction and improved leak detection from the smart meter project. In 2021, the City began seeing the return of volumetric activity to pre-Covid levels, but the overall

downward trend of volumetric sales is continuing its path due to conservation efforts. This slow decline, especially in peak demand, has occurred broadly in New Castle County. Additionally, our tax base only increases because of construction activity, and then only by the net difference between what was on the property originally and what is built back in its place. As a result, our tax base and utility revenue will not increase over the short-term at a rate sufficient to fund our community's growing infrastructure maintenance demands as our infrastructure ages. However, proper financing of our debt, accompanied with prudent planning, and sustainable development growth can ensure that both our current and future residents and business owners are paying for services at a rate that is comparable to our communities. The good news is Newark remains a great value.

Smart City initiatives of the past are generating long-term avoided cost savings to the City. During 2015 and 2016, the City replaced nearly 2,000 streetlight fixtures with LED replacements. In September of 2017, Vermont Energy Investment Corporation (VEIC) performed a Measurement and Verification (M&V) analysis to determine the project's overall impact and cost-effectiveness. This report confirmed that the City's LED project will produce a cost avoidance of \$135,000 each year and create an annual savings of 829,000 kwh. The total cost of the project was \$575,000, creating a return-on-investment payback period on the City's outlay of just over four years. For every \$1 spent on this project, the City will save \$4.20 through avoided costs. Building off the success of that project, the City is just beginning the construction phase of a nearly \$9 million Energy Savings Performance Contract (ESPC) in partnership with Seiberlich Trane, a Delaware licensed Energy Savings Company (ESCO). This project includes replacement of inefficient and end-of-life HVAC systems at City Hall, the Newark Police Department, and the George Wilson Center with high efficiency systems utilizing modern building automation systems. In addition to the HVAC work, this project also completes the City's transition to LED streetlights by replacing the remaining 800 streetlights in areas where we have underground electric lines. It also adds dimming capability on all streetlights in the City, repairs or replaces all flat roofing systems on City facilities, installs 1.3 megawatts of solar generation, upgrades water department pumps with variable frequency drives where appropriate, and includes a handful of other efficiency related improvements. In the end, the savings generated by these projects will more than cover the cost of the annual lease payments over the 20-year payback period while moving us forward toward the goals included in the "Sustainable Newark" sustainability plan adopted by Council earlier this year. This sustainability project is currently underway and will be completed in early 2022.

Rising health care expenses are one of the biggest challenges facing both the public and private sector today. The City of Newark, in working in conjunction with its workforce, joined the Delaware Valley Health Trust in 2015. This monumental change allowed the City to continue to provide quality healthcare to its employees, while avoiding annual double-digit premium increases that other government agencies have experienced, through pooling its risk with other municipalities. During this time our annual healthcare costs have increased at a rate approximately half of what we would have experienced otherwise. This year's renewal was no different, with an average increase across all offered plans of only 2.1%.

Appropriately managing risk and strategically using tools that are available to us, like debt and performance contracting, will be critical if we are going to be successful at sustainably meeting the expectations of our community for service delivery and quality of life. One critical action that staff strongly recommends is that we continue to move more of our utility revenue toward fixed charges and away from volumetric charges. This is to reflect that most of our expenses, especially in the water fund, are fixed, and that just because a building uses no utilities does not mean they received no benefit from the utility being there, ready to serve on demand. This was highlighted last year during the early months of the pandemic when UD and most businesses closed or move towards work from home, resulting in the loss

of millions of dollars in utility revenue. Best practices in utility management suggest frequent reviews of our billing structure with adjustments as necessary to keep each utility financially stable while avoiding cross-subsidization of customer classes. The City must remain proactive to ensure that the City's fees for service are covering the costs to provide them equitably to all our customers.

#### **The 2022 Budget in Summary**

The proposed budget for 2022, including the five-year Capital Improvements Program, currently results in a surplus of \$197,291. This estimated surplus is usually divided amongst all funds, however, this year, the Stormwater Fund accounts for 100% of the balance. If the expenditure budget fall under or equals the revenue estimates in 2022 at year-end, these funds would revert to their respective reserve accounts to help grow the City's cash balances. Stormwater surplus can also be used to help pay down principal on the Rodney project loan, which would decrease interest expense over the life of the loan.

	* as amended	** as proposed		
	2021	2022	\$ FROM	% FROM
EXPENDITURE/SURPLUS	* BUDGET	** BUDGET	2021 BUDGET	2021 BUDGET
Operating Budget	\$ 88,750,747	\$ 91,360,289	\$ 2,609,542	2.9%
Capital Budget	1,509,781	3,029,833	1,520,052	100.7%
Debt Service	3,489,242	4,525,348	1,036,106	29.7%
Net Current Surplus	1,468,072	197,291	(1,270,781)	-86.6%
Total	\$ 95,217,842	\$ 99,112,761	\$ 3,894,919	4.1%
			· · · · · · · · · · · · · · · · · · ·	

Major components of the consolidated budget are reflected as follows:

Operating expenditures are increasing by 2.9%, while capital expenditures are increasing by \$1.5 million or 100.7%. Newark's debt service is up \$1 million and our net current surplus has decreased by \$866K. The Net Capital Budget of \$3 million consists primarily of:

- Electric: \$1,033,821 \$140,000 for new lines and services (E2201), \$130,000 for a three-wheel wire trailer (old one was handmade over 40 years ago), \$50,000 for a trencher, \$125,000 for Villa Bellmont project, \$440,000 for the new substation engineering study and system analysis (E2002), and \$160,000 for 35kV disconnect switch replacements at Kershaw substation (E1912).
- Stormwater: \$575,000 stormwater quality and drainage improvements.
- Streets/Engineering: \$519,712 \$450,000 towards the annual street program, with a total budget of \$1.45 million. Total funding for the Street program is \$1.6 million for 2021. \$44,712 for equipment replacement, and \$25,000 to Engineering for Survey equipment.
- Water: \$318,733 \$150,000 towards the Curtis Wastewater Treatment Plant Raceway and Lagoon Rehabilitation, \$100,000 for valve inspections, exercising and rehabilitation, \$25,000 for the Roseville Park Pressure District. \$29,000 for the Well Restoration Program, and \$14,733 for equipment. The Water Main Replacement Program that was funded in 2021, will be completed in 2022.

- Sewer: \$150,000 \$75,000 towards the fats, oils and grease (FOG) program, and \$75,000 for a backup pump to eliminate any potential sewer overflows. The City's Sanitary Sewer Repair program, which includes \$1.8 million in funding in 2022, is funded via the State Revolving Loan program.
- Information Technology: \$215,000 \$140,000 for the second phase of the Citywide Fiber project, and \$75,000 towards an automation platform to improve the efficiency of utility billing.
- Parks and Recreation: \$94,339 reflects \$20,000 for improvements at the pools at Dickey Park and the George Wilson Center (year 1 of 2), \$30,000 for facilities accessibility (K2004) and \$40,000 for children's play equipment (K0908).
- Police: \$123,228 funding for police handgun upgrades (\$66,153), police motorcycle computer upgrades (\$23,426), and portable radio replacements (\$33,649).

#### **2022 Budgeted Operating Expenses by Function**

Total operating expenses are recommended to be \$95.9 million for 2022, or a \$3.2 million increase from 2021. The table below highlights the City's 2022 budgeted operating expenses:

	* as amended	** as proposed				
	2021	2021 2022 \$ FROM				
	* BUDGET	** BUDGET	2021 BUDGET	2021 BUDGET		
Personnel Services	\$ 35,836,113	\$ 36,469,453	\$ 633,340	1.8%		
Utility Purchases	36,804,486	37,430,531	626,045	1.7%		
Materials and Supplies	2,418,695	2,496,066	77,371	3.2%		
Contractual Services	11,151,662	11,940,258	788,596	7.1%		
<b>Equipment Depreciation</b>	1,437,919	1,808,826	370,907	25.8%		
Debt Service	3,489,242	4,525,348	1,036,106	29.7%		
Other Expenses	1,101,872	1,215,155	113,283	10.3%		
Total	\$ 92,239,989	\$ 95,885,637	\$ 3,645,648	4.0%		

**Personnel Services** - Personnel expenses are increasing by \$633K or 1.8% in 2022. Wages are budgeted to be \$959,000 more than what was budgeted in 2021, for an increase of 4.3%. Wages includes the contractually negotiated salaries of our workforce, as most of our full-time employees are represented by the FOP, AFSCME or CWA. The increase for 2022 includes associated merit steps for eligible employees, and cost of living adjustments for CWA, AFSCME and the FOP, as we are in current contract negotiations with the FOP. There is no cost-of-living adjustment in the budget for management staff, but there are funds included to add 4% to the pay bands for management staff. Doing so will require additional council approval via ordinance. This pay band adjustment would help alleviate the salary compression issues that we have between our workforce and management and provide more room for growth.

Also included in the wages budget for 2022 are the four new positions, three of which were already approved by Council for the Planning Department to be filled this year, which are the two Planner

## 2022 General Operating Budget Message October 30, 2021

positions and the Deputy Planning Director. These three positions added \$224,000 in wages to the budget for next year, with ½ of this expense funded via ARPA. The fourth new position, which is the Distribution Engineer, is funded from Electric and adds \$75,000 in wages to our budget.

Included in the \$36.5 million in personnel services are funding for the City's pension plan (\$3.85 million). The Pension plan has been closed since 2014 to new hires, except for the City's police officers. In addition, the City will be contributing nearly \$1.6 million towards its OPEB obligations in 2022. Both pension and OPEB contributions reflect a 10% reduction when compared to 2021.

**Utility Purchases** - Utility purchases, which include the cost of electric purchases from DEMEC (\$32.2 million) and sewer purchases from New Castle County (\$5.2 million), are anticipated to be \$37.4 million. Should New Castle County choose to raise rates after July 1, 2022 we would need to perform a mid-year rate adjustment to pass these costs along to our sewer customers or else we will run a deficit for the year. As of today, we are anticipating a 2% rate change from DEMEC for the purchase of wholesale electric for 2022.

**Materials & Supplies** - The materials and supplies lines have increased 3.2% due primarily to the increased costs of firearm supplies and \$17,000 to replace automated external defibrillators in Police. \$15,000 is needed to support the Street program, and another \$6500 for our Parks and Recreation programs.

Contractual Services - Contractual Services increased by \$788K, or 7.1%. Of this amount, \$459,000 of this increase is due to the CDBG program, which is entirely grant-funded. The CDBG program has about \$615K to spend toward City housing programs. The contractual services line is also seeing a \$145,000 increase due to our estimated expenses for the City's insurance coverage for things like auto, property and casualty, workers compensation coverage, cyber and broker fees. Lastly, bank merchant fees have also increased \$62,000 from 2021, and the cost to support the Police's body worn cameras totals \$110,000, which was not included in the 2021 operating budget.

**Equipment Depreciation** - Equipment depreciation (a non-cash, formula driven expense) increased by 25.8% versus 2021. This expense continues to supplement the funding our future large equipment purchases.

**Other Expenses** - Other Expenses increased \$113,000. The majority of this change is due to a \$75,000 grant to The Newark Partnership (TNP) that was not included in the 2021 operating budget.

**Budget by Department/Division** – The budget changes by department/division are reflected on the table below. The reduction in the need to purchase electric and sewer service due to the Coronavirus pandemic are contributing towards 28.4% of the annual operating budget increase over 2021.

	* as amended	** as proposed

#### **Revenue Highlights**

City wide operating revenues of \$99.1 million in 2022 are expected to be above 2021 budgeted revenue by 4.1%. Utility revenue are collectively responsible for \$1.7 million of the \$4.2 million increase due to expected return of volumetric sales to the pre-Coronavirus pandemic levels. In addition, the City is forecasting a \$1.1 million gain in revenue from its fees for services, which includes fines, park fees, and parking. We are estimating a small growth in taxable assessments for 2021, primarily due to commercial growth. Part of the property tax growth includes the proposed 5% tax increase which will provide \$200,000 in revenue to the City to fund its governmental services and to keep up on par with the rising costs of inflation. While 2018 and 2019 were banner years for real estate transfer tax (RTT), RTT fell off considerably during 2020 due to the slowdown in real estate activity caused by COVID-19. Since the end of 2020, RTT revenue has rebounded, so we have set the anticipated RTT revenue at \$1,650,000, which is \$200,000 more than what we anticipated in 2021. The hotel industry is also beginning to see more activity, and we have increased our hotel tax expectations by \$150,000 to \$600,000. In addition, 2021 construction

activity has been strong and will carry over into 2022. Projects such as the FinTech Building at the STAR campus, the recently completed Fulton Bank project, The Grove, The Railyard, US Armed Forces Reserve Center, Martin Honda expansion, Newark Senior Living, Briarcreek North, Newark Charter Junior High School, and the Green Mansion will provide compliment the City's current portfolio of utility customers, offsetting some of the negative impacts derived from Covid-19.

#### The 2022 through 2026 Capital Improvements Program

The 2022 portion of the proposed five-year Capital Improvement Program exhibits gross expenditures of \$16.5 million. Reserve funding, grant funding, vehicle equipment replacement funds, a bond issue, state revolving loan, the American Rescue Plan Act (ARPA) and other sources are proposed for the program. The use of capital reserves and equipment replacement reserves is a routine practice for projects that were authorized and encumbered in previous periods. Use of grant funding is likewise a fundamental goal and remains a recurring and successful funding mechanism for Newark.

Funding for the 2022 CIP is proposed on the table labeled "2022 CIP Funding Sources." The Net Capital Improvement total of \$3,029,833 will be funded in 2022 through current year revenue, which includes property taxes, utility rates, stormwater fees and other current sources of revenues.

Similar	to	2018	through	2021,
borrow	ing	is inclu	ded in the	e 2022

2022 CIP FUNDING SOURCES	Percent (%)	Dollar (\$)
Capital Improvements		\$ 16,478,982
Funding Sources:		
Use of Reserves	9.7%	1,603,654
Equipment Funding	4.4%	733,157
Grants	4.3%	708,016
Bond Issues	2.7%	450,178
State Revolving Loans (SRL)	22.6%	3,725,000
American Rescue Plan Act (ARPA)	35.4%	5,834,490
Other Sources	2.4%	394,654
<b>Current Resources</b>	18.4%	3,029,833

Capital Plan. It should be noted that any type of borrowing or funding partnership planned in future years will result in ongoing debt service expenditures and/or other operating costs which, when layered into future operating budgets, will result in reduced levels of then-current resources available for "pay-as-yougo" financing of capital projects. There is a need to address a greater level of critical infrastructure projects than current resources and reserves in 2022 will permit. Some use of ARPA funds is helping the City meet some of its infrastructure needs without going to referendum in 2023.

2022 CAPITAL EXPENDITURES	Percent (%)		Dollar (\$)
Water Fund	18.0%	\$	2,969,000
Electric Fund	16.7%	·	2,752,033
Public Works - Capital Proj. Fund	14.2%		2,339,890
Information Technology Division - Capita	13.0%		2,137,155
Parks and Recreation - Capital Proj. Fund	12.6%		2,068,275
Sewer Fund	11.8%		1,950,000
Stormwater Fund	5.6%		925,000
Other Departments	3.9%		644,335
Public Works - Maintenance Fund	2.7%		440,654
Police Department - Capital Proj. Fund	1.5%		252,640
Gross Capital Expenditures	100.0%		16,478,982

This need can be met through the responsible, systematic utilization of funding in a way that strikes a balance between accomplishing immediate needs and encumbering future operating costs. Capital projects earmarked to be funded via the state revolving loan program or a bond issue, will move forward due to the referendum passing in 2018 to secure funding for these projects.

The table "Expenditures" exhibits

planned capital spending by department in 2022. The majority of our gross capital expenditures consist of infrastructure, which are electric, water, sewer, stormwater and street projects.

#### **Fund by Fund Commentary**

#### **General Fund**

The General Fund is used to provide typical municipal services such as public safety, planning, administration, parks and recreation, streets and public works functions. Newark's General Fund remains highly dependent on transfers from the Enterprise/Utility Funds to maintain a positive fund balance and maintain the level of services offered in our community. This is further highlighted by the fact that property tax revenues (including tax penalties and franchise fees) make up only 8.3% of our operating revenues in 2022. While in recent years we have limited the level of our transfers in association with our Financial Policies and more pointedly by our acceptance of a Memorandum of Understanding (MOU) with then-Governor Markell's administration, efforts to self-motivate and monitor a sustainable level of transfers in the future along with additional revenue diversifications are challenges and must remain a priority. It is important to recognize that absent these transfers, the Governmental Funds (including the Street Division), would experience operating deficits over \$16.9 million in 2022, or require a tax increase well over 200% to account for the total loss of margin transfers and maintain current service levels. For comparison purposes, the City would need to add over 27,600 new additional residences just to collect \$16.9 million in new tax revenue based on the City's median assessed value of a residential property. This is merely an academic comparison, however, as new residential properties would also result in increased demand for services and, accordingly, increased costs that would likely more than negate the increased tax revenue. Development in a form that uses less in services and infrastructure than the tax generated is key to making a dent in our general fund deficit. This is generally achieved by offsetting single family residential areas with dense, mixed-use development located proximate to jobs and the downtown, although there is no magic formula.

An additional reason to continue to focus on decreasing our reliance on utility transfers is the risk to revenues associated with the increased penetration of privately-owned distributed energy resources, like rooftop solar, as well as the impact of electric and water conservation. Both items have positive environmental and social impacts, but negatively impact our utility sales and margins. Transfers from the water fund have been increasing as a percentage of revenues in recent years, absorbing the majority of the additional revenue raised by significant rate increases dating back to 2011. Dialing back, or at a minimum not further increasing, our dependency would provide future benefits by leaving more revenue in our utility funds that are facing an infrastructure replacement tsunami as most of our distribution infrastructure like pipes and wires installed mid-century reach the end of their useful life over the next 15 or so years.

#### **Other Governmental Funds**

Other governmental funds include the Capital Projects Fund, Debt Service Fund and the Special Revenue Funds. All capital projects associated with the General Fund are budgeted and accounted for in the Capital Projects Fund. The Debt Service Fund is used to account for debt associated with the General Fund. The Special Revenue Funds are supported mainly by grant funds.

#### **Enterprise Funds**

The Enterprise Funds are comprised of the Electric, Water, Sewer, Stormwater and Parking Funds. These funds are intended to be self-supporting and contribute to the Governmental Funds via operating margin transfers (except for Stormwater). City Council's adoption of the Stormwater Utility mandates that no funds are to be transferred from it to support general fund operations. (Bill 17-43). Revenue expectations by fund can be found in within the operating budget.

#### **Moving Forward**

Efforts to improve the opportunity for citizens to manage utility consumption and associated costs with smart technology, and to equitably align utility costs across users via a combination of fixed and consumption-based charges will be of great importance, alongside high quality municipal services and parks, as we compete for new residents and businesses. Furthermore, it would be prudent whenever feasible, for future budget cycles to feature small inflation-indexed tax increases, and fixed or reduced utility revenue transfers. However, as demonstrated by next year's revenue and expense budget projections, even with our continued efforts to embrace efficiencies and work smarter, costs continue to outpace our revenues. It remains clear that our organization and community will continue to be challenged to balance our commitment to our existing service levels without the need for higher, more diversified revenues. Our most recent revenue diversifier was the addition of the Hotel Lodging Tax in December of 2018. The Lodging Tax was a positive step for Newark to diversify revenue that supports our general fund, and the City strives to find new sources of revenue to ensure all are paying their fair share of City services.

#### **Budget Presentation**

The 2022 Budget document is arranged to comply with generally accepted accounting principles. Each operating budget is assigned to a fund group. The order in which they appear is Consolidated, General Fund, Other Governmental Funds, Enterprise Funds, and other miscellaneous funds. As in the past, consolidated revenue and expenditure summaries are presented in the front of the document, and each operating budget includes tables, statistics and annual reports for its individual department or division. The following schedule for processing the 2022 Budget is proposed to meet the requirements of the City Charter:

#### Presentation to Council:

- Public Hearing/Possible Budget Adoption November 1, 2021
- Contingency Date Public Hearing/Budget Adoption November 15, 2021 (if needed)
- Introduction Date for Revenue Ordinances November 8, 2021 (if budget is approved on November 1)

The preparation and compilation of the 2022 General Operating Budget and its accompanying Capital Program was the result of much hard work, research, and prioritization of all our departments. The Finance Department under the leadership of Finance Director David Del Grande, Deputy Finance Director Jill Hollander, Accountants Jim Smith and Debi Keeley, and Trevor Miller worked diligently in coordinating all stages of this document's development. Likewise, our Department Directors should be commended for thoroughly evaluating their needs, considering opportunities and responding to timelines and funding limitations.

## 2022 General Operating Budget Message October 30, 2021

I look forward to continuing the many efforts already underway, and yet to be proposed, along with our staff to move our organization forward and take advantage of opportunities for improvement. Lastly, I thank you for your dedication to Newark and ask that you continue to show your support of the hard work of our many employees on behalf of our community. Your commitment of time, skills, and interest in doing the right thing on behalf of our citizens, businesses and visitors will be greatly appreciated as we move into the New Year.

Respectfully submitted,

Thomas Coleman City Manager

#### CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT ORGANIZATIONAL CHART

# CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

The City of Newark operates its own electric utility to provide electric services to 13,000 meters, supporting commercial and residential customers within city limits. Power is purchased on the wholesale power market and delivered by the City. The electric department maintains 175 miles of electric lines and coordinates its services through several programs. They include:

#### **Meter Relay and Electrical Maintenance Program:**

Responsible for installing and maintaining electrical systems in city buildings, water wells, water, and wastewater pumping stations, traffic lights and control systems, meters, and other facilities.

#### **Electrical Line Construction and Maintenance Program:**

Responsible for maintaining the City's electric lines, substation sites, substation units, circuit breakers, and transformers.

In addition to maintaining the City's electrical distribution system, new power lines, substations, and underground electric utilities are constructed and installed to expand services to new customers. Additional departmental responsibilities include maintaining and installing street lights and traffic signals, trimming trees along the electric right-of-way, and providing distribution and sub-transmission switching and sectionalizing. The electric department's staff is also responsible for plans review, drawings, and engineering analysis for construction work.

# CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

#### **Key accomplishments in 2021 include:**

- The Electric Vehicle charging station infrastructure has been installed at the City Hall parking Lot and Parking Lot # 1 behind the Galleria. Two dual-port charging stations will be installed at the City Hall. The infrastructure at the City Hall can handle up to 5 dual-port stations (10 cars). One dual-port charging station will be installed at Lot # 1. The infrastructure at this location can handle up to four dual-port stations (8 cars). The project is in progress, and we are on track to complete this project by the end of 2021.
- An engineering firm completed a system analysis of electric distribution system to determine the current electric system strengths, weaknesses, and recommendations for future system planning.
- An additional underground high voltage cable will be installed at Christiansted to balance the load during emergency conditions when the existing high voltage cable fails. The project is in progress, and we are on track to complete it by the end of 2021.
- The new 35kV circuit breaker at the Fremont Road substation will be installed. The new circuit breaker will replace the 45-year-old 35kV oil circuit breaker. The project is in progress, and we are on track to complete it by the end of 2021.
- We have also completed the following development projects throughout the City:
  - o 321 Hillside Road The Rail Yard
    - 46 new meters were installed for the townhouses
    - 50 new meters were installed for the apartment buildings
  - o 1364 Marrows Road Martin Honda
  - o 287 East Main Street Fulton Bank
    - 3 new meters were installed for the commercial space
    - 30 new meters were installed for the apartments
  - o 401 Bellevue Road SAFStor
  - o US Armed Forces Reserve Center Ogletown Rd
  - Newark Senior Center on Barksdale Rd

#### CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2022 DEPARTMENTAL GOALS

#### Goals for 2022 include:

- Replace 40 years old 35kV disconnect switches at Kershaw Substation.
- A new 12,470-volt circuit will be constructed from Old South Chapel Street to South College
  Avenue through the University of Delaware Farm. This project will increase the capacity and
  reliable backup capacity to the Star Campus, the University of Delaware South Campus, and City
  customers on South College Avenue. This project is based on approval from the University of
  Delaware.
- Implementation of Outage Management System (OMS). With this application, we will be able to
  efficiently track outages, reduce downtime, and proactively and safely guide field crews during
  restoration activities. The application comes with a customer outage portal. With this portal,
  customers will be able to access real-time status updates detailing the estimated time of
  restoration, scheduled outages, and other outage-related activities.
- Installation of electric distribution lines in new developments.
  - o College Square Shopping Center
  - o 62 North Chapel
  - o Green Mansion
  - o Fintech at STAR campus

# CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

The Public Works and Water Resources Department is responsible for potable water treatment and delivery, sanitary sewage collection and transmission services, refuse collection, City fleet maintenance, engineering and surveying, street maintenance, and stormwater management through its the seven (7) divisions described below. Staff in each Division prepare reports and recommendations to the City Manager and City Council on facility improvements.

#### **Engineering Division:**

 As a Delegated Agency of the Delaware Department of Natural Resources and Environmental Control (DNREC) Sediment and Stormwater Program, the Engineering Division is responsible for the engineering review of new subdivisions and construction improvement plans, sediment and stormwater program implementation, and construction inspection. The division also provides public works capital project development and administration, survey support, GIS database management, and administration of our annual Street and Sidewalk Programs. Staff also responds to resident complaints regarding drainage, erosion, and other related issues. Engineering staff maintain an active liaison with engineering consultants and other operating departments of the City.

#### **Refuse Division:**

Performs numerous services including regular trash collection, curbside recycling collection, bulk
or special pick-up service, yard waste collection, and Main Street Big Belly Compactor collection.
The Refuse Division also assists various operating departments for trash collection at special
events throughout the year.

#### **Street Division:**

Responsible for minor repairs of streets and curbs, repair of city owned sidewalks, maintenance
of the City's yard waste processing areas, application of traffic control signage and striping, leaf
collection, and snow plowing. In addition, this division routinely assists other departments and
PWWR divisions as required.

#### **Fleet Maintenance Division:**

 Responsible for maintaining the City's 225 vehicles and pieces of motorized equipment and focused on improving fleet standardization and minimizing life cycle costs, while reducing parts inventory requirements, maintenance burden, and vehicle down time. The Fleet Maintenance Division also provides vehicle inspection reports to assist with vehicle specifications for new purchases.

#### **Water Division:**

Responsible for maintaining regulatory compliance, GIS database management, oversight of day
to day water system operations, engineering and design of facilities, supervision and inspection
of construction projects, and capital project development and administration. Water construction
plans and specifications are prepared for bidding under this program.

# CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

#### **Sewer Division:**

• The sewer division is responsible for maintaining regulatory compliance, oversight of day to day sanitary sewer system operations, engineering and design of facilities, supervision and inspection of construction projects, and capital project development and administration. Resident interaction during backup events is a specialty of this division.

#### **Stormwater Division:**

Responsible for programming and administration of the Stormwater Utility, maintaining NPDES
Phase II Permit compliance, GIS database management, oversight of day to day system
operations, engineering and design of facilities, supervision and inspection of construction
projects, and capital project development and administration.

# CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

#### **Key accomplishments in 2021 include:**

- Stormwater Utility:
  - 10 segments of Corrugated Metal Pipe making up approximately 1,050 feet were lined to extend their life for up to 50 years, including high risk pond outfall locations.
  - o Completed the Rodney Park and Stormwater Pond Project.

#### Sewer Utility:

- o Completed point repairs at 7 different locations identified by CCTV in previous years.
- o Completed the lining of approximately 10,000 linear feet of degraded sewer line, increasing the life span by a minimum of 50 years.

#### · Water Utility:

Completed a major overhaul of our South Well Field Water Treatment Plant. This \$4
 Million upgrade was made possible by the State Revolving Loan Fund and the 2018 Capital
 Referendum. The plant is now online and treating and distributing approximately 2 million
 gallons of water per day.

#### Refuse:

 Maintained full refuse schedule including yard waste and bulk collection with reduced staff due to Covid-19.

#### Street:

 Completed paving and rehabilitation of streets and curbs in 14 segments of street around the City, including the Fairfield Park parking lot.

#### Engineering:

Completed Sediment and Stormwater reviews and approved 17 applications, including 8
 Construction Improvement Plans related to development projects.

# CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2022 DEPARTMENTAL GOALS

#### Goals for 2022 include:

- Take advantage of funding through the American Recovery Plan Act (ARPA) to rehabilitate or replace aging infrastructure in our Water, Sanitary Sewer, and Stormwater Utilities. Additional funding may be made available through subsequent bills dealing specifically with infrastructure and will be leveraged to complete a significant amount of backlog in all of these systems.
- Address flooding along Julie Lane and Rahway Drive through a comprehensive review of the contributing drainage area and review and implement potential solutions. Utilize grant funding through DEMA/FEMA made available due to Hurricane Isaias.
- Address backlog of maintenance on water, sewer, streets, and stormwater infrastructure caused by staffing and budget challenges during the Covid-19 pandemic.
- Expand the City's Electric Vehicle (EV) fleet through vehicle replacement review. Keep on the cutting edge of available vehicles for the tasks required of that vehicle.
- Research and Implement Impact Fees or Capital Recovery Fees for new development for Water and Sewer Utilities.
- Complete the evaluation and exercising of all line valves in the water system, making repairs as necessary.
- Develop the Lead Water Service Line Identification Inventory and Replacement Plan. While the City has not had issues with lead in the past based on regular sampling and we take steps to limit the possibility of lead in our system, identification and removal of any lead service lines is an important step to ensure that we eliminate any chance of lead entering our supply.

## CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

The Planning and Development Department regulates all land use and development in the City and provides related ancillary services through its program divisions including Land Use and Planning, Code Enforcement, Parking, and Facilities Management described below:

#### Land Use and Planning Division:

• This division advises and makes recommendations to the City Manager, Planning Commission and City Council regarding physical development and the implementation of the City's Comprehensive Development Plan. This division is responsible for updating long-range planning documents; administering and reviewing plans and procedures for annexations, rezonings, subdivisions, parking waivers, the preservation of historic buildings, and special use permits; recommending zoning and subdivision regulation revisions; reviewing building permit and certificates of occupancy and economic hardship applications for zoning compliance; and administering the Federal Flood Insurance Program. The division also serves as staff to the Planning Commission and the Board of Adjustment. In addition, the Land Use and Planning Division also includes Economic Development, Transportation and Technical Services, and the Community Development which are further described below.

#### Staff

The Land Use and Planning Division is comprised of four (4) staff. One (1) Director, two (2) Planner II and one (1) Administrative Assistant.

#### **Transportation and Technical Services:**

The Land Use and Planning section also serves as a liaison between the City and federal, state, regional and local agencies to facilitate inter-jurisdictional cooperation and planning on issues of mutual concern. The division develops short and long-term transportation plans in conjunction with other City departments, the City's Traffic Committee and outside agencies such as WILMAPCO and the Delaware Department of Transportation. The Department also administers the UNICITY Bus service.

#### **Economic Development:**

The Land Use and Planning Division also includes economic development. Economic
development activities supplement private sector initiatives to strengthen Newark's commercial
and industrial well-being. It is responsible for developing and modifying long range economic
development plans, monitoring the impact of City regulations on businesses, developing
business incentives and recruitment programs, and producing public information materials.

#### **Code Enforcement Division:**

• This division is responsible for the administration and enforcement of the International Construction Codes (ICC), related State of Delaware Codes, and applicable portions of the Newark Municipal Code. The division does comprehensive plan reviews of all major construction projects within the City of Newark. The division issues permit for building construction, fire protection, rental units, signs, elevators, coordinates permit review with other City departments. The division is also responsible for the issuances of contractor licenses, fire safety registrations, and business licenses. Each unit spends dedicated time within the office conducting reviews, typing citations, meeting with contractors or property owners or spending time out in the field conducting building, fire and property management inspections as well as responding to and investigating, building, fire and property management complaints.

#### Staff

The Code Enforcement staff includes: The Code Enforcement Manager, three (3) Property Maintenance Inspectors, four (4) Code Enforcement Officers, one (1) Fire Marshal/Emergency Management Coordinator and two (2) Administrative Assistants.

#### **Parking Division:**

- This division is responsible for the oversight, management, maintenance, and supervision of the downtown off-street parking facilities, the maintenance and operation of all on-street parking kiosks, mobile payment applications, and residential parking, permitting, and enforcement throughout Newark. This division is responsible for Newark's 18 residential parking permit zones, 1250+ municipal parking spaces, and 7 municipal parking lots. Inter-department cooperation occurs on a daily/weekly basis, which includes the Public Works and Water Resources Department regarding maintenance, signage and repairs; Electric for the construction and maintenance of lighting and electric vehicle infrastructure; Finance for accounting and bookkeeping of parking services; Police Department for crime prevention and community policing; Parks and Recreation Department for landscape maintenance and snow removal; and The Newark Partnership to ensure parking is available for events and local businesses.
- The division also handles quarterly financial reporting and auditing, with assistance from the Finance Department, so that the division can provide a better understanding of incoming parking revenue and how changes to the municipal Code could affect parking revenue streams coming into the City. The division is responsible for parking enforcement and the Residential Parking Permit Program, ensuring residents in areas near the University of Delaware have available on-street parking available in front of their homes. The parking enforcement team, known as Parking Ambassadors, help to enforce residential parking, municipal parking payment, Americans with Disabilities Act regulations, municipal and state fire codes, and assist the Newark Police and other City departments in event organization and safety.

#### Parking Division (continued):

#### Staff

The Parking Division staff includes: the Parking Division Manager, the Parking Division Field Supervisor, two (2) Customer Service Representatives, two (2) Maintenance field employees, two (2) Full-Time Parking Ambassadors, ten (10) Part-Time Parking Ambassadors, and five (5) Part-Time Night/Weekend Parking Shift Supervisors. These employees ensure proper facility maintenance and infrastructure for six parking lots and one temporary parking lot, named Municipal Lot 7, on-street kiosks, and other facets of managing a 24/7 parking operation.

#### **UNICITY Bus:**

- The UNICITY Bus service is administered by the Planning Department. The UNICITY program provides free bus transportation to Newark residents via agreements with the Delaware Transit Corporation and the University of Delaware.
- The City runs one continuous loop around the City and maintains the buses needed to provide these free services. The City is responsible for the maintenance of the buses and the reporting requirements to the Delaware Transit Corporation. The University of Delaware is responsible for the operation of the buses.

#### **Community Development Block Grant (CDBG):**

The City has received funds under the Federal Housing and Urban Development's Community
Development Block Grant Program (CDBG) since 1974 to benefit low to moderate income
residents in Newark. The Planning Department administers the CDBG program according to
Federal guidelines, reviews project funding requests and develops the operating budget in
conjunction with the City Community Development/Revenue Sharing Advisory Committee;
monitors programs for contract compliance; and directly manages the Home Improvement
program.

#### **Land Use and Planning Division:**

As indicated in the Planning Commission Activities below, there continues to be sustained activity and interest in land use applications which continues to take a significant amount of staff time. Despite COVID and the adjustments needed to respond to this pandemic, the Planning and Development Land Use Planning Division remained quite busy. Other activities and accomplishments beyond the land use development and related activity as described below includes:

- The Rental Housing Workgroup (Workgroup) was approved by the City Council by way of a recommendation from the Planning Commission to examine the issues related to the high demand for student housing due to student growth, the management of rental housing, and to address the need for non-student as well as affordable rental housing. The Workgroup started meeting on April 2019 and met regularly through November 2019 where they developed a set of recommendations. These meetings were open to the public and all of the meeting materials were posted on the Rental Housing Workgroup website: <a href="https://newarkde.gov/1118/Rental-Housing-Workgroup">https://newarkde.gov/1118/Rental-Housing-Workgroup</a>. Council approved the recommendations, a prioritization matrix, the final report and an implementation Work Plan on July 13, 2020. Staff has begun to implement the recommendations. This includes:
  - o Working with the University of Delaware on developing a "Good Neighbor Guide"; and
  - O Developed a one-page handout and refrigerator magnet to hand out to students who rent in Newark about the City's inspection program and contact information for questions.
- By way of background, the Planning Commission established a Parking Subcommittee in May 2018 to review the Parking Code requirements. A website was created for this effort https://newarkde.gov/1022/Parking-Requirements-Subcommittee. The Parking Subcommittee was represented by members from the Planning Commission, development community, nonprofit community, the University of Delaware, a University of Delaware student, and the downtown merchants. They met for seven (7) months and put together a downtown Parking Strategy that was presented to City Council on June, 25, 2018 where Council approved the recommendations in the Parking Strategy and directed Planning Staff to put together a work plan to bring back to City Council for their review and approval. Planning staff conducted a technical analysis of the Parking Subcommittee findings and compiled a workplan that included a prioritized implementation plan, cost-analysis and timeline. This report, titled A Bold New Future for Newark: A Comprehensive Parking Solution and workplan Parking Policy Matrix: Timeline and Costs, was presented to the Planning Commission on December 5, 2018 and City Council on March 26, 2019 for their review and comment, where it was approved by Council. The approved workplan included the City hiring a consultant to take on tasks described in Phase I and II of the workplan. Council approved the consultant Kimley-Horn and Associates on September 9, 2019. The conduct of this study has been hampered by COVID and as a result Phase I and Phase II have not been able to be fully implemented. The impact of COVID on this study has been twofold. The first is due to people sheltering in place during COVID which resulted in people not parking downtown which made it difficult to for staff and the consultant assess the parking situation as well as engage the public on the topic of parking. The second was the inability to conduct public meetings whereby staff and the consultant concluded that

virtual meetings on this topic would not be successful especially given that the issue of parking was not in the forefront of people's minds. However, prior to COVID, stakeholder meetings as well as a public forum were held to garner feedback on thoughts and input on the parking situation downtown. Also, the consultant worked on the review of the Code and made their assessments and is working with staff on a set of recommendations to bring to Council and the public for their input and feedback. This is expected to be in late summer/fall 2021.

- Planning Staff is working with WILMAPCO on implementing the outcome of the Newark Area Transit Study Project. This study was the next step in the process in trying to better coordinate the four agencies that provide public transportation in Newark. These agencies include: The University of Delaware, Cecil Transit, Unicity, and DART. Due to COVID, the operation of Unicity was suspended on March 23, 2020 until September 8, 2020. During that time Planning Staff worked with the University of Delaware to pilot a one bus/ one route plan as well as started to meet regularly with DART staff on improving efficiencies.
  <a href="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bus-Route-Map--Schedule-Revised-09-02-2020?bidId="https://newarkde.gov/DocumentCenter/View/4546/Unicity-Bu
- By way of background, Planning Staff worked with DelDOT to start the process of developing a Transportation Improvement District (TID) for the City of Newark in 2017. Staff then worked with Council to establish a TID Steering Committee (Committee) to provide guidance throughout the TID development process whereby Council approved the Committee September 24, 2018. The City hired AECOM to provide technical and administrative assistance on this effort. The first meeting of the TID Steering Committee was held on May 8, 2019. Since then, the TID Steering Committee has been meeting monthly with the occasional month off. The Committee developed a facility boundary and TID agreement that was referred to the Planning Commission and ultimately to City Council where City Council adopted both the TID boundary and the TID agreement with some minor revisions on January 6, 2020. Since then, the TID Committee completed their recommendations on the land use analysis and completed their recommendations on levels of service. A virtual public workshop was conducted on October 14, 2020 to review the TID process and the land use analysis. The recommendation on the levels of service were presented to the Planning Commission on June 1, 2021 and the next step is to present these recommendations to Council on August 23, 2021. A website has been developed for this effort. https://newarkde.gov/1127/Transportation-Improvement-District-Comm
- By way of background, Planning Staff worked with the Planning Commission on establishing a Green Building workgroup to make proposed recommended revisions to the LEED provisions of the Code. The Green Building workgroup started meeting in November 2018 and met monthly through the end of 2019. In 2020, they have held a public workshop on February 6, 2020, presented the draft ordinance to the Planning Commission on April 7, 2020 and to the City Council on May 4, 2020 for their input and met again on June 15, 2020 to make final tweaks on ordinance. The final ordinance was approved by Council on September 14, 2020.

- In response to the requirement for the Comprehensive Development Plan to be reviewed every 5 years, Planning Staff put together a plan which includes a Steering Group, public meetings with the Steering Committee as well as additional public meetings to gather input and feedback on this 5 year review. Specifically these efforts include:
  - Composed a Plan for Planning Newark Comprehensive Development Plan V 2.0 (Plan).
     https://newarkde.gov/854/Comprehensive-Development-Plan-V

     This document was reviewed by the Planning Commission over several meetings and was finally approved by the Planning Commission at their meeting on October 6, 2020.

     This Plan establishes the path for the overall planning effort for the five-year plan
    - Introduction of Newark Comprehensive Development Plan V
    - Community Outreach and Public Participation

review of the Comprehensive Plan V. The steps include:

- Project Steering Committee
- Schedule

As indicated in the Plan, Staff has convened a diverse set of stakeholders and has been meeting monthly since November 2020. Due to COVID these meetings have been virtual. In addition, staff has conducted a series of virtual "Coffee Break Public Workshops" to gather public input on the five-year review of the Comprehensive Development Plan V. These were conducted on March 8, March 10, March 11, March 12, and March 16, 2021, at different times of the day in order to maximize the number of participants.

This effort is expected to wrap up by early fall of 2021 with a final presentation of recommended revisions to the Comprehensive Development Plan V by the end of the year.

- Planning staff is continuing to work with the GIS and related staff to portray land use development information in a parcel-based format.
- The division continued to provide technical assistance to other City departments, Planning
  Commission and Council. Technical services provided include conducting, gathering and
  analyzing demographic data, researching topics and preparing special reports, maintaining the
  City library, and preparing maps, charts and visual aids.

#### Planning Commission Activities (October 2020 through June 2021):

#### **Code Amendments**

- 1. Chapter 32 Appendix XXV Landscape Screening and Treatment (November 2020)
- Chapter 32 Article IV Use and Area Regulations for Residence Districts, Section 32-9 RH Districts (one-family detached residential, including RH, RT and RS districts) to add a new district "RE" (Residential Estate, minimum one-acre lot size) and new conditional use under Section 32-9(b)(12) for "Agricultural, horticultural, and forest land uses" (February 2021)
- 3. Chapter 2 Section 2-84 (a) to change agenda notification from 15 to 10 days (March 2021)

- 4. Chapter 32 Section 32-18 (d)(5) Building setback lines in the in BB (Central Business District) Zoning District (April 2021)
- 5. Chapter 32 Section 32-45 (b) BB central business district off-street parking option, subsections 5,6, and 8 (June 2021)

#### Annexations

1. 751 Paper Mill Road (February 2021)

#### Rezoning

- 1. 751 Paper Mill Road (February 2021)
- 2. 268 East Main Street (March 2021)

#### Comprehensive Development Plan Amendments

- 1. Addition of Planning Area 7 to the Future Land Use Map (October 2020)
- 2. 268 East Main Street (March 2021)
- 3. 1501 Casho Mill Road (May 2021)

#### Major/Minor Subdivisions

- 1. 132-138 East Main Street (Major subdivision) (Tabled December 2020, recommended approval January 2021)
- 2. 141, 143, 145 East Main Street and 19 Haines St (Major Subdivision) (December 2020)
- 3. 751 Paper Mill Road (Minor Subdivision) (February 2021)
- 4. 94 East Main Street (Green Mansion) (Major Subdivision) (February 2021)
- 5. 268 East Main Street (Major Subdivision) (March 2021)
- 6. 141, 143, 145 East Main Street and 19 Haines St (Major Subdivision) (April 2021)
- 7. 1501 Casho Mill Road (Major Subdivision) (May 2021)

#### Site Plan Approval

- 1. (the site plan approval part was incorrect on the February agenda)132-138 East Main Street (Tabled December 2020, recommended approval January 2021)
- 2. 141, 143, 145 East Main Street and 19 Haines St (December 2020)
- 3. 268 East Main Street (March 2021)
- 4. 141, 143, 145 East Main Street and 19 Haines St (April 2021)

#### **Administrative Subdivisions**

1. None at this time

#### **Special Use Permits**

- 1. 132-138 East Main Street (Tabled December 2020, recommended approval January, 2021)
- 2. 141, 143, 145 East Main Street and 19 Haines St (December 2020)
- 3. 751 Paper Mill Road (February 2021)
- 4. 94 East Main Street (Green Mansion) (February 2021)
- 5. 268 East Main Street (March 2021)
- 6. 141, 143, 145 East Main Street and 19 Haines St (April 2021)
- 7. 200 Whitechapel Drive (June 2021)

#### **Parking Waiver**

- 1. 132-138 East Main Street (Tabled December 2020, approved January 2021)
- 2. 141, 143, 145 East Main Street and 19 Haines St (Tabled December 2020, approved January 2021)
- 3. 94 East Main Street (Green Mansion) (February 2021)
- 4. 141, 143, 145 East Main Street and 19 Haines St (Tabled December 2020, approved January 2021)
- 5. 268 East Main Street (March 2021)
- 6. 141, 143, 145 East Main Street and 19 Haines St (April 2021)

#### Plans Received (October 2020 through June 2021)

- 1. 500 & 700 Creekview Road Major Subdivision (November 6, 2020)
- 2. 25 N Chapel Street Major Subdivision (November 6, 2020)
- 3. 1325 Old Cooch's Bridge Road telecommunication tower special use permit (January 2021)
- 4. 10-16 Benny Street Major Subdivision (February 2021)
- 5. University Commons Sketch Plan major subdivision (March 5, 2021)
- 6. 1105 Elkton Road Annexation and Rezoning (March 8, 2021)
- 7. 410 Ogletown Road Sketch Plan (Special Use Permit) (March 12, 2021)
- 8. 200 White Chapel Drive telecommunication tower special use permit (April 4, 2021)

#### **Ongoing Land Use Projects**

- 1. 1119 South College Avenue major subdivision/sup (inactive since August 2018)
- 2. 46 Welsh Tract Road sketch plan (inactive since October 2018)
- 3. 1501 Casho Mill Road major subdivision/sup (November 2017)
- 4. 515 Capitol Trail rezoning/major subdivision (February 2018)
- 5. 1105 Elkton Road annexation/rezone/minor subdivision/sup (July 2018)
- 6. 268 E Main Street rezoning/major subdivision/sup (June 2019)
- 7. 500 & 700 Creekview Road Major Subdivision (November 6, 2020)
- 8. 25 N Chapel Street Major Subdivision (November 6, 2020)
- 9. 1025 &1033 Barksdale Road Sketch Plan (December 2020)
- 10. 10-16 Benny Street major subdivision (February 2021)
- 11. University Commons Sketch Plan major subdivision (March 5, 2021)
- 12. 1105 Elkton Road Annexation and Rezoning (March 8, 2021)

#### Transportation Improvement District (TID)

- 1. TID Committee Meeting (October 2020)
- 2. TID Committee Meeting (November 2020)
- 3. TID Committee Meeting (January 2021)
- 4. TID Committee Meeting (March 2021)
- 5. TID Committee Meeting (April 2021)
- 6. TID Committee Meeting (May 26, 2021)
- 7. TID Committee Meeting (May 12, 2021)

#### Capital Improvements Plan

1. Review and consideration of 2021-2025 Capital Improvements Program (October 20, 2020)

#### 2021/2022 Work Plan

1. Adoption of the Planning Commission 2021 Work Plan, including the Plan for Planning for the five-year review of the Comprehensive Development Plan V (October 6, 2020)

#### Planning Commission Bylaws and Rules of Procedure

- 1. Review and Discussion of Planning Commission Rules of Procedure (January 2021)
- 2. Adoption of Revised Planning Commission Rules of Procedure and Planning Commission By-Laws (February 2021)
- 3. Rules of Procedure updated on City Website (May 2021)

#### Five Year Review of the Comprehensive Plan V

- 1. Adoption of the Plan for Planning for the Five-Year Review of the Comprehensive Development Plan V (October 6, 2020)
- 2. Update on the formation of the Steering Committee for the five-year review of the Comprehensive Development Plan V. (October 20, 2020)
- 3. Status update of Steering Committee and meeting schedule for the 5-year review of the Comprehensive Development Plan V. (November 2020)
- 4. Approval of the Steering Committee for the Comprehensive Development Plan V review. (December 2020)
- 5. Steering Committee Meeting (December 15, 2020)

#### **Planning Commission Training**

1. June 22<sup>nd</sup> - Land Use, Zoning, and Planning Commission Training by Max Walton

#### Permitting Activities: 2016 to June 2021

					(through May 31)	(through June 03)
	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u>2020</u>	<u>2021</u>
Deed Transfer Affidavits	402	378	424	418	78	122
Building Permit Reviews	1,733	1,698	1,057	1,748	620	550*
Certificates of Completion/Occupancy	39	70	18	48	20	11
Total	2,174	2,146	1,361	2,214	718	683

#### **Code Enforcement Division:**

- Due to the Global Pandemic and subsequent Governors Emergency order the Code Enforcement division, with the assistance from IT and Facilities, successfully established a remote Code Enforcement operation.
- The Code Enforcement department and Fire Marshall reviewed and approved over 1400 building construction permits.
- Routine interior rental inspections were suspended during 2020. The Property Maintenance Inspectors continued to perform exterior property inspections and interior inspections upon request.
- The Fire Marshal and Code Enforcement Manager have established a preliminary model for business licensing and fire registration, incorporating improvements identified during a thorough review of the licensing process. Businesses that are no longer operating have been identified and removed from active status and new business are being identified and business license application packets are being given out.
- Changes to the Administrative processes have been made over the past year resulting in more defined duties and responsibilities of the CED Administrative staff.
- Coordinated a temporary outdoor seating program in response to the occupancy limits due to the pandemic. The Fire Marshall was instrumental in working with various departments, stakeholders and state agencies in the implementation of the Main St. alfresco dining program.
- The Code Enforcement Manager and staff completed an evaluation of several Code
   Enforcement software programs. A recommendation was made to the city administration for
   consideration of the present software system. The recommended system works in tandem with
   the city's present financial system and if implemented it will greatly improve the licensing and
   permitting process.

#### **Parking Division:**

In 2021, the Parking Division continued to make improvements to the Residential Parking Permit Program (RPP), giving residents additional access to online resources and forms to allow for quicker sign up to the program. The division allowed its customers to set up their own safe appointment windows for pass pick-up during the COVID-19 pandemic and started moving away from physical permits, instead opting for digital permits that are verified by the License Plate Recognition device, when feasible. This reduced traffic in the office and made it so customers could renew via the RPP online web portal. These changes coincided with further safety improvements to ensure residents and staff were kept as safe as possible during the COVID-19 pandemic at the beginning of the year. Public feedback on the program was positive, specifically from homeowner residents in the special residential parking districts. This ensured that the division continued to provide the highest level of customer service to our residents, streamlining the special residential parking application process by allowing renewals to submit their information via digital methods. By doing this, the division continues to cut down on usage of supplies and employee resources, resulting in financial savings and satisfied residents, while reducing the spread risk of COVID-19 and increasing the speed of permit application processing.

With the temporary loss of parking in Municipal Lot #3 to the LANG-Hyatt hotel project and numerous development projects near public parking lots upcoming, staff continues to work diligently to find parking alternatives for Main Street patrons and employees. The municipal parking supply was supplemented in 2020 with the leasing of the property at 19 Haines Street, which was turned into Municipal Lot #7, managed by the T2 Luke Cosmo Multi-Space System and the Passport Parking mobile application. While the owner of the property has recently been approved for a new development project, the Parking Division worked with the developer in hopes of managing the new parking garage that will be built on the property. The division hopes that this is the first of many privately-owned, publicly-managed parking areas, ensuring that Newark patrons and residents experience common parking practices and have access to a fair appeals process through our Alderman's Court.

Newark's busiest parking lot, Municipal Lot #1, was expanded and prepared for increased use in 2021. As parking occupancy during the school year and during lunch/dinner is often high, the division is certain that these new parking spaces will be utilized more as people become aware of the availability. New, high-visibility LED lampposts were put in by the Electric Department, in addition to new camera angles, to increase safety standards throughout our lot. Electric Vehicle (EV) charging stations were added to the parking lot, creating new parking spaces meant specifically for electric vehicles, helping to curb fossil fuel consumption in Newark. A third kiosk is planned to be added to the parking lot in preparation for increased us and signage improvements were made to ensure patrons are aware of the parking lot rules and payment system.

The Parking Division completed its phasing out of the older, single-space parking meter technology, in favor of newer, multi-space parking kiosks. These kiosks, which replaced the current on-street parking meter inventory, allow for more control and options for the Parking Division's current parking inventory at a discounted rate when compared to single-space meters. Kiosks create more parking options to allow for more public access to parking spaces, increasing the overall availability of parking and spreading out the parking footprint to alleviate some vehicle congestion and stress the central business district experiences during select times.

#### **Parking Division (continued):**

Multi-space kiosks don't force patrons to return to their parking meters to make payments like single-space meters do, as multi-space meters are unified and allow patrons to pay at any space with their license plate number. This allows business patrons to pay for parking remotely, which leads to them continuing shopping at retailers or allowing them to stay at their table at restaurants, having a positive economic impact within Newark. Multi-space kiosks also made pay-by-app parking more feasible. Pay-by-app parking allows users to use their mobile smart phones to pay for parking without ever going to a physical kiosk. An app user can easily keep track of their parking expenses, refresh their parking duration, and gets notices when their parking time is about to run out. The division believes that these new options make parking easier for patrons and makes the City more inviting to visit, a benefit for all businesses and the City as a whole.

The Parking Division continued working with Kimley-Horn Consulting regarding parking zoning, regulations, rate structures, permitting regulations and code in 2021. Bringing in consulting services allowed the Parking Division to get an outside view of its operation, as well as the rules and regulations of the areas it is responsible for managing, to ensure that the service we provide to our residents and patrons is the best it can be. Through multiple public workshops and consultation meetings, the Parking Division has been given a thorough guide on improvements that can be made throughout the parking system in the foreseeable future.

#### **Transportation and Technical Services:**

The division continues to coordinate with DART, the University of Delaware, WILMAPCO and Cecil transit on Newark Transit Improvement Partnership (TRiP) to better coordinate the existing transit services of UNICTY, University of Delaware, Cecil County and DART. The division also continues to oversee the Unicity Bus system and provide customer service. With the onset of the COVID 19 Pandemic, the Unicity bus service was paused starting in mid-March when the UD bus system was also paused when the University shut down. Unicity will remain paused until the UD bus system is up and running and when the Unicity bus system has the proper safeguards in place to protect both the driver and riders per the CDC guidelines for cough guards, hand sanitation and cleaning. These measures are currently being put in place now and we are optimistic that they will be complete by the time the UD bus system is ready to run.

#### **Community Development Block Grant (CDBG):**

In the 45th year (July 1, 2019 to June 30, 2020), the City allocated \$245,814.53 in CDBG funds to 11 separate projects and programs. The City's allocation is accessed through New Castle County under an entitlement formula based on population. Loan repayments generated by the City's Home Improvement and Facade Improvement Programs augment this allocation throughout the year.

#### **Land Use and Planning Division:**

During 2022, the Planning and Development Department has several areas of responsibility as defined by <u>Code</u>, determined City management or City Council as well as determined by Department directives. In the area of Planning and Land Use, staff is responsible for the following activities as described below. The City Code mandated activity takes priority.

#### Boards, Committees, and Meetings

- Planning Commission
- City Council
- Board of Adjustment
- Design Committee
- Community Development/Revenue Sharing Committee
- Newark Partnership Economic Enhancement Committee

#### Land Use and Land Development Activities

- Implementation and maintenance of Comprehensive Development Plan V
- Interaction with the development community and city residents in dealing with zoning and land development codes
- Code Amendments
- Process Code-mandated responsibilities:
  - Annexations
  - Rezonings
  - Comprehensive Plan Amendments
  - Major Subdivisions
  - Minor Subdivisions
  - Site Plan Approval Plans
  - Special Use Permits
  - Parking Waivers
  - Requests for Extensions
- Other Code-mandated responsibilities
  - Subdivision Advisory Committee (SAC) administration
  - Building permit review
  - Flood plain review
  - Construction Improvement plan review
  - Review of variance applications

#### Planning Related Major Initiatives

- Work with the Planning Commission, City Council and the public to finalize the five (5) year review of the Comprehensive Development Plan V per Delaware State Title 22 Chapter 7 Section 702 (e) whereby "At least every 5 years a municipality shall review its adopted comprehensive plan to determine if its provisions are still relevant given changing conditions in the municipality or in the surrounding areas..."
- Work on the Charrette and revision to the BB (Central Business District) and RA (Multifamily dwelling-high rise) Zoning Ordinances.

#### Planning Related Major Initiatives (continued)

- Continue to work with the Conservation Advisory Committee and City of Newark staff on implementing the *Newark Sustainability Plan*.
- Continue to work with WILMAPCO on follow up to the completed *Newark Area Transit Study Project*.
- Provide staff support and guidance to the Transportation Improvement District Subcommittee for the City of Newark in its work to implement a Transportation Improvement District.
- Continue to implement the Work Plan for the approved recommendations and priority matrix
  of the Rental Housing Workgroup. For 2022 this includes but not limited to working on
  developing ordinances for accessible dwelling units (ADUs) and inclusionary housing.
- Continue to participate in the Delaware State Housing Authority Analysis of Impediments to Fair Housing.
- Continue to work with the GIS program and related GIS staff to portray land use development information in a parcel-based format.
- Review the <u>Code</u> and make recommended revisions to Planning Commission and City Council as appropriate.
- Continue to work on developing policy recommendations to address the student housing issue for consideration by the Planning Commission and City Council.

#### Other Regular Duties

- Continue to implement the Community Development Block Grant Program.
- Participation in WILMAPCO Technical Advisory Committee (TAC)
- Participation in WILMAPCO Public Advisory Committee (PAC)
- Participation in Bike Newark
- Managing Unicity Bus system
- Community Rating Service
- Process Buyer's Affidavit
- Zoning verification letters
- Responding to zoning and related planning inquires (phone and walk-in)

#### **Planning Commission Support**

- Preparation of support material, background reports and information packets
- Public notification and posting requirements
- Administrative and secretarial support (Code-required)
- Transcription services
- Applicant interface
- Commission requests for data and information
- Planning Commission Training
- Continue to provide exemplary assistance to other City departments, Planning Commission and City Council.
- Implement the Planning Commission 2021 Work Plan as resources allow

#### **Code Enforcement Division:**

- Work with IT to utilize GIS as a tool for permitting and Code Enforcement
- Create a recommendation for Code change to include Air B&B's
- Create a comprehensive process for issuing Business Licenses
- Conduct an inventory of business signs in the city
- Provide additional training opportunities for Administrative staff so that they can provide more support to Code Enforcement Inspectors
- Continue to work with IT to improve the permitting process
- Review department policies and procedures and make revisions in order to streamline processes for maximum efficiency

#### **Parking Division:**

In 2022, the Parking Division hopes to continue expanding parking inventory and services provided to residents, patrons, employees, students, and visitors alike. With new parking equipment, such as multispace kiosks, mobile payment technology, geographic information systems, and countdown signage, the division hopes to provide better services to those parking customers and residents that live within the City of Newark. As we continue our commitment to service excellence, we want those that use the public parking inventory to have a good experience within the City, ensuring that they want to return and patronize its businesses, parks, and other amenities available. The division plans on doing this by continuing back-office oversight of multi-space and mobile parking systems in 2022 and beyond, as well as considering public feedback on the new system and investigating new add-ons and technologies in the parking industry. The division hopes to have more dialogue with the University of Delaware, an important partner in the success of the City, to ensure that all persons that visit the City have good experiences through parking wayfinding and are aware when parking areas are difficult to park in due to high occupancy.

The Parking Division is eager to work with not only U.D., but also with private partners to increase the parking inventory and ensure that parking through Newark is managed properly and with our residents and patrons in mind. Management is very excited about the possibility of privately-owned, publicly-managed parking opportunities on the horizon with future developments. The division will continue to get public input through events and workshops to increase the quality of customer service it provides and to ensure that those who visit Newark are likely to come back. Kimley-Horn consultation services are on-going, giving parking staff an outside view on parking operations that allow for outside-of-the-box thinking. The Parking Division also plans to continue working closely with those that live in special residential parking districts and gather their feedback on ways to improve residential parking for our residents, ensuring that those that live in the special residential parking districts always have sufficient parking available to them.

#### **Transportation and Technical Services:**

In 2022, the division will continue to follow up on the TRiP effort and coordinate with WILMAPCO and their consultant on transit systems in Newark. In addition, the Division will continue implementing recommendations from the Newark Transportation Study, the Comprehensive Development Plan V, and the Newark Bicycle Plan, as well as participating in the management and related activities associated with the Newark Regional Transportation Center, and operating Unicity. Regarding Unicity we will work to refine and revise the Unicity bus routes to make them more efficient and cost effective as well as install security cameras and GPS systems to make them safer and more reliable for riders and drivers alike.

#### **Economic Development:**

In 2022, the division goal is to continue to review and assess Newark's Economic Development Strategy and Action Plan and set a path for proactive economic development.

#### **Community Development Block Grant (CDBG):**

In 2022, the division's goal is to continue to administer the CDBG Program and Revenue Sharing effectively under Federal and City guidelines, to improve the City's living environment and to expand economic opportunities for low to moderate income Newark residents.

# CITY OF NEWARK, DELAWARE POLICE DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

The Newark Police Department is responsible for protecting the lives, homes and properties of Newark residents. The Newark Police Department is dedicated to serving all citizens by: responding to calls for police service, enforcing state and local laws, conducting preventative patrol activities, performing criminal investigations, promoting traffic safety, and apprehending criminal and traffic offenders. The Newark Police Department's core values are the preservation of human life, integrity, professionalism and service.

The Newark Police Department's force of 92 employees is dedicated to serving citizens through the bureaus, divisions and units described below.

#### **Field Operations Bureau**

The Field Operations Bureau is broken down into two main components: The Patrol Division and the Special Enforcement Division. Oversight of the bureau is provided by the Deputy Chief of Field Operations.

#### **Patrol Division:**

The Patrol Division is the backbone of the Newark Police Department, as they are available twenty-four hours a day, seven days a week. The Patrol Division has the responsibility of being the first responders to all calls for police service in the city. Oversight of the Patrol Division is maintained by the Patrol Division Lieutenant. The Patrol Division is comprised of five patrol platoons each with 7 officers assigned to it. In 2019, the police department logged 49,755 calls for service in the Computer Aided Dispatch System.

The continued reduction in the Part I crime rate can be attributed, in part, to the Crime Suppression Plan, which coincides with the University of Delaware semester schedule. During this time frame, violent crimes spike in and around the downtown areas of the city. The Crime Suppression Plan breaks the downtown area into small patrol sectors during peak call volume times. Aggressive and proactive patrol techniques are deployed, which has shown a successive drop in Part I crime. Since 2006, Part I crimes have decreased by 44.88%. In addition, the Patrol Division has implemented Directed Patrols. Directed Patrols are when officers assigned to a certain area of the city, are directed to patrol specific areas based upon recent crime trends and citizen complaints.

#### **Special Enforcement Division:**

The Special Enforcement Division is comprised of several units including the Traffic Unit, Special Operations Unit, K9 Unit and Animal Control. Oversight of the division is maintained by the Special Enforcement Division Lieutenant.

#### **Special Enforcement Division (continued):**

<u>Traffic Unit</u> - The Traffic Unit is responsible for promoting traffic safety and enforcing traffic laws. The Traffic Unit is also responsible for investigating serious injury and fatal motor vehicle collisions.

<u>Special Operations Unit</u> - The Special Operations Unit was re-established in 2012 with the assistance of a COPS hiring grant. The primary responsibility of the SOU is to provide operational flexibility to impact specific crime and disorder problems as they arise in the community along with developing and participating in community outreach programs. SOU operates in a uniformed capacity and adheres to community-oriented policing and problem-solving principles.

<u>K9 Unit</u> - The K9 Unit consists of two officers and their K9 partners. A trained law enforcement K9 is a valuable supplement to police manpower due to the K9's superior sense of smell and hearing. The primary function of the K9 Unit is to perform searches, tracking and evidence detection. The K9 Unit is partially supported by fundraising activities by the Friends of Newark K9 program.

<u>Animal Control</u> - The Animal Control Officer is responsible for enforcing animal violations and public education regarding animal issues.

### **Administration and Investigations Bureau**

The Administration and Investigations Bureau is broken down into three main components: The Administration Division, the Criminal Investigations Division and Auxiliary Services. Oversight of the bureau is provided by the Deputy Chief of Administration and Investigations.

#### **Criminal Investigations Division:**

The Criminal Investigations Division is broken down into several different units including the General Investigations Unit, Special Investigations Unit, Family Services Unit, Street Crimes Unit, and Victim Services Unit. Oversight for the Division is provided by the Criminal Division Lieutenant.

<u>General Investigations Unit</u> - The General Investigations Unit is responsible for the follow-up investigation of major crimes or crime involving long term or specialized investigative efforts.

<u>Special Investigations Unit</u> - The Special Investigations Unit is responsible for drug, vice and organized crime investigations. The members of this unit are assigned to the DEA Task Force.

<u>Family Services Unit</u> - The Family Services Unit is responsible for conducting follow-up investigations of domestic violence cases, cases involving juvenile victims and offenders including follow-up on juvenile runaway or missing persons, cases involving child abuse or neglect, and acts as the department liaison with family service organizations throughout the state.

### **Criminal Investigations Division (continued):**

<u>Street Crimes Unit</u> - The Street Crimes Unit is responsible for combating street crime using proactive tactics, conducting surveillance on known suspects, investigating nuisance crimes and providing support services to the units within the Criminal Investigations Division and the Patrol Division. As crime trends and community concerns rise, the Street Crimes Unit is deployed to the specific areas of the City to combat the increase.

<u>Victim Services Unit</u> - The Victim Services Unit provides social work services to victims and witnesses of violent crimes including but not limited to: crisis intervention, information and support for the court process and assistance in applying for Violent Crimes Compensation.

#### **Administration Division:**

The Administration Division is staffed by both sworn officers and civilian employees who serve in a variety of support functions including Crime Prevention & Analysis, Accreditation, School Resource Officer, Property & Evidence Custodian, Evidence Detection, Training Officer, and Property Coordinator. Oversight for the division is provided by the Administration Unit Lieutenant who also serves as the Professional Standards Officer and Public Information Officer.

<u>Crime Prevention and Crime Analysis (CP/CA)</u> - The CP/CA officer is responsible for providing security surveys, organizing Neighborhood Watch programs, implementing crime prevention programs, managing social media accounts, overseeing the volunteer program and public relations functions. The CP/CA Officer is also responsible for analyzing crime trends and reporting them to both the Field Operations Bureau and the Criminal Investigations Division.

<u>Accreditation</u> - The Accreditation Manager is responsible for ensuring that periodic reports, reviews, and other activities mandated by applicable CALEA accreditation standards are accomplished. The Accreditation Manager is responsible for developing and maintaining the Rules and Procedures Manual, preparing personnel allocation studies and management staff studies concerning various functions of the Department. The Accreditation Manager also prepares the police department for its on-site assessment and inspection conducted by CALEA.

<u>School Resource Officer (SRO)</u> - The SRO is responsible for investigating crimes involving juveniles as victims or offenders, managing youth-related problems, running the police explorer program, and maintaining liaison with local schools. The SRO is assigned and works full time at Newark High School and maintains a presence at the public elementary and charter schools.

<u>Property Management Coordinator (PMC)</u> - The civilian Property Management Coordinator is responsible for storing and accounting for all evidence and recovered property. outfitting of vehicles and facilitating repairs of vehicle equipment.

### Administration Division (continued):

<u>Evidence Detection Officer</u> - The Evidence Detection Officer is responsible for coordinating the forensic processing of major crime scenes, for submitting evidence to laboratories, for coordinating the Field Evidence Technician program, and for maintaining all supplies required for processing evidence.

<u>Training Officer</u> - The Training Officer is responsible for all aspects department training, including ensuring compliance with the Commission on Accreditation of Law Enforcement Agencies (CALEA) and the Council on Police Training (COPT) mandates, managing the Field Training Officer Program, maintaining training files and managing the Department's training budget.

<u>Property Coordinator</u> - The civilian Property Coordinator is responsible for assisting the Property Management Coordinator and others within the agency for the purchasing, distribution, storage and maintenance of departmental property.

#### **Auxiliary Services:**

Auxiliary Services are comprised of both the 911 Communications Center and Police Records. Oversight is provided by the Captain of Auxiliary Services who also serves as the liaison with the City IT Department on police information technology projects. This Captain also serves as the grant management coordinator.

<u>Communications Section</u> - The communications section is the City of Newark's 911 center. Twelve full-time civilians are responsible for receiving complaints and emergency calls from citizens, retrieving information for patrol officers, and dispatching patrol officers to calls for service. The 911 center averages 100,000 phone calls per year and dispatches police to approximately 50,000 calls for service.

<u>Records Section</u> - The records section maintains a centralized records pool, sends the required reports to other agencies, and acts as a central repository for all records of official activity of the Department.

The civilian PSAP (Public Safety Answering Point) and Police Records Manager is responsible for day to day supervision of both sections.

# CITY OF NEWARK, DELAWARE POLICE DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

### Key accomplishments of 2021 include:

100% Compliance with Annual CALEA Compliance Review

Successfully implemented Pandemic Response Plan due to COVID-19 pandemic. Worked closely with partners including Delaware Emergency Management Agency, Delaware Office of Emergency Medical Services, NCC Office of Emergency Management, City Staff and others

Implementation of the Active Bystander for Law Enforcement (ABLE) Program

Implementation of Officer Resiliency and Wellness Program

### **Notable Training:**

- Force on Force and De-escalation Simunitions Scenario Training
- Fair and Impartial Policing Training
- Crisis Intervention Training
- Critical Incident Stress Management Training
- Supervisory and Executive Leadership Training
- NJSACOP Command and Leadership Program
- Advanced Collision Reconstruction
- BWC/MVR Training
- CALEA Accreditation Manager Online Training
- Celebrite Recertification Training
- Armorer Training
- Drug Recognition Exert Training
- Advanced Firearms Instructor Training
- ABLE Instructor Training

# CITY OF NEWARK, DELAWARE POLICE DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

### **Community Events and Social Media Outreach:**

- National Night Out
- · Citizens Police Academy
- Toys for Tots
- Camp Real and Safe Kids Camp
- "No Shave November"
- Virtual Career Fairs
- Mobile PAL Program
- First Responder Fridays with Parks & Rec
- Active Facebook, Instagram, Next Door, Neighbors, and Twitter Accounts (Over 25,000 followers)

### Technology:

- Upgraded city surveillance camera network
- Continued use of Body Worn Cameras and Mobile Vehicle Recorders
- COVID-19 Resource Page on PIO Website
- Enhanced evidence detection equipment

### **Equipment Upgrades:**

- Initiated transition of service handgun to the Sig Sauer P320 handguns
- Two additional patrol vehicles added to fleet

## POLICE DEPARTMENT 2022 DEPARTMENTAL GOALS

### **Newark Police Department Strategic Goals for 2022 include:**

#### **GOAL ONE**

#### PREVENT AND SOLVE CRIME

### Objective 1.1 Implement proactive crime fighting strategies

Action item - Utilize the Crime Analysis officer to identify major crime trends, crime map hot spot areas, and analyze and predict criminal activity.

Action item - Develop criminal intelligence capabilities within the Criminal Investigation Division and ensure federal compliance.

Action item - Explore and evaluate software programs that utilize data-driven tools designed to predict, forecast, and prevent crime.

Action item - Explore and implement technology that will assist with crime prevention efforts.

Action item - Empower patrol officers to identify and develop solutions to patrol sector specific issues.

### Objective 1.2 Develop strategies designed to reduce victimization.

Action item - Develop culturally diverse and/or culture specific crime prevention strategies.

Action item - Identify current and emerging crime trends in the business community and develop proactive strategies to prevent them.

Action item - Develop a plan to partner with schools to identify and address crime prevention needs through a robust School Resource Officer program.

Action step - Provide victims of property crimes with security surveys by trained personnel.

Action item - Include Crime Prevention Through Environmental Design (CPTED) principles in all City planning reviews.

Action item - Ensure that the Victim Services Coordinator is involved in providing services to the victim when appropriate.

### **GOAL ONE** (continued)

#### PREVENT AND SOLVE CRIME

### Objective 1.3 Enhance capabilities for crime scene evidence collection and processing response.

Action item - Continue to maintain a 24-hour, seven day a week Evidence Detection Unit on-call schedule.

Action item - Develop opportunities for select officers to receive advanced Field Evidence Technician training and equipment.

### **Objective 1.4 Enhance Traffic Safety**

Action item - Identify and focus efforts at locations which experience high collision rates.

Action item - Continue to provide traffic related complaints and information at patrol rollcalls.

Action item - Partner with DelDOT to review roadway and intersection design to address areas and conditions that may contribute to collisions.

### Objective 1.5 Focus efforts on the reduction of order maintenance issues and increasing the quality of life for all residents

Action item - Conduct educational outreach campaigns.

Action item - Develop and implement targeted enforcement strategies.

Action item - Partner with the Delaware Division of Alcohol and Tobacco Enforcement to combat the underage sale of alcohol.

#### **GOAL TWO**

#### **ENHANCE, STRENGHTHEN, AND SUSTAIN PARTNERSHIPS**

#### Objective 2.1 Enhance public perception and value through positive interactions.

Action step - Enhance customer service philosophy.

Action step - Communicate actions to the public through social media platforms to ensure transparency.

### Objective 2.2 Enhance partnership opportunities with local businesses.

Action step - Partner with local businesses during police initiatives/projects, such as the Newark Police Trading Card Project/National Night Out.

#### Objective 2.3 Engage the community in joint problem solving and crime prevention activities.

Action step - The Crime Analysis Officer or Platoon Community Policing Officer will participate in community/neighborhood meetings, i.e. Homeowner Association/Neighborhood Watch/Town Hall meetings.

Action step - Continue NPD's hosting of the Citizen Police Academy and re-institute the Youth Police Academy.

Action step - Explore utilization of volunteers and interns.

Action step - Improve the external survey process in order to reach the greatest number of community members to effectively determine, address, and reduce fear of crime.

Action step - Ensure that citizen concerns are promptly addressed by the appropriate unit within the police department.

Action step - Increase School Resource Officer presence in city-wide schools with a focus on the NASRO "Triad" concept.

### Objective 2.4 Increase proactive media presence

Action item - Enhance timely dissemination of information to the public on matters of concern through social media, the Inform Me system, and the Newark Police Public Information website.

### **GOAL TWO** (continued)

### **ENHANCE, STRENGHTHEN, AND SUSTAIN PARTNERSHIPS**

### **Objective 2.5** Continue interagency cooperation

Action item - Establish a collaborative effort with federal law enforcement partners to enhance participation in task force operations.

Action item - Continue to seek out and host regional training opportunities.

Action item - Assess and identify relationships with regional law enforcement agencies.

Action item - Identify regional, state and national initiatives to prevent crime.

### Objective 2.6 Maintain positive working relationships with all City of Newark divisions

Action item - Continue to encourage police employee participation in citywide training opportunities

## POLICE DEPARTMENT 2022 DEPARTMENTAL GOALS

#### **GOAL THREE**

#### **RECRUIT A DIVERSE AND QUALITY WORKFORCE**

### Objective 3.1 Enhance recruiting strategies

Action step - Ensure that the Newark Police Department remains competitive with comparable municipalities regarding wage and compensation packages.

Action step - Explore both internal and external incentive-based opportunities to attract qualified applicants.

Action step - Explore resuming cadet and/or internship programs.

Action step - Encourage sworn and non-sworn staff to look for potential candidates not only while on duty but during their personal encounters.

Action step - Focus on expanding digital recruiting methods to maximize efficiency.

Action step - Develop partnerships with area colleges, universities, and military representatives.

Action step - Participate in career fairs sponsored by private organizations and government entities.

#### **Objective 3.2** Review hiring practices

Action step - Continue to evaluate the Newark Police Department's hiring standards and testing protocols to ensure continued inclusiveness of applicants of all backgrounds while not sacrificing the quality of our officers.

Action step - Explore web-based background investigation software programs designed to speed up the investigative process while enhancing quality and reliability.

## POLICE DEPARTMENT 2022 DEPARTMENTAL GOALS

#### **GOAL FOUR**

#### ENHANCE PROFESSIONAL DEVELOPMENT, LEADERSHIP, AND OFFICER RETENTION

#### Objective 4.1 Evaluate and update the Field Training Program

Action step - Implement a comprehensive field training software program that monitors on-the-job performance during the field training curriculum and probationary period.

### Objective 4.2 Develop employee competency and capabilities

Action step - Evaluate current funding and training resources and make appropriate budget recommendations based on yearly assessments.

Action step - Continue to advocate for in-service training hosted by subject matter-vendor driven experts.

Action step - Ensure that training opportunities are disseminated to all personnel allowing them to develop their careers and enhance advancement potential.

Action step - Continue to offer temporary job rotations in specialized units to allow officers to have exposure to different units that they show interest in.

Action Step - Provide civilian employees the opportunity to participate in training commensurate with job responsibilities.

### Objective 4.3 Develop current and future leaders

Action step - Provide leadership opportunities at all levels to foster positive growth.

Action step - Develop and implement formal succession plan.

Action step - Seek development opportunities for mid and upper-level staff (FBI National Academy, Southern Police Institute, etc.)

Action step - Continue first line supervisors' participation in the NJACOP Command and Leadership Academy.

Action step - Implement a period of overlap between positions, where feasible, for enhanced on the job training.

Action step - Maintain regular meetings among supervisory and management personnel across shift and division lines

### **GOAL FOUR** (continued)

### ENHANCE PROFESSIONAL DEVELOPMENT, LEADERSHIP, AND OFFICER RETENTION

### Objective 4.4 Enhance employee participation in wellness programs and focus on officer resiliency

Action step - Continue to educate all employees about resources offered through the DVHT.

Action step - Develop an officer resiliency training program for inclusion in the yearly in-service training.

Action step - Continue to support and expand peer support programs such as the Critical Incident Stress Management Team.

### **Objective 4.5 Officer Retention**

Action step - Explore incentivizing veteran officers to stay past retirement eligibility.

Action step - Conduct annual research, at the division/unit level, on incentives to retain employees including alternative scheduling; varied days off; rotating schedules; other agencies successes.

Action step - Encourage officers to use the tuition reimbursement plan outlined in the FOP CBA.

Action step - Evaluate staffing levels within the various divisions to ensure an adequate work-life balance.

Action step - Evaluate and develop growth opportunities for personnel.

Action step - Identify communication breakdowns between both command and staff and between divisions in order to improve the flow of communication and transparency.

Action step - Explore feasibility and cost effectiveness of a take home vehicle program.

#### **GOAL FIVE**

#### **ENHANCE INFRASTRUCTURE, EQUIPMENT, AND TECHNOLOGY**

### Objective 5.1 Continue with plans to build indoor range facilities

Action step - Pursue discussion with regional agencies interested in partnering with the indoor firearms training facility.

Action step - Continue to explore potential range locations.

Action step - Develop and publish RFP for qualified architects and contractors.

### **Objective 5.2** Improve evidence storage capabilities

Action step - Evaluate and pursue the purchase of a new Records Management System.

Action step - Explore off-site locations for storage of non-evidence items and equipment.

Action step - Evaluate current evidence locker storage protocols and re-organize the evidence locker area.

### Objective 5.3 Maintain a police vehicle fleet that contributes to the safety, efficiency, and effectiveness of our employees.

Action step - Conduct an analysis of current vehicle resources and allocations.

# Objective 5.4 Continue to acquire grants that would benefit the department; continue to gain support for needed equipment and technology in traditional means such as budget items.

Action step - Establish a process for continual identification and prioritization of equipment and technology needs

Action step - Research grant opportunities and become more proficient with the application/procurement process; Establish dialogue with senior management and council for support.

### **GOAL FIVE** (continued)

### **ENHANCE INFRASTRUCTURE, EQUIPMENT, AND TECHNOLOGY**

### Objective 5.5 Enhance technology partnerships with the law enforcement community and other stakeholders.

Action step - Continue to work with Tyler Technologies to improve interoperability for CAD system.

Action step - Continue information sharing with the regional law enforcement agencies.

### Objective 5.6 Improve mobile workforce capabilities

Action step - Explore opportunities for staff and plain clothes officers to have increased access to mobile technology such as tablet-type devices and/or Mobile Data Terminals (MDTs).

Action step - Become more customer-oriented by using feedback from field officers regarding their usage of mobile technology to better target future mobile technology deployment.

Action step - Blend current access technologies with the next generation devices to remain ahead of the technology curve and plan for cost-effective replacement of mobile data needs.

### Objective 5.7 Continue the expansion of the department's video evidence resources.

Action step - Assess locations for additional video surveillance cameras and LPRs.

Action step - Develop a plan to replace aging video surveillance cameras with the police facility.

Action step - Continue dialogue with the Information Technology Director in support of a fiber project in areas identified throughout the City of Newark.

# CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT ORGANIZATIONAL CHART

## CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

The Parks and Recreation Department operates, maintains and manages the City's Park system and Recreation services through its divisions as described below.

### **Administration and Planning**

The Division directs and supervises all recreation, park and horticulture programs, facilities and operations. It is responsible to oversee the planning, design, construction, renovation, and maintenance of park facilities; recreation services, operating and capital budgets, department advertising and promotion, research grant funding and community partners to assist in accomplishing department wide efforts.

#### **Parks and Horticulture**

The Division is responsible for the maintenance of 650 acres of parkland which includes 52 park and open space areas, 17 miles of trails, more than 50 landscaped sites and more than 386 acres of forested lands. Routine maintenance and repairs are made to playground equipment, athletic fields (10), basketball (19), tennis (18) and street hockey courts (2), skateboard facilities (2); shelters (10), fencing, trails, foot bridges, buildings, pools (2) and parking lots (11). The Division also performs tree, turf and landscape maintenance, snow and ice removal at City buildings, park sites and downtown parking lots; oversees the removal of creek blockages and contracted tree work, conducts regular inspections of all facilities and areas to identify maintenance needs, and provides support services to the recreation division for programs and events and other City departments as needed. Upon completion of Hillside Park, the division will take over all park maintenance responsibility.

#### **Recreation Services**

The Division is responsible for planning and conducting a wide variety of recreation activities and events which enhance the quality of life for the citizens of Newark. More than 200 programs and events are offered each year which includes topics and areas such as health and fitness, youth and adult sports leagues and skill development classes, arts, camps, and community events. Over 7,500 registrations were received in 2018 for the various programs and events with a total of over 76,000 participants throughout the year.

# CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

### Key accomplishments in 2021 include:

- Developed a master plan for Old Paper Mill Park to help create more parking for the Newark Reservoir Park, the heaviest used trail in the state, and Preston's Playground.
- Completed Rodney Park design.
- Implemented a new online registration software system that will better serve our needs and be PCI compliant.
- Installation of central air conditioning at the George Wilson Center.
- Implemented additional Parks on Draft dates during the summer months at different locations within the City of Newark park system.
- Completed update to Landscape Screening and Treatment Ordinance.

#### PARKS:

- Completed restroom installation and drainage improvements at Preston's Playground.
- Handled all coronavirus mandated safety guidelines which included removal and replacement of basketball rims and tennis nets, playgrounds and updated signage throughout the park system.
- Created park signage design and installation schedule for initial phase within park system.
- Improve the drainage issues at the multi-purpose court at Dickey Park.
- Powerwashed Lumbrook and Fairfield Crest tennis courts for mold remediation.
- Completed reforestation project at Redd Park.

# CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

### **RECREATION:**

- Conducted a combined volunteer and summer camp and program fair in February and offer opportunities for camp vendors and volunteer organizations to participate.
- Completed updated emergency action plans for each special event coordinating with Newark Police and all agencies involved.
- Updated the George Wilson Center manual to include kiln operations and firing schedule, audio equipment uses and operation for rentals, and updated procedures for payment procedures.
- Completed a COVID-19 Camp Procedures Guide and Communicable Disease Plan for the summer camps as per recommendations from the Centers for Disease Control, American Camp Association and the Delaware Division of Public Health.

# CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2022 DEPARTMENTAL GOALS

### **Goals for 2022 include:**

- Hard surface improvements for various parks and ADA accessibility improvements.
- Redesign and install lower berm at Olan Thomas Park.
- Complete the White Clay Creek pedestrian and bicycle bridge installation.
- Continue invasive species control throughout the park system.
- Complete trunk injections for Emerald Ash Borer control on 36 ash trees in the park system.
- Completion of park and stormwater areas at Rodney Stormwater Park.
- Improve the landscaping on Academy Building Lawn around the Memorial plaque.
- Install a sand volleyball court in our park system.
- Install new playground feature at Devon.
- Complete installation of Lumbrook Park Pavilion
- Complete ADA path at Kells Park to James Hall trail.
- Complete installation of new backboards at the George Wilson Center.

## CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT ORGANIZATIONAL CHART

# CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

Under the City manager's direction, the Administration Department oversees all operating departments, employees, and procedures, while also coordinating a positive relationship with City Council and the greater Newark community, which consists of the following groups:

- City residents
- University of Delaware (UD)
- Local businesses
- The Newark Partnership (TNP) and other religious and non-profit agencies
- Other constituent and neighborhood groups

The Administration Department evaluates City staff and services to efficiently and effectively use resources as well as provides appropriate staffing levels throughout all departments to meet resident service delivery expectations and budget constraints. Administration also assists in the creation and implementation of City policies and is responsible for executing ordinances, charter provisions, and City Council actions. Additionally, the Administration Department resolves problems and concerns received from the public and provides research assistance to the entire organization and Newark's City Council. The Administration Department is comprised of three Divisions:

- Communications
- Human Resources
- Purchasing

A detailed breakdown of the Department functions, as well as highlights from the previous fiscal year are provided as follows:

#### **Human Resources:**

The primary focus of the Human Resources Division is to lead and support the City in maintaining a competent, capable workforce and in creating a work environment that reflects respect for employees and promotes effective service delivery to citizens. The workforce includes approximately 250 full-time employees, 50 part-time employees, 200 retirees as well as several temporary and seasonal employees. Currently, the division consists of three full-time staff and one-part-time staff including the Chief Human Resources Officer, Chief Purchasing Personnel Officer, HR Administrator and the PT HR Coordinator

The Human Resources Division is responsible for the personnel and human resource functions, including personnel policy formulation, recruitment, selection, promotion, training, discipline, performance evaluation, and fringe benefit administration such as health, life, disability, pension and wellness benefits. The Division also oversees risk management and worker's compensation benefits through our third-party administrator DeLea Founders Insurance Trust (DFIT). HR staff also directs the oversight and adherence of federal and state labor laws (including FMLA, discrimination, EEOC, FSLA and ADA).

Primarily the Division oversees the hiring of new employees as well as inhouse promotions and transfers. The Division posts all internally and externally advertised vacancies as well as scheduling interviews and participating as a panelist on all interviews. The Division also assists other City Departments with succession planning through the creation or update of job classifications and departmental functions.

Labor Relations are also handled within the Human Resources Division and includes the administration of labor relations involving four collective bargaining groups covering most full and part-time employees. This includes contract negotiations, the administration of collective bargaining agreements and the

# CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

resolution of grievances and disputes submitted by employees. The division is responsible for providing management employees with assistance and advice in the interpretation of contract provisions and grievance administration. With the exception of management employees, the collective bargaining units negotiate with the city to establish agreements with working conditions, benefits, and salaries of their members. The HR Team works with the various union representatives to resolve employee matters such as grievances, discipline and policy interpretation.

#### **Purchasing:**

The Purchasing Division of the City of Newark works closely with all nine City departments. As the primary agency for acquiring goods and services for the City, the Purchasing Division directly oversees all purchases, contracts, and vendor negotiations. Specifically, Purchasing responsibilities include contract development and/or review, requests for quote (RFQ), and requests for proposal (RFP) documents as well as the resulting distribution and evaluation of bids and proposals.

In coordination with the requesting departments, Finance director, and City manager, the Purchasing Division makes recommendations to City Council regarding the award of all formal bids and proposals according to the Code of the City of Newark and the Purchasing Division's guidelines. The Purchasing Division also provides oversight and support to other departments for various projects and programs.

On a day-to-day basis, the Purchasing Division is responsible for ensuring all purchases that are not subject to Council approval also comply with City policy and are appropriate given their intended use and quantity. This process complements the efforts of the Finance Department since addressing purchasing discrepancies in the early stages of the procurement process assists with accounting and auditing procedures as well as ensures proper use of taxpayer money.

As part of the Purchasing Division, Facilities Maintenance continues to oversee the Energy Savings Performance Contracting (ESPC) project currently underway by Seiberlich Trane Energy Services throughout 2020 and 2021. Additionally, the Facilities Maintenance team works with all departments to ensure protective measures are in place to protect staff during the COVID-19 global pandemic. Additional sanitation and disinfecting measures are implemented throughout the pandemic for the continued safety of City staff and Newark residents.

#### **Communications:**

Led by the Chief Communications Officer, the Communications team consists of four additional members: the Creative Designer/Web Specialist, Welcome Center Receptionist and two mailroom aides. Together, the division is responsible for the design, review and approval of nearly all communications produced by the City of Newark for distribution to the public. They use a variety of mediums: print, video and electronic (including web and social media) to share information proactively and serve as liaisons with the media and members of the public to field and respond to questions or concerns. The team also works in partnership with other City Departments to craft messaging, distribute information, develop marketing materials and respond to critical communication needs, when appropriate. This includes utilizing strategic communication tactics and working with various state, county and municipal agencies, as well as community partners, to respond to topics of interest, and ensure messaging is clear, concise and consistent, while also being shared with the public in a timely manner.

# CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

One of the City's primary focuses is open government and public access, which lead to the formal creation of the Communications Division responsible for distributing information to residents, businesses and visitors. Increased transparency has been achieved in a variety of ways, including the addition of livestreamed City Council meetings and recorded town hall forums, which are shared online via the City website and social media accounts.

Another focus of the division is increased and enhanced communication with the public. The City has a robust social media program with a presence on Facebook, Twitter, Instagram and NextDoor with a combined following exceeding 30,000. In addition to the City-run accounts, the Communication division supports both the Newark Police Department and Parks and Recreation Department in administering and developing content for their social media accounts. Additionally, the team uses the resident notification system InformMe to share broad messages or location-specific information to a targeted audience via phone, text and email.

The Communications team is also primarily responsible for the organization and implementation of City-sponsored community events including groundbreakings and ribbon cuttings and larger events such as Main Street Alfresco and National Night Out. Additionally, the division assists with marketing major events including Food and Brew Fest, Restaurant Week, Community Day and Parks on Draft.

Recognizing not all residents have access to online content, the Communication team mails a monthly newsletter as part of residential utility bills. The two-page newsletter is forward thinking – sharing timely information regarding upcoming events and opportunities for the public to engage on topics of importance to them.

The Communications division proudly maintains the City's award-winning website.

#### **Committee Liaison:**

The Administration Department continues to provide staff support to The Newark Partnership Board, Conservation Advisory Commission, Planning Commission, Diversity & Inclusion Commission, the Traffic Committee, the Newark Area Welfare Committee, and the NAACP. Internally, Administration staff also acts as a liaison to the three employee committees: Safety & Training Committee, Engagement & Wellness Committee, and Professional Development Committee. Staff members serve in a liaison capacity to maximize the effectiveness of various citizen boards, commissions, and authorities.

#### **Interdepartmental Relations:**

With the change to weekly council meetings, we now hold weekly staff meetings with Department Directors to facilitate communication on important issues and policies that may affect the City. Tentative City Council meeting agendas are reviewed and discussed at the staff meetings. Weekly reports are prepared and provided to Council summarizing progress on important projects and initiatives by each Department. Members of staff also attend City Council meetings as necessary to address Council on projects or services for which they are responsible.

# CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

#### Key accomplishments in 2021 include:

- The City Manager's Office continues to recruit for vacant positions. This effort includes transition plans for key staff, recruitment and onboarding of many new employees, and, when relevant, the promotion of existing staff to backfill vacancies. In early 2020 (just before the pandemic), the human capital manager was promoted to the role of chief human resources officer; the assistant to the city manager was changed to the chief purchasing and personnel officer and absorbed many of the human capital manager's duties to reduce a position in the City Manager's Office and save the City money in the midst of a financial and public health crisis. In July 2021, the City Manager's Office hired a part-time human resources coordinator to assist in training and administrative efforts.
- The City Manager's Office received on behalf of the City the first tranche, just over \$9 million, of
  the \$18.1 million in American Rescue Plan Act funding the City has received from the federal
  government. As part of this process, we had to become knowledgeable on the requirements and
  restrictions placed on that funding to insure it is used appropriately to avoid potential
  repayment liability in the future.
- The purchasing a facilities teams continued to retrofit the offices with air filters and other physical barriers to assist with COVID related safety precautions.
- The purchasing team in coordination with Fleet Maintenance added the first three electric vehicles to the City's fleet. As part of this process, we have installed several chargers that will be used specifically for City vehicles along with three public charging stations, two at City Hall and one in Lot 1 downtown. Working together with the Electric Department, we have also installed the necessary electric infrastructure at both public charging stations locations to support significant expansions to the public charging infrastructure as we are predicting EV's will see greater adoption moving forward which will increase demand for public charging spaces.
- In 2021, the HR Division was tasked with completing the mandatory anti-harassment prevention training under Delaware state law. All City employees will complete training by December 31, 2021. Part-time HR Coordinator will be facilitating the training.
- In 2021, the City Manager's Office will negotiate a successor contract with the FOP Lodge #4 as their current contract expires December 31, 2021.
- The HR Division also successfully implemented the "new" pension plan for FOP members hired before January 1, 2021. This plan mirrors the County/Municipal Police and Firefighters Plan at the State. Additionally, the City applied to and was accepted into the County/Municipal Police and Firefighters Plan for all new police hired January 1, 2021 and later.
- As of August 2021, the HR Division posted 47 positions ranging from temporary/seasonal to full-time employees due to promotions, retirements and resignations. The expectation is that this will continue in 2022 as more retirements and promotions occur.

# CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

- The HR Division successfully completed a change in vendor for employee life and long-term disability benefits. The change in vendors was due to increasing premiums and poor customer service. Moving to the new vendor provided more employee benefits with equal or better coverage and saved 20% annually in premiums.
- In 2020, the Purchasing Division processed 914 purchase orders, 60 of which were equal to or greater than \$25,000. There were 13 contracts and 2 RFPs. Those that made it through to bid opening are as follows:
  - Contract 20-01: Municipal Parking Lot #1 Expansion
  - o Contract 20-03: Rodney Complex Park and Stormwater Facilities
  - Contract 20-06: 2020 ADA Transition Plan Improvements
  - Contract 20-08: Purchase of 35kV Circuit Breaker
  - o Contract 20-09: Sanitary Sewer Repair and Rehabilitation
  - Contract 20-10: Corrugated Metal Pipe (CMP) Lining 2020
  - o Contract 20-13: City of Newark Parks Signage Replacements
  - o RFP 20-01: Municipal Planning Services for the City of Newark
  - o RFP 20-02: Lobbying and Intergovernmental Consultant Services
- As of August 2021, the Purchasing Division processed 761 purchase orders, 67 of which were
  equal to or greater than \$50,000. So far, there are 12 contracts and 4 RFPs completed or in
  progress. They are as follows:
  - o Contract 21-01: Northwest Booster Station Generator
  - o Contract 21-02: Okonite EPR Wire or Equal for New Electric Service
  - o Contract 21-03: Valve Inspection Exercising and Rehabilitation
  - Contract 21-04: Curtis Lane Culvert Replacement
  - o Contract 21-05: Parks Signage (Updated for 2021)
  - Contract 21-06: Street Improvement and Hard Surfaces 2021
  - o Contract 21-07: PD Vehicle Equipment Procurement and Upfitting
  - o Contract 21-08: 2021 Sidewalk Improvement Plan
  - o Contract 21-09: New London Water Storage Tank Chloration
  - O Contract 21-10: 2021 ADA Transition Plan Curb Ramp
  - Contract 21-11: Electric Line Tree Trimming
  - o Contract 21-12: Sewer CIPP Lining
  - o RFP 21-01: On-Call Engineering and Project Management
  - o RFP 21-02: On-Call SCADA Integration Services
  - o RFP 21-04: Administration of Off-Duty Police Details for NPD
  - RFP 21-05: Strategic Planning and Implementation Services for Charrette, Associated
     Review, and Recommended Revisions to the BB and RA Districts of the City Zoning Code

# CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

- On June 28, 2021, the Purchasing Division presented Bill 21-16 (increasing purchasing thresholds for Council approval) to City Council, which Council approved. The Bill enacted the following changes in City Code:
  - o Material, professional, and non-professional service purchases: raised the threshold for explicit Council approval from \$25,000 to \$50,000.
    - Material purchases and non-professional services are defined as purchases in which the additional vendor requirements beyond providing a basic good or service are minimal or nonexistent.
    - Professional services are defined as services that generally require specialized education, training, or knowledge, and involve intellectual skills.
  - "Public works" purchases: raised the threshold for explicit Council approval from \$25,000 to \$100,000.
    - "Public works" (or infrastructure) purchases revolve around construction, reconstruction, demolition, alteration/repair/maintenance work, and so on.
  - Review the minutes and memo for this item to see the internal mechanisms associated with this change on the June 28, 2021 agenda link at https://newarkde.gov/985/Agendas-and-Minutes.

# CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2022 DEPARTMENTAL GOALS

#### Goals for 2022 include:

- Navigate through any remaining COVID-19-related issues on the staff level and within the Newark community.
- Continue to support operating departments for successful implementation of projects that are included in the 2022 capital budget.
- Initiate a comprehensive strategic planning process for the City incorporating input from citizens, community and business partners, City Council, and staff. The goal is to develop a plan that effectively articulates City priorities, vision, and values to the Newark community and will be used to guide the work in all city service areas.
- Support the Planning and Development Department's BB and RA zoning code rewrite process.
- Support the divisional goals of the Administrative Department, which are HR/Labor, Communications, Purchasing, and Facilities Maintenance.
- Finalize the City Purchasing Manual (if not complete in 2021) and work with operating departments to understand and adhere to new policies and directives.
- Complete the City's Energy Savings Performance Contracting project for the improvement of the facilities' HVAC systems, roofs, and lighting, as well as expand the City's solar output, switch streetlights to LEDs, and other miscellaneous energy saving measures.
- Continue to pursue additional preventative maintenance options to preserve the City's facilities.
- Continue to build checklists, "cheat sheets," templates, and other helpful forms to expedite many
  HR and Purchasing-related tasks, such as onboarding, equipment disposal, contract development,
  personnel requisitions, etc.
- Update the City's Personnel Policy Manual, Employee Handbook, and all job descriptions.
- Support the staff-led safety, wellness and employee engagement, and professional development committees to continue improving in these areas.
- Update and make improvements to HR/Labor portion on City website.
- Update and digitize all HR forms and make available on City Intranet.
- Create an employee wellness/benefits page on City Intranet for resources.
- With assistance from the Wellness Committee, create and oversee the administration of an employee survey with the goal of learning how staff can feel better supported by their supervisors, strategies for improving morale, and ways to increase retention.

# CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2022 DEPARTMENTAL GOALS

- Develop and roll out a new app to keep residents and businesses informed of City events, changes in operations and weather updates, help locate Parks and green spaces, and provide the option for electronic bill payments.
- Restart the electric cost of service rate study postponed by COVID once adequate utility sales information is available and implement the modified rate design.

## CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT ORGANIZATIONAL CHART

## CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

The Legislative Department provides clerical, administrative, research and staff support to the Newark City Council, its appointed boards, commissions and committees, and both the City Solicitor and Deputy City Solicitor as well as electronic and paper document management for the City. The department is led by the City Secretary, who is appointed by City Council and also serves as the City Treasurer, and staffed by eight additional team members – three full-time and one part-time in the Legislative Division and three full-time and one part-time in the Records Division.

The department serves as a liaison between citizens and City Council. It oversees agenda preparation for Council meetings, schedules meetings, advertises and provides public notification of hearings, and prepares the minutes of City Council and other committee meetings. The City's boards and commissions are also managed by this office, including all appointments, reappointments and resignations and staffing the Board of Adjustment, Conservation Advisory Commission, Election Board, Diversity and Inclusion Commission, Reapportionment Committee and other boards on an as needed basis. The staff also coordinates the City's elections in concert with the Election Board, which includes managing absentee ballots, locating and preparing polling places, managing voter registration lists, liaising with candidates and the Department of Elections, training poll workers, completing public notifications and ensuring fair, safe and accessible elections for all registered voters in Newark.

The City Secretary is the appointed FOIA Coordinator for the City and the office works with other departments for timely fulfillment of citizen requests and compliance with open meeting requirements.

This department is the City's record keeper for Council and permanent documents and houses the Records Division. The Records Division is working with City departments to review the approximately 8.9 million pages of records currently housed within the City of Newark; determine what it required to be kept versus what can be destroyed as a duplicate or document having met its retention schedule; and digitize the City's numerous paper records that are required to be retained to create an electronic archive to better serve the citizens and staff of the City of Newark.

Department staff ensure the official recording of numerous documents with the New Castle County Recorder of Deeds. Staff also processes lien certificates for every property transfer within the City of Newark, which provides the seller with all outstanding funds owed to the City prior to the transfer.

The City Secretary serves as the complaint officer charged with resolving cable television issues covered by the City's franchise agreements with providers.

This department also serves as the administrative arm of the legal section of the legislative branch of City government. The City Solicitor and Deputy City Solicitor rely on this office for research, drafting various documents, preparing case files, fulfilling discovery requests and full clerical support.

# CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2021 DEPARTMENTAL ACCOMPLISHMENTS

#### Key accomplishments in 2021 include:

- Working with the IT Division to create and implement a hybrid in-person and virtual meeting solution to continue encouraging more avenues of public participation post-COVID.
- Anticipate staffing 67 Council and committee meetings in 2021, including 36 Council meetings, 6
  Board of Adjustment meetings, 11 Conservation Advisory Commission meetings, 5 Election Board
  meetings, 4 Diversity and Inclusion Commission meetings and 5 Reapportionment Committee
  meetings. This includes agendas, minutes, website postings, legal notices (where applicable), and
  agenda packets (where applicable).
- Successfully executed District 1 special election, including expanded absentee voting program.
   Preparations, including expanded absentee voting program, were also completed for District 2 prior to the election cancellation.
- Providing administrative support for the decennial Council district reapportionment to go into
  effect for the 2022 City elections. This includes staffing the Reapportionment Committee and
  notification of all voters that have been moved to another district prior to the 2022 election.
- Supporting the newly constituted Diversity and Inclusion Commission.
- Processed 101 FOIA requests as of August 27, 2021. Additionally, no FOIA complaints have been filed against the City for the third year in a row.
- Processed 405 lien certificate requests as of August 27, 2021, which is a 57% increase over the same time period in 2020.
- Made substantial progress through the departmental scanning backlogs during the COVID-19 pandemic while departments were working remotely.
- Scanned 269,745 pages as of August 27, 2021 and processed over 250 boxes of documents for approval by State Archives for destruction.
- Achieved full staffing of the department for the first time since April 2020.
- Completed remodeling of City Secretary's Office to better manage employee safety and document storage. With the exception of new shelving that was built in house by the Facilities team, all items used in the renovation were repurposed from existing supplies at minimal cost to the City. This office was last reconfigured in the late 1990s.

## CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2022 DEPARTMENTAL GOALS

## **Goals for 2022 include:**

- Successful execution of the 2022 Mayoral and Council elections as well as a potential City-wide referendum.
- Return to in-person public meetings with remote access options to better engage the public and increase attendance.
- Successful completion of inaugural Council member training series.
- Create a plan for the expansion of the electronic packet program for standing boards and commissions in advance of the FY2023 budget process.
- Execute the initial implementation of public portals to access the City's scanned records.
- Surpass the benchmark of 3,250,000 pages scanned.
- Continue promoting accessibility and transparency for the citizens of Newark to the records of the City and the legislative process.

# CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT - ALDERMAN'S COURT 2022 DEPARTMENTAL NARRATIVE

The Alderman's Court is designated as Court No. 40 and falls under the jurisdiction of the State of Delaware Chief Justice. All Traffic and Criminal Misdemeanors in and for the City of Newark are handled in the Alderman's Court. The Alderman (judge) is required to be an attorney, licensed in the State of Delaware, recommended by City Council, appointed by the Governor and confirmed by the Senate. The Alderman serves in the capacity of the Chief Alderman in the State of Delaware, as this is the largest Alderman's Court in the State. A Deputy Alderman is also appointed to serve on the bench in the absence of the Alderman.

The Alderman's Court has jurisdiction over all traffic, criminal misdemeanors and parking violations in the City limits of Newark. This also includes building and animal code violations. The Court is in session three times a week consisting of Tuesday, Wednesday and Thursday weekly and the first Friday of the month. All court sessions are from 8:00 am to 10:00 am. Parking appeals can be heard on Tuesday and Wednesday from 8:00 am to 10:00 am.

The goals of the Alderman's Court are to provide professionalism in support toward defendants, the Alderman and the City; and maintain administrative and financial reports to the City Council and State of Delaware.

This office has a staff of seven, including the Clerk of the Court who is responsible for the daily operation of the Court and reports to the Alderman on judicial matters and to the City Manager on administrative practices. The office is responsible for maintenance of court proceedings, scheduling of arraignments and trials, payment of fines, parking tickets, code violations, collection and disbursement of fines and other funds within the city and the State of Delaware.

In 2020, a total of 5,885 cases were filed in the City of Newark Alderman's Court and the Court collected \$400,982.96 in fines. In addition, the Court collected \$495,410.56 in parking fees, \$12,080 in civil citations and \$39,717.04 in security fees, totaling \$947,920.56.

# CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT - ALDERMAN'S COURT 2021 DEPARTMENTAL ACCOMPLISHMENTS

#### **Key accomplishments in 2021 include:**

- Alderman's Court 40 has been fully open since June of 2020. Staff continued to work a hybrid schedule until May 2021 which allowed court to function normally with hours from 8am-4pm but also allowed for social distancing. Court kept a much lighter schedule with only a limited amount of trials and arraignments scheduled daily. The court will continue to handle PBJ's and Plea in Absentias by mail throughout 2021.
- Court reopened on 6/29/20 with limited staff working at the same time to allow for social distancing. The courtroom and lobby were also arranged to allow for social distancing. The bailiffs worked in the atrium, as well as the courtroom, to help direct customers to the right department to help maintain social distancing a priority. They also took temperatures and gave masks to customers to keep the safety of all a priority. The bailiffs will continue to work in the front atrium and the courtroom throughout the remainder of 2021.
- Alderman's Court continues to make improvements to enhance customer service and increase security. Such measures include: installation of security cameras in the courtroom and the lobby as well as a TV monitor in the lobby.
- Language Link continues to provide interpreters for trials and arraignments and for translation for incoming phone calls and has assisted the Judges and officers with the court process.
- The court added 2 part-time bailiff positions in August 2017 to oversee the daily operations of court sessions, to assist customers in the lobby with questions or payments at the kiosk, and to provide security to the Court. In 2020, the bailiffs were tasked with covering the front atrium when the city reopened which has provided extra security but has also helped during the pandemic with temperature checks, social distancing and mask requirements. Their addition has assisted court personnel with the daily operations of the office as well as providing security to court and the city.

# CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT - ALDERMAN'S COURT 2022 DEPARTMENTAL GOALS

#### **Goals for 2022 include:**

The goals of the Alderman's Court are to provide professionalism in support toward defendants, the Alderman and the City; and maintain administrative and financial reports to the City Council and State of Delaware.

- Continue to submit timely reports to the City of Newark and State of Delaware reflecting the collection of all parking, criminal and traffic revenue.
- Adjudicate most misdemeanors within 90 days of offense unless the trial calendar, City Solicitor or the attorney's schedule dictates differently.
- Continue to promote the Probation before Judgment program to offenders for their first offense.
- Hold at least 2 training sessions for staff in T2, DELJIS and the Microsoft office suite to promote increased productivity.
- Continue to work with the records management team to comply with appropriate destruction practices for records with the State of Delaware.
- Continue to keep staff and court as safe as possible while we remain open during the pandemic.
- · Continue to perform daily duties while safely operating

# CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

The City of Newark Finance Department is the centralized financial reporting and service organization comprised of Financial Management, Accounting, Budgeting, Information Technology (IT) and Payments & Utility Billing (PUB). Our function is to provide support to both our internal and external customers.

### Accounting:

• The accounting program is responsible for financial accountability and reporting, asset and liability management, revenue recognition and billing, and the disbursement of funds. Financial accountability duties include accurately recording information and reporting data in understandable formats for internal and external purposes. Asset management provides for the security, control and accounting of cash, receivables, operating inventory, buildings and property, equipment, and pension funds. Liability management includes proper recording and reporting of all short- and long- term liabilities, such as accounts payable, encumbrances, debt, and capital lease obligations. Primary activities include investment management, liability insurance and risk management, and accounting for all the City's funds. Revenues billed through the accounting office include property taxes and other miscellaneous charges. Disbursement of funds refers to the timely and accurate processing of accounts payable and payroll.

### **Budgeting:**

- The budget process is the joint responsibility of the City Manager and Finance Director. The program consists of two major parts; a five-year capital improvement program (CIP) and the annual operating budget. The five-year CIP is updated annually with the operating budget. The annual budget is a policy statement and a legally binding control document setting forth the financial operations plan for the coming fiscal year. The capital and operating budgets are adopted by the City Council following the City Manager's review and a public hearing. The 2021 budget for all funds totals \$94.6 million including a \$3.6 million net capital budget.
- The budget program is responsible for revenue estimation, preparation of estimated expenditures for the current year and projection of expenditures for the coming budget year based on input from the City management team, monitoring of budget activity during the year, and periodic analysis and reporting of budget status. Additionally, it is the responsibility of the budget program to estimate required resources to fund programs and to propose utility and tax rates at the proper level to fund these programs.

# CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2022 DEPARTMENTAL NARRATIVE

# Payments and Utility Billing (PUB):

• The Payments and Utility Billing program is responsible for providing assistance to utility customers in establishing and terminating service, answering billing and service inquiries, executing the billing process for the City's electric, water, sewer and stormwater utilities, processing customer payments, managing delinquent utility accounts receivable and providing customer education and information on city operations. Commercial and residential utility customers, including City residents and out-of-town water customers, receive monthly billing statements for usage metered by the City's smart meter technology. The billing volume is managed efficiently by staggering cycles into daily workflow.

### Information Technology (IT):

• The IT division is responsible for providing the technology infrastructure, line-of-business application management, and daily support services for all City of Newark buildings, departments, and users. IT is also responsible for: general workstation and end-user support; servers and group services; web applications; researching new and innovative technologies; networking and communications support; security; computer operations; training and education.

# Key accomplishments in 2021 include:

The Finance Department supports all projects/programs within all City departments, both directly and indirectly. Key accomplishments for 2021 include:

## Accounting:

- Awarded the "Certificate of Achievement for Excellence in Financial Reporting" by the Government Officers Association (GFOA) for the 2019 Annual Comprehensive Financial Report.
- Submitted the Annual Comprehensive Financial Report for 2020 to the GFOA for consideration of the "Certificate of Achievement for Excellence in Financial Reporting".
- Received an unmodified audit opinion and no material weaknesses based on the audit of the City's financial statements for the year ended December 31, 2020 by CliftonLarsonAllen LLP.

## **Budget:**

- Restored the City's bond rating with FitchRatings from AA+ with a negative outlook, back to AA+
  with a stable outlook, as the City exceeded FitchRatings' expectations coming out of the Covid-19
  pandemic and associated subsequent states-of-emergency that followed.
- Continue to work on preserving the financial health of the City from the impact of the Coronavirus and subsequent states of emergencies. Worked with state, county, and federal stakeholders to ensure the City of Newark is kept relevant in all conversations at all levels of government.
- Successfully secured a \$783,000 grant from the State to fund the solar project at the Newark Reservoir.
- Established the Renewable Energy Program to help the City reach its sustainability goals as presented in the Sustainability Plan.
- Worked with directors throughout the year to help find the resources needed to fund departmental budgetary shortfalls as they occurred during the year. The budgets of all departments were reduced for 2021 due to the impact of Covid-19.

### Payments and Utility Billing (PUB):

- Continued partnership with DEMEC and Efficiency Smart to provide low-cost/no-cost energy efficiency services to the City's electric customers.
- Continued the relationship between Catholic Charities and Efficiency Smart requiring energy education from Efficiency Smart prior to releasing City funds.
- Worked with the Delaware State Housing Authority to promote the rental and utility assistance program to our residents in need of financial assistance brought on by Covid-19.

# Payments and Utility Billing (PUB) - continued:

- Implemented a "call-back" feature to reduce hold times and provide customers an option to receive a call back from customer service staff to avoid waiting on hold.
- Work with our utility customers to create payment arrangements and acquire grant eligibility to help our residents and commercial customers impacted by COVID to get back on their feet financially.
- Incorporated bilingual letters and courtesy calls to residents.
- Actively recruited and filled two key vacant Customer Service Representative I positions in order to maintain the high level of customer service excellence our customers are accustomed to.
  - o Remote training successfully conducted during COVID.
- Cloud-based PUBs manual recreated allowing approved users to update as required to keep up to date.
- Worked with IT in the Harris Northstar Customer Information System (CIS), Customer Connect and mCare upgrades in January and September. Harris Northstar is the system used by the City to manage our water, sewer, and electric utilities.
- Worked with Accounting, IT, and Communications with the implementation of the Renewable Energy Program.
- Implemented a new bill automation process between Northstar and Compass in June.

# **Information Technology (IT) Applications:**

- Upgraded Harris Northstar Customer Information System (CIS), Customer Connect and mCare in January and September. Harris Northstar is the system used by the City to manage our water, sewer, and electric utilities.
- Implemented the Renewable Energy Program to Northstar CIS in May/June.
- Implemented a new bill automation process between Northstar and Compass in June.
- Migrated Munis, Tyler Content Manager and Cashiering to Tyler Technologies Software as a Service (SaaS) solution in June. This method of software delivery is a cloud-based platform which provided an additional level of security to the City's accounting system.
- Converted from Authorize.net to Paymentus for Tyler applications (September) in order to reduce and streamline the multiple numbers of payment processors used by the City.

# Information Technology (IT) Applications - continued:

- Implemented optical mark reading (OMR) on bill print to indicate multiple pages and if return
  envelopes were needed for mailing (September). Our current method of sending utility bills does
  not recognize if a bill has multiple pages or if a return envelope is necessary, the implementation
  of OMR on the utility bill will allow for the mail machine to identify whether to stuff multiple pages
  or if a return envelope is needed.
- Implemented journal entry workflow, saving time and eliminating paper for the Accounting division. (by end of year).
- Expanded Employee Self Service (ESS) Open Enrollment to include additional benefit options (Sept/Oct) to ease administration of the program for both Human Resources and our employees.
- Implemented Munis AP Payment Manager (Oct/Nov). This program simplifies the AP Cash Disbursements process by combining the selection of invoices to be paid, printing of checks, EFT processing and posting of the cash disbursement journal into one easy and convenient program.
- Implemented Northstar's Automation Platform (Nov/Dec) in order to provide workflow efficiencies for the Payment and Utility Billing group, creating a better overall customer experience for our end-users.
- Upgraded Tyler Cashiering to version 2020, using Tyler Identity, eliminating the necessity for additional username/password (Nov/Dec). Our current version of Tyler Cashiering does not support a single sign on solution which requires users to utilize additional username/password.

### **Information Technology (IT) Infrastructure:**

- Rolled out multi-factor authentication (MFA) to municipal employees further securing the city's network.
- Established a Mobile Device Management (MDM) systems allowing us to centrally configure and control city owned mobile devices.
- Updated nearly all Windows workstations (version 1909) bringing them all back under support.
- Enhanced our asset management and tracking capabilities through new processes.
- Produced and published training videos covering common problems and questions.
- Upgraded our anti-virus and content filtering applications to modern standards.
- Worked with Verizon to upgrade most of our remaining copper phone lines to fiber.
- City of Newark WIFI Refresh Rebuild and Enhancements.
- Redesigned the WIFI Network to allow for a Separate WIFI Management network and replaced Municipal and Police WIFI networks with new Access Points to enhanced coverage.
- Strengthened WIFI security by building a Radius server for authentication.

## Information Technology (IT) Infrastructure – continued:

- Worked with the vendor on implementation of the police body cameras, in-car cameras, and interview room cameras; which included a new secure and isolated network.
- Configured Cradle Point Management for the Police Department in their private cloud.
- Restored two core switches due to hardware failures with minimal downtime and no loss of Data.
- Worked with the vendor and the Applications Support team to transition to Tyler's SaaS offering.
   Established a Secure Data Tunnel for the Traffic of Tyler Munis Data to and from our production network to Tyler's cloud network.
- Assisted in the move of the Parking Office to its new location, which consisted of the moving of fiber, terminating network connections, and building a new data closet.
- Worked with Electric to deploy new cameras on the James Hall and Pomeroy Trails.
- Configured a new backup network for physical servers in the data center.
- Upgraded our remote access solution, removed the physical appliance, transitioned it to a virtual machine and enabled multi-factor authentication.
- Installed and configured a new password reset server.
- Worked with Electric and the vendor to deploy a new Electric SCADA system.
- Worked with PWWR to establish a server patch schedule that will minimize down time and interruption to their business.
- Migrated most department files to OneDrive for Business and SharePoint. Trained the members of the departments that were transitioned on those technologies.
- Set up automation scripts intended to make onboarding new employees less cumbersome and more accurate.
- Configured a remote power rebooter for the PD ringdown line to the University of Delaware PD
  with a graphical front end that can be operated by the police reducing the need for them to call
  out support if the device needs to be rebooted after hours.
- Created a utility for GIS admins to restart relevant services on the GIS servers.
- Upgraded our ticket and asset management system.
- Established an application store front that allows for self-service installations of pre-approved applications.

# CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2022 DEPARTMENTAL GOALS

### Goals for 2022 include:

- Maintain national recognition for excellence in financial reporting from the Government Finance Officers Association for the City's 2021 Annual Comprehensive Financial Report.
- Become the first municipality in the state to prepare a Popular Annual Financial Report (PAFR).
   The GFOA established the PAFR Program in 1991 to encourage and assist state and local governments to extract information from their comprehensive annual financial report to produce high-quality popular annual financial reports specifically designed to be readily accessible and easily understandable to the general public and other interested parties without a background in public finance.
- Support the City Manager with fiscal solutions to support the services and programs citizens
  expect and deserve through the development and implementation of a long-range plan to close
  the operating budget gap while maintaining or extending service delivery to the public.
- Properly record and account for all financial transactions, prepare accurate, informative, and timely financial reports, disburse City funds in an efficient manner, maintain financial, property tax and payroll records, operate the risk management function to provide maximum return on City funds, and provide adequate insurance protection at the lowest possible cost.
- Prepare an annual operating budget and a five-year capital improvement program to meet
  Charter requirements deadline and communicate the City's financial plan, forecast the anticipated
  revenues and expenditures necessary to maintain adequate reserves for future improvements,
  coordinate the budget preparation process with departments to institute participatory budgeting
  techniques, and ensure that resource allocation decisions are implemented in the most effective
  and efficient manner.
- Maximize the usage of the Utility Billing software to improve utility information management, accurately capture utility consumption and revenue figures, record and account for income from utility sales, build reliable statistics for use in utility budgeting and forecasting, and provide responsive and courteous customer service in the pursuit of service excellence.
- Work with the Council, the City Manager, Department Directors, the State, County, and our residents on determining the best use for the American Rescue Plan Act (ARPA) funds.
- Ensure a skilled, responsive, and innovative Finance and Information Technology team that keeps current with evolving business-critical technologies, while providing high quality customer service.

ate:	Description of Change(s):	
15/2021	*Please note, the below listed changes are following the City's Budget Summary submission for the 10/15/2021 edition of the Newark Post.	Net Surplus: \$ 211,967.00
25/2021	Detail: Formula updated to capture a new Materials and Supplies line item that was added to the Unicity Transportation Fund during the 2022 Budget Process.	
<u>GOB Pa</u> 256		Net Surplus: \$ 197,291.00
./2021	Detail: Citywide Surplus figure as presented to Council on 11/1/2021.	Net Surplus: \$ 197,291.00
/2021	*Per Council direction, budget passed with "Alternative Option #2" modifications (11/1/2021 Presentation Page 16) being selected.	
	Alternative Option #2 - Details:	
	• Proposal of a 2.5% tax increase	
	Detail: Please note, the budget was advertised and presented with a 5% tax rate increase included. As advised by Council on 11/1/2021, reduce tax rate increase to 2.5%.	
	This reduction will impact our budgeted General Fund Tax Revenue by -\$100,000 in 2022.	
GOB Pa		Net Surplus: \$ 97,291.0
see no	*City-wide summaries listed on pages 27-31, 33, 36, 37, 39 and 41 were all impacted due to the same change listed above.	\$ 37,231.00
	• CIP: K1203 - Old Paper Mill Park:	
	Detail: As advised by Council on 11/1/2021, Capital Project K1203 - Old Paper Mill Park was reduced by -\$100,000 in total for 2022. The previous figure of \$1,500,000 in ARPA (American Rescue Plan Act) funding for 2022 is being reduced to \$1,400,000 in total. The \$100,000 reduction in 2022 ARPA funding is to be transferred to Capital Project I1801 - Citywide Fiber (Phase II) to offset Current Resources spending.	
	*Please see the 2022-2026 Capital Improvement Program  Net Effect on Surplus:	Net Surplus:
	Binder document for detailed changes related to this update. \$ -	\$ 97,291.0
	*City-wide summaries listed on pages 27, 31, 33, 36, 37, 39 and 41 as well as the Capital Projects Fund summary listed on pages 245-247 were all impacted due to the same change listed above.	
	(Please note: Changes are continued on the following page)	

### **DOCUMENT VERSION CONTROL**

Date: Description of Change(s):

11/1/2021 (continued) \*Per Council direction, budget passed with "Alternative Option #2" modifications (11/1/2021 Presentation Page 16) being selected.

### Alternative Option #2 - Details:

• CIP: I1801 - Citywide Fiber (Phase II):

Detail: As advised by Council on 11/1/2021, increase this Capital Project by \$100,000 in 2022 ARPA funding and reduce -\$100,000 in 2022 Current Resources funding. 2022 ARPA funding was transferred from Capital Project K1203 - Old Paper Mill Park (see above). The remaining balance of the project, \$40,000 will remain as Current Resources.

\*Please see the 2022-2026 Capital Improvement Program
Binder document for detailed changes related to this update.

Net Effect on Surplus: \$ 100,000.00 Net Surplus: 197,291.00

\*City-wide summaries listed on pages 27, 31, 33, 36, 37, 39 and 41 as well as the Capital Projects Fund summary listed on pages 245-247 were all impacted due to the same change listed above.
