Municipal Government

The City of Newark’s council-manager, nonpartisan government operates under a home rule charter. A home rule charter provides self-governance in local matters that do not conflict with state or federal law.

The Newark City Council is comprised of Council Members and a Mayor, each of whom has one vote. Six Council Members, elected from separate districts, serve staggered, two-year terms. The Mayor, elected at large, serves a three-year term. The City Council meets the second and fourth Mondays of each month at 7:00 p.m. in the Municipal Building’s Council Chamber.
