CITY MANAGER'S OFFICE CITY OF NEWARK

220 South Main Street · Newark, Delaware 19711 302.366.7000 · Fax 302.366.7035 · www.newarkde.gov

October 28, 2022

Newark City Council City of Newark, Delaware

2023 GENERAL OPERATING BUDGET MESSAGE

The Honorable Mayor and Members of City Council:

On behalf of the City Manager's office and Finance Department of the City of Newark, with support from all departmental teams, I am pleased to submit our recommended 2023 General Operating Budget for your consideration and approval. This document represents the City's financial plan for the next fiscal year, considering experience, forecasting efforts, and Council direction. The budget ensures the continued provision of high quality service and identifies the anticipated revenue sources necessary to support our operations. The 2023 budget was developed based on a prioritization of needs for a well-rounded, full-service city. As with recent years, time was devoted in 2022 towards evaluating options for increased operational efficiencies and cost savings. We also spent time evaluating existing staffing levels to identify needs based on shifting workload and recruitment and retention pressures in our new, post-COVID hiring environment.

In preparation of the 2023 budget, we face several familiar structural cost drivers that once again compete with desired projects for funding. These structural costs are similar for municipalities across the state and country: rising healthcare costs, unfunded pension liabilities, collective bargaining related salary increases, and post-employment benefit liabilities. Unique to the last 18 months is inflation that is running at 40-year highs. High inflation has created additional cost pressure on almost every aspect of our budget. Lingering supply chain disruptions from COVID, increased demand for material goods, and the war in Ukraine are combining to create extreme price increases that have caused the cost of most goods to increase by double- or triple-digit percentages from just a year ago. This is especially so in fleet maintenance and our utilities. We have also seen large increases in the cost of contractual services due to the post-pandemic labor shortage that has driven up competition for employees and, similarly, wages. These dramatic inflationary cost pressures made it inadvisable to avoid some commensurate increases to our utility rates, fees for service, and tax collections or else we would have had to make significant cuts to our level of service provided.

Primary goals of the 2023 General Operating Budget and the associated Capital Improvement Program include continued provision of existing services, maintenance of our existing infrastructure, meeting the needs and expectations of our community, and taking advantage of innovative and/or progressive efforts to plan for the future and move our community forward. Developing meaningful partnerships, embracing efforts for economic development, and improving our use of technology and communication with our citizens continue to be a high priority. To reach our goals, we remain committed to increase revenue diversification and look for ways to hold the line or gradually reduce our reliance on enterprise fund

transfers into the General Fund. Inflationary cost pressures have made 2023 a uniquely difficult year with regard to our long-term goal to reduce reliance on utility transfers. Because of this, it will be particularly important to focus on lobbying efforts at the state level to get approval for additional revenue sources like an events tax. We should also look to complete development of the homestead tax exemption program for owner occupants during 2023 for implementation with the tax billing in 2024. We also recommend that the City continue to migrate utility revenue away from consumption based variable charges into lower risk fixed customer charges. Lastly, we should continue to utilize borrowing where appropriate to create a foundation for a more sustainable financial future.

Finally, with significant consideration and effort on the part of all departments, we present the consolidated 2023 Operating Budget and 2023 thru 2027 Capital Improvement Program (CIP). The CIP continues to heavily leverage city funds to maximize external funding sources. Twenty-eight percent of the five-year funding for the City's capital program is earmarked to be paid with external funding sources. Utilizing grant funds and contributions from state legislators where possible, we have continued to incorporate borrowing from bank loans and the state revolving loan program into the budget, as approved during the 2018 Referendum. Capital projects have been prioritized with a "fix it first" approach, as keeping our current infrastructure maintained and up to current standards is the backbone of our capital budget. Extending assets' useful lives and the safety of our community are highly regarded in the prioritization process as well, followed last by the projects that are an expansion of our existing services or assets and could be considered as nice to haves.

In summary, the core action items of this budget include:

- A proposed tax increase of 5% for 2023 (\$213,500)
 - o Tax rate is based on 1983 taxable assessments provided by New Castle County.
 - o Same service levels as provided in 2022.
 - o Increased transfer from the utilities to the governmental funds totaling \$3.4 million (\$16.9 million to \$20.3 million).
- Water and sewer customer charge adjustment that will generate an additional \$324,500 to cover
 debt service expenses for projects that were approved in the 2018 Referendum. In 2020, City
 Council enacted meter-based customer charges in the water and sewer utilities to cover the debt
 service associated with borrowing approved under the 2018 referendum. Water and Sewer's
 capital program consists of:
 - \$8,200,000 of Water Fund projects to be completed utilizing \$249,000 in reserves, \$119,000 in current resources, \$2,310,000 in state revolving loan funding, \$3,782,000 in American Rescue Plan Act (ARPA) funding, and \$1,740,000 in grants. The CIP funding is driven by the Emerging Contaminant project (W2206) and the Water Main Replacement Program (W9308). ARPA and state revolving loans are accounting for the majority of the funding for the capital program.
 - \$1,336,000 of sewer projects to be completed utilizing \$1,261,000 in ARPA funds and \$75,000 in capital reserves to pay for ongoing sanitary sewer repairs.

- Volumetric water and sewer rate increases of 8% to meet operational needs, which will provide an additional \$760,000 to the water and sewer utilities to fund the rising costs of personnel, materials and equipment needs.
 - City overall water consumption has remained relatively flat through 2022. While new development normally brings with it increased water sales, much of the development in Newark is redevelopment of a property that had prior water use. This, coupled with conservation and technology advancements generally negate much of the increase, resulting in flat water sales. The City continues to see some fluctuations in water sales due to weather, but the conscious efforts made by the Administration and Council to recover fixed costs via the customer charge has provided more revenue stability than in years' past.
- No change to the Stormwater customer charge was recommended for 2023.
 - o The monthly stormwater fee is between \$2.33 and \$7.01 per month for residential customers. Most residential customers pay \$3.89 or less per month. Non-residential customers will pay \$3.89 per month per ESU (Equivalent Stormwater Unit).
- Electric rate adjustment for 2023
 - o The 2023 CIP provides for \$15,000,894 of electric projects to be completed utilizing 2023 current year revenue \$2,107,996, reserves of \$200,840, conduit debt via a DEMEC bond issuance of \$12,000,000, grants of \$521,000, and other funding totaling \$171,058. Material and equipment purchases for the City's new substation (E2002) will begin in 2023 and will be funded via the DEMEC conduit debt (\$12M). The total budget for the substation is currently estimated at \$27.7M.
 - by the "Reliability Must Run" tariff approved by NERC for NRG's Indian River generation facility in Millsboro, DE, the 2022 RSA was recalculated and applied to all customers assigned to rate classifications that are subject to the RSA. This reflects a RSA rate change of 1.367 cents per kWh. In addition, we expect two other factors will impact the RSA in March of 2023; the anticipated wholesale rate increase from DEMEC, and the need to cover the anticipated debt service payments for the new substation. What the impact in March of 2023 will be is dependent on several factors that are unknown at this time.
 - The City is in the process of performing an update to the rate study that was began prior to the COVID pandemic. We had planned to have this completed in 2022, but this project is taking a bit longer than anticipated due to changes in electric sales that were created by the COVID pandemic, and the market swing for distributed energy resources (DER's) and electric vehicles (EV's) as their impact on the City's grid requires more review.

2023 Budget Process - Discussion of Challenges and Initiatives

The 2023 budget process began late spring, with staff discussing our organizational challenges and initiatives, and the Finance Department updating the presentation templates that were initially created as part of the 2019 budget process. For the fourth year in a row, Budget meetings began with Council in August to reflect the starting point of the 2023 budget and to highlight our anticipated revenue shortfalls. Efforts to compile our annual budget have become more complex, however the earlier start to the budget process and the involvement of City Council and the public earlier in the process has provided more transparency as to what is included in the budget program. We are confident that the changes made to the budget process over the last few years have benefitted all who are involved in the process. Staff is challenged annually to align funding for initiatives and services across departments where it provides the most benefit, reducing costs where possible, and continuing to positively impact the character and economic vitality of our community. During the beginning of the budget process, the expenditure budget was \$6.2 million short of estimated revenue.

Our organization's most valuable resource, our personnel, currently makes up 35% of our overall budget costs. Increased personnel costs, including salary and benefit provision adjustments, the recruitment of suitably skilled staff, and the retention of our workforce in a competitive job market impacts the budget's bottom line. On top of our annual contractually obligated salary adjustments, 2023's budget includes the addition of much-needed personnel including:

- Alderman Court: Addition of one part-time bailiff
- Finance: Converting a contractual IT Desktop Support position to a City employee
- Police: Add five new police officers and two new communication officers
- PWWR: Convert a part-time Administrative Aide to a full-time position
- Parks and Recreation: Add one full-time Maintenance IV position
- Administration: Convert a part-time HR Coordinator to full-time

The general fund requires regular non-utility revenue enhancements or else we will increase our reliance on utility revenue to cover general fund operations. The impact of inflation over the past two years has worsened the issue.

Many of our growing personnel costs are legacy obligations, like pensions and OPEB, that we have been able to negotiate out of labor contracts over the last few years. Unfortunately, the funds created to pay these liabilities assume payments are made across employee's entire careers, so we are still required to make payments for obligations from the past. Pension and OPEB costs consistently increase each year. The City uses a realistic assumed rate of 5.75% for future return assumptions, which is considerably lower than the 7.5% that was assumed earlier this decade. Assuming a lower rate of return results in higher necessary payments but is a more realistic representation of what investment returns we are likely to achieve from the funds. Unfortunately, while we have made large improvements in funded status of the pension and OPEB funds in recent years, both are still only funded between 75-80% and will require continued pension and OPEB contributions of around \$5 million per year for years to come to be able to meet our previously promised benefit obligations. Since 2021, all new members of the FOP are automatically enrolled in the State's pension plan, which will help the City with its pension liabilities in the long-term. In addition, health care expenses continue to be an ongoing challenge year over year, with 2023's premiums increasing nearly 6%.

Budget discussions in the recent past highlighted Newark's admirable utilization of the "pay-as-you-go"

method of financing its capital projects. While paying cash in the past for nearly all of our projects has kept our debt service low, in turn, it has prevented us from adequately funding reserves and tackling larger capital projects to address our aging infrastructure. The successful 2018 referendum provided borrowing authorization for up to \$27.6 million in a combination of state revolving loans and bond/loan financing which has allowed us to incrementally build our cash reserves back to a level in line with our Council approved financial policies. Continuing to strike a balance between "pay-as-you go" and smart borrowing for projects with adequate lifecycle moving forward will allow us to preserve our highly respected AA+ bond rating while adequately meeting the growing capital needs associated with aging infrastructure.

Despite moderate electric sales growth over the last few years from construction at STAR and elsewhere downtown, long-term trends for sewer and water sales have been relatively flat, largely due to higher efficiency fixtures used in new construction, improved leak detection from the smart meter project, and the slowdown of development projects due to the current economy. In 2021, the City began seeing the return of volumetric activity to pre-pandemic levels, but the overall trend of flat volumetric sales has continued. Additionally, our tax base only increases because of construction activity, and then only by the net difference between what was on the property originally and what is built back in its place. As a result, our tax base and utility revenue will not increase over the short-term at a rate sufficient to fund our community's growing infrastructure maintenance demands as our infrastructure ages. However, proper financing of our debt, accompanied with prudent planning, and sustainable development growth can ensure that both our current and future residents and business owners are paying for services at a rate that is comparable to our neighboring communities. The good news is Newark remains a great value.

Smart City initiatives of the past are generating long-term avoided cost savings to the City. During 2015 and 2016, the City replaced nearly 2,000 streetlight fixtures with LED replacements. In September of 2017, Vermont Energy Investment Corporation (VEIC) performed a Measurement and Verification (M&V) analysis to determine the project's overall impact and cost-effectiveness. This report confirmed that the City's LED project will produce a cost avoidance of \$135,000 each year and create an annual savings of 829,000 kwh. The total cost of the project was \$575,000, creating a return-on-investment payback period on the City's outlay of just over four years. For every \$1 spent on this project, the City will save \$4.20 through avoided costs. Building off the success of that project, the City is just wrapping up the construction phase and initial savings verification phase of a nearly \$9 million Energy Savings Performance Contract (ESPC) in partnership with Seiberlich Trane, a Delaware licensed Energy Savings Company (ESCO). This project included replacement of inefficient and end-of-life HVAC systems at City Hall, the Newark Police Department, and the George Wilson Center with high efficiency systems utilizing modern building automation systems. In addition to the HVAC work, this project also completed the City's transition to LED streetlights by replacing the remaining 800 streetlights in areas where we have underground electric lines. It also adds dimming capability on all streetlights in the City, repaired or replaced all flat roofing systems on City facilities, installed a megawatt of solar generation, upgraded water department pumps with variable frequency drives where appropriate, and included a handful of other efficiency related improvements. In the end, the savings generated by these projects will more than cover the cost of the annual lease payments over the 20-year payback period while moving us forward toward the goals included in the "Sustainable Newark" sustainability plan adopted by Council earlier this year. During 2022 we were awarded over \$2 million in grant funding from the State of Delaware to be used for another ESPC project that will build off the success of the project we just finished up and continue critical efficiency improvements at even more City owned facilities. This project will again be completed in partnership with our ESCO, Seiberlich Trane, and is anticipated to be complete by the end of 2023.

Rising health care expenses are one of the biggest challenges facing both the public and private sector

today. The City of Newark, in working in conjunction with its workforce, joined the Delaware Valley Health Trust in 2015. This monumental change allowed the City to continue to provide quality healthcare to its employees, while avoiding annual double-digit premium increases that other government agencies have experienced, through pooling its risk with other municipalities. During this time our annual healthcare costs have increased at a rate approximately half of what we would have experienced otherwise. This year's renewal was higher than those in the recent past at roughly 6%, but still below the annual increases we saw as an organization when we were in the private insurance market. We were advised that the larger than normal increase was driven partially by inflation but also due to plan participants working through a backlog of deferred medical care accrued during the pandemic when it was difficult to access care.

Appropriately managing risk and strategically using tools that are available to us, like debt and performance contracting, will be critical if we are going to be successful at sustainably meeting the expectations of our community for service delivery and quality of life. One critical action that staff strongly recommends is that we continue to move more of our utility revenue toward fixed charges and away from volumetric charges. This is to reflect that most of our expenses, especially in the water fund, are fixed, and that just because a building uses no utilities does not mean they received no benefit from the utility being there, ready to serve on demand. This was highlighted during the early months of the pandemic when UD and most businesses closed or moved to work from home, resulting in the loss of millions of dollars in utility revenue. Best practices in utility management suggest frequent reviews of our billing structure with adjustments as necessary to keep each utility financially stable while avoiding crosssubsidization of customer classes. The City must remain proactive to ensure that the City's fees for service are covering the costs to provide them equitably to all our customers. This year we have continued to include the increased cost to service debt from the 2018 referendum in the customer charge for water and sewer. Even with this increase, the portion of our revenue coming from fixed charges is significantly below that of our neighboring investor-owned utilities like Artesian and Veolia DE (Previously Suez Water DE).

The 2023 Budget in Summary

The proposed budget for 2023, including the five-year Capital Improvements Program, currently results in a surplus of \$447,181. This estimated surplus is usually divided amongst all funds, however, this year, the Stormwater Fund accounts for 100% of the balance. If the expenditure budget fall under or equals the revenue estimates in 2023 at year-end, these funds would revert to their respective reserve accounts to help grow the City's cash balances. Stormwater surplus can also be used to help pay down principal on the Hillside Park (Rodney) project loan, which would decrease interest expense over the life of the loan.

	* as amended	** as proposed		
	2022	2023	\$ FROM	% FROM
EXPENDITURE/SURPLUS	* BUDGET	** BUDGET	2022 BUDGET	2022 BUDGET
Operating Budget	\$ 91,851,004	\$ 102,320,779	\$ 10,469,775	11.4%
Capital Budget	3,537,188	4,145,229	608,041	17.2%
Debt Service	4,526,148	4,592,685	66,537	1.5%
Net Current Surplus	(442,464)	447,181	889,645	-201.1%
Total	\$ 99,471,876	\$ 111,505,874	\$ 12,033,998	12.1%

Major components of the consolidated budget are reflected as follows:

Operating expenditures are increasing by \$10.5M (11.4%), while capital expenditures are increasing by \$608K (17.2%). Newark's debt service is up \$66K and our net current surplus has decreased by \$890K. The Net Capital Budget, the portion funded through current revenues, of \$4.1 million consists primarily of:

- Electric: \$2,107,996 \$170,000 for new lines and services (E2301), \$170,000 for spacer cable replacement (E2302), \$155,000 for underground cable replacement (E2303), \$600,000 for the electric portion of the replacement of the TROPOS mesh network which relays utility meter information (E2305), \$250,000 for the SCADA and automated switching project (E0503), and \$200,000 towards the design of a new electric warehouse at the Facilities Operation Complex (E2202).
- Stormwater: \$150,000 \$75,000 for a mini-excavator (Q2301), and \$75,000 for the City's NPDES Phase II permit (Q0101). NPDES is an acronym for National Pollutant Discharge Elimination System.
- Streets: \$1,066,441 \$900,000 towards the annual street program, with a total budget of \$1.76 million (H2301). \$141,441 for the ADA accessibility transition plan (H2302), and \$25,000 towards the Newark transportation plan implementation (H1503).
- Water: \$119,000 \$30,000 towards source water protection (W1702), \$64,000 for the Well Restoration Program (W0503), and \$25,000 for a local match for a backup generator for our water facilities.
- Sewer: In 2023, there are no current resources used to fund sewer's capital program.
- Parks and Recreation: \$390,000 \$100,000 for the Ash tree removal/management program (K2302), \$154,000 for hard surface/facility improvements (K1301), \$56,000 for children's play equipment (K0908), \$20,000 for improvements at the pools at Dickey Park and the George Wilson Center (year 2 of 2), \$30,000 for tree pit installations along Main Street (K2303), and \$30,000 to help make our parks more ADA compliant (K2004).
- Police: \$28,000 funding for the ethernet rewiring project of police headquarters (C1904).
- Facilities Management: \$210,000 to provide funding for much-needed improvements at City Hall (N2302)

2023 Budgeted Operating Expenses by Function

Total operating expenses are recommended to be \$106.9 million for 2023, or a \$10.5 million increase from 2022. The table below highlights the City's 2023 budgeted operating expenses:

	* as amended	** as proposed		
	2022	2023	\$ FROM	% FROM
	* BUDGET	** BUDGET	2022 BUDGET	2022 BUDGET
Personnel Services	\$ 36,477,888	\$ 38,932,621	\$ 2,454,733	6.7%
Utility Purchases	37,430,531	44,417,788	6,987,257	18.7%
Materials and Supplies	2,509,366	3,006,287	496,921	19.8%
Contractual Services	12,259,238	12,682,960	423,722	3.5%
Equipment Depreciation	1,808,826	1,925,340	116,514	6.4%
Debt Service	4,526,148	4,592,685	66,537	1.5%
Other Expenses	1,365,155	1,355,783	(9,372)	-0.7%
Total	\$ 96,377,152	\$ 106,913,464	\$ 10,536,312	10.9%

Personnel Services – Personnel expenses are increasing by \$2.5 million or 6.7% in 2023. This increase can be partially attributed to the addition of personnel to maintain current levels of service. Those positions are:

- o Five new police officers and two new communication officers.
- Part-time bailiff.
- o Maintenance IV position in Parks.
- o Conversion of a part-time HR Coordinator position in Administration to full-time.
- o Conversion of a part-time Administrative Aide in PWWR to full-time.
- o Conversion of a contractor Desktop Support position in Finance to City employee

Estimated cost for these 10.5 positions is \$675,800 in 2023. Some positions have offsetting revenue/expenses to offset the expenditure impact.

Wages includes the contractually negotiated salaries of our workforce, as most of our full-time employees are represented by the FOP, AFSCME or CWA. The increase for 2023 includes associated merit steps for eligible employees, and cost of living adjustments.

Included in the \$38.9 million in personnel services are funding for the City's pension plan (\$4 million). The Pension plan has been closed since 2014 to new hires, except for the City's police officers. In addition, the City will be contributing over \$1.7 million towards its OPEB obligations in 2023. Both pension and OPEB contributions reflect a 10% increase when compared to 2022.

Utility Purchases – Utility purchases, which include the cost of electric purchases from DEMEC (\$39.2 million) and sewer purchases from New Castle County (\$5.2 million), are anticipated to be \$44.4 million. Should New Castle County choose to raise rates after July 1, 2023 we would need to perform a mid-year rate adjustment to pass these costs along to our sewer customers or else we will run a deficit for the year. The Indian River Coal Plant, debt service for the beginning construction of a second substation, inflation, and an anticipated rate adjustment from DEMEC are all contributing to the electric increase next year.

Materials & Supplies – The materials and supplies lines have increased 20%, or \$496K. \$89,000 of this increase is related to the five new police positions. \$50,000 is for bridge-related maintenance for bridge

2023 General Operating Budget Message October 28, 2022

repairs needed in our Park system. Another \$59,000 is for SCADA maintenance for our electric, water and sewer utilities. \$17,500 was added to cover the expense of vandalism throughout the City. The Alderman Court is up \$9,000 to cover the additional expenses of adding a 4th part-time bailiff. The remaining increase of \$271,000 lies across all departments and are solely attributed to the rising costs of providing our existing levels of service due to inflation.

Contractual Services – Contractual Services increased by \$424K, or 3.5%. \$300,000 of this figure is related to the expense of keeping our fleet and facilities maintained and operational. In addition, our projected cost of insurance is up \$117,000 which covers our property, auto, cyber, casualty, etc. Our cost of insurance has far outpaced the rate of inflation over the last few years. On a good note, our workers compensation program premium was reduced \$100,000 next year to \$700,000 due to our good incident record. Bank merchant fees are also a part of our contractual services line. This expense is budgeted to be \$38,000 higher than 2022, totaling \$1,255,000

Equipment Depreciation – Equipment depreciation (a non-cash, formula driven expense) increased by 6.4% versus 2022. This expense continues to supplement the funding our future large equipment purchases. As the City leases more equipment, this line will begin to diminish, and be offset by lease payments.

Other Expenses – Other Expenses decreased \$9K.

Budget by Department/Division – The budget changes by department/division are reflected on the table on the next page.

Revenue Highlights

City wide operating revenues of \$111.5 million in 2023 are expected to be above 2022 budgeted revenue by 12.1%. Utility revenue is collectively responsible for \$10.3 million of the \$12 million increase due to adjustments needed for inflation, new State drinking water mandates, wholesale power cost increases, and electric grid modernization just to name a few. In addition, the City is including \$2.2 million in fee adjustments for fines, recreation fees, and parking, as the City will be increasing some fees which have not been adjusted since 1999 (e.g., parking). We are estimating a small growth in taxable assessments for 2023, primarily due to commercial growth. Part of the property tax growth includes the proposed 5% tax increase which will provide \$213,500 in revenue to the City to fund its governmental services and to keep up on par with the rising costs of inflation. The hotel industry has been relatively steady since this past Spring, and we have increased our lodging tax expectations by \$40,000 to \$640,000 for 2023.

Real Estate Transfer Tax (RTT) fell off considerably during 2020 due to the slowdown in real estate activity caused by COVID-19. Since the end of 2020, RTT revenue has rebounded with 2021 being slightly above

2023 General Operating Budget Message October 28, 2022

average and culminating in 2022 with RTT revenue anticipated to finish the year at around \$5.2 million. During 2022, most of this record revenue came from a small group of sales of large apartment complexes including Christina Mill, One Easton, the Newark Shopping Center, and Pinebrook Apartments. Looking at the current real estate market for remaining large properties likely to transfer, there are not many candidates remaining. This, coupled with the Federal Reserve rapidly increasing interest rates, is likely to mean we will see much lower sales figures in 2023. Real estate prices remain higher than they were prepandemic so we will see more revenue per transaction, but we anticipate total transactions will be lower than 2021 and 2022. As a result, we have forecast RTT revenue in 2023 will be \$1,650,000, which is equal to what we initially anticipated in 2022.

Construction activity in 2022 has been weaker than we originally anticipated during the 2021 budget process. We believe this is primarily driven by supply chain shortages and rising interest rates which have combined to significantly increase the cost of construction. In addition to cost increases, Council spent much of 2022 discussing changes to the BB and RA zoning districts. The BB zone is where we have seen the most development activity in recent years and the new changes are likely to make it less expensive to build in this zone. Based on discussions we have held with the local development community; we believe several previously approved projects will be redesigned and come back through the subdivision process under the new zoning rules as opposed to proceeding to construction as previously approved. It is hard to estimate how many projects will be redesigned and then, if approved, will actually move to construction in 2023. Ultimately, interest rates and supply chain logistics will probably play the largest role in construction starts. The Congressional Budget Office anticipates interest rates will continue to increase through mid-year 2023 before leveling out and stabilizing just over 2% into the future. Assuming supply chain issues are resolved, construction should be able to continue at a strong pace with interest rates at that level.

The 2023 through 2027 Capital Improvements Program

The 2023 portion of the proposed five-year Capital Improvement Program exhibits gross expenditures of \$33.8 million. Reserve funding, grant funding, vehicle equipment replacement funds, a bond issue, state revolving loan, the American Rescue Plan Act (ARPA), conduit debt and other sources are proposed for the program. The use of capital reserves and equipment replacement reserves is a routine practice for projects that were authorized and encumbered in previous periods. Use of grant funding is likewise a fundamental goal and remains a recurring and successful funding mechanism for Newark.

Funding for the 2023 CIP is proposed on the table labeled "2022 CIP Funding Sources." The Net Capital Improvement total of \$4,145,229 will be funded in 2023 through current year revenue, which includes property taxes, utility rates, and other current sources of revenues.

2023 CIP FUNDING SOURCES	Percent (%)	Dollar (\$)
Capital Improvements		\$ 33,838,053
Funding Sources:		
Use of Reserves	4.1%	1,389,858
Equipment Funding	1.1%	372,736
Grants	17.4%	5,873,802
Bond Issues	0.2%	56,000
State Revolving Loans (SRL)	6.8%	2,310,000
American Rescue Plan Act (ARPA)	21.3%	7,219,370
Other Sources	36.9%	 12,471,058
Current Resources	12.3%	4,145,229

Similar to 2018 through 2022, borrowing is included in the

2023 Capital Plan. It should be noted that any type of borrowing or funding partnership planned in future years will result in ongoing debt service expenditures and/or other operating costs which, when layered into future operating budgets, will result in reduced levels of then-current resources available for "payas-you-go" financing of capital projects. There is always a need to address a greater level of critical infrastructure projects than current resources and reserves will permit. Some use of ARPA funds is helping the City meet some of its infrastructure needs without going to referendum in 2024.

2023 CAPITAL EXPENDITURES	Percent (%)	Dollar (\$)
Electric Fund	44.3%	\$ 15,000,894
Water Fund	24.2%	8,200,000
Admin./Facilities - Maintenance Fund	10.4%	3,517,640
Public Works - Capital Proj. Fund	7.7%	2,601,243
Sewer Fund	3.9%	1,336,000
Stormwater Fund	3.1%	1,038,420
Parks and Recreation	2.9%	986,762
Other Departments	1.8%	600,000
Parking Fund	0.8%	262,792
Information Technology Division	0.6%	201,570
Police Department	0.3%	 92,732
Gross Capital Expenditures	100.0%	33,838,053

This need can be met through the responsible, systematic utilization of funding in a way that strikes a balance between accomplishing immediate needs and encumbering future operating costs. Capital projects earmarked to be funded via the state revolving loan program, American Rescue Plan Act, or a bond issue, will continue to move forward due to the referendum passing in 2018 since these projects have secure funding.

The table "2023 Capital Expenditures" exhibits planned capital spending by department. The majority of our gross capital expenditures consist of infrastructure, which are electric, water, sewer, stormwater and street projects. Facility projects have also begun to take a higher priority due to the need for City assets to be maintained at a level that meets current standards, and the availability of ARPA to fund those needs.

Fund by Fund Commentary

General Fund

The General Fund is used to provide typical municipal services such as public safety, planning, administration, parks and recreation, streets and public works functions. Newark's General Fund remains highly dependent on transfers from the Enterprise/Utility Funds to maintain a positive fund balance and maintain the level of services offered in our community. This is further highlighted by the fact that property tax revenues (including tax penalties and franchise fees) make up only 7.6% of our operating revenues in 2023. While in recent years we have limited the level of our transfers in association with our Financial Policies and more pointedly by our acceptance of a Memorandum of Understanding (MOU) with then-Governor Markell's administration, efforts to self-motivate and monitor a sustainable level of transfers in the future along with additional revenue diversifications are challenges and must remain a priority. It is important to recognize that absent these transfers, the Governmental Funds (including the Street Division), would experience operating deficits over \$20.3 million in 2023, or require a tax increase over 245% to account for the total loss of margin transfers and maintain current service levels. For comparison purposes, the City would need to add over 32,400 new additional residences just to collect \$20.3 million in new tax revenue based on the City's median assessed value of a residential property. This is merely an academic comparison, however, as new residential properties would also result in increased demand for services and, accordingly, increased costs that would likely more than negate the increased tax revenue. Development in a form that uses less in services and infrastructure than the tax generated is key to making a dent in our general fund deficit. This is generally achieved by offsetting single family residential areas with dense, mixed-use development located proximate to jobs and the downtown, although there is no magic formula.

An additional reason to continue to focus on decreasing our reliance on utility transfers is the risk to revenues associated with the increased penetration of privately-owned distributed energy resources, like rooftop solar, as well as the impact of electric and water conservation. Both items have positive environmental and social impacts, but negatively impact our utility sales and margins. Transfers from the water fund have been increasing as a percentage of revenues in recent years, absorbing most of the additional revenue raised by significant rate increases dating back to 2011. Dialing back, or at a minimum not further increasing, our dependency would provide future benefits by leaving more revenue in our utility funds that are facing an infrastructure replacement tsunami as most of our distribution infrastructure like pipes and wires installed mid-century reach the end of their useful life over the next 15 or so years.

Other Governmental Funds

Other governmental funds include the Capital Projects Fund, Debt Service Fund and the Special Revenue Funds. All capital projects associated with the General Fund are budgeted and accounted for in the Capital Projects Fund. The Debt Service Fund is used to account for debt associated with the General Fund. The Special Revenue Funds are supported mainly by grant funds.

Enterprise Funds

The Enterprise Funds are comprised of the Electric, Water, Sewer, Stormwater and Parking Funds. These funds are intended to be self-supporting and contribute to the Governmental Funds via operating margin transfers (except for Stormwater). City Council's adoption of the Stormwater Utility mandates that no funds are to be transferred from it to support general fund operations. (Bill 17-43). Revenue expectations by fund can be found in within the operating budget.

Moving Forward

Efforts to improve the opportunity for citizens to manage utility consumption and associated costs with smart technology, and to equitably align utility costs across users via a combination of fixed and consumption-based charges will be of great importance, alongside high-quality municipal services and parks, as we compete for new residents and businesses. Furthermore, it would be prudent whenever feasible, for future budget cycles to feature small inflation-indexed tax increases, and fixed or reduced utility revenue transfers. However, as demonstrated by next year's revenue and expense budget projections, even with our continued efforts to embrace efficiencies and work smarter, costs continue to outpace our revenues. It remains clear that our organization and community will continue to be challenged to balance our commitment to our existing service levels without the need for higher, more diversified revenues. Our most recent revenue diversifier was the addition of the Hotel Lodging Tax in December of 2018. The Lodging Tax was a positive step for Newark to diversify revenue that supports our general fund, and the City strives to find new sources of revenue to ensure all are paying their fair share of City services.

Budget Presentation

The 2023 Budget document is arranged to comply with generally accepted accounting principles. Each operating budget is assigned to a fund group. The order in which they appear is Consolidated, General Fund, Other Governmental Funds, Enterprise Funds, and other miscellaneous funds. As in the past, consolidated revenue and expenditure summaries are presented in the front of the document, and each operating budget includes tables, statistics and annual reports for its individual department or division. The following schedule for processing the 2023 Budget is proposed to meet the requirements of the City Charter:

Presentation to Council:

- Public Hearing/Possible Budget Adoption November 7, 2022
- Contingency Date Public Hearing/Budget Adoption November 21, 2022 (if needed)
- Introduction Date for Revenue Ordinances December 5, 2022 (if budget is approved on November 7)

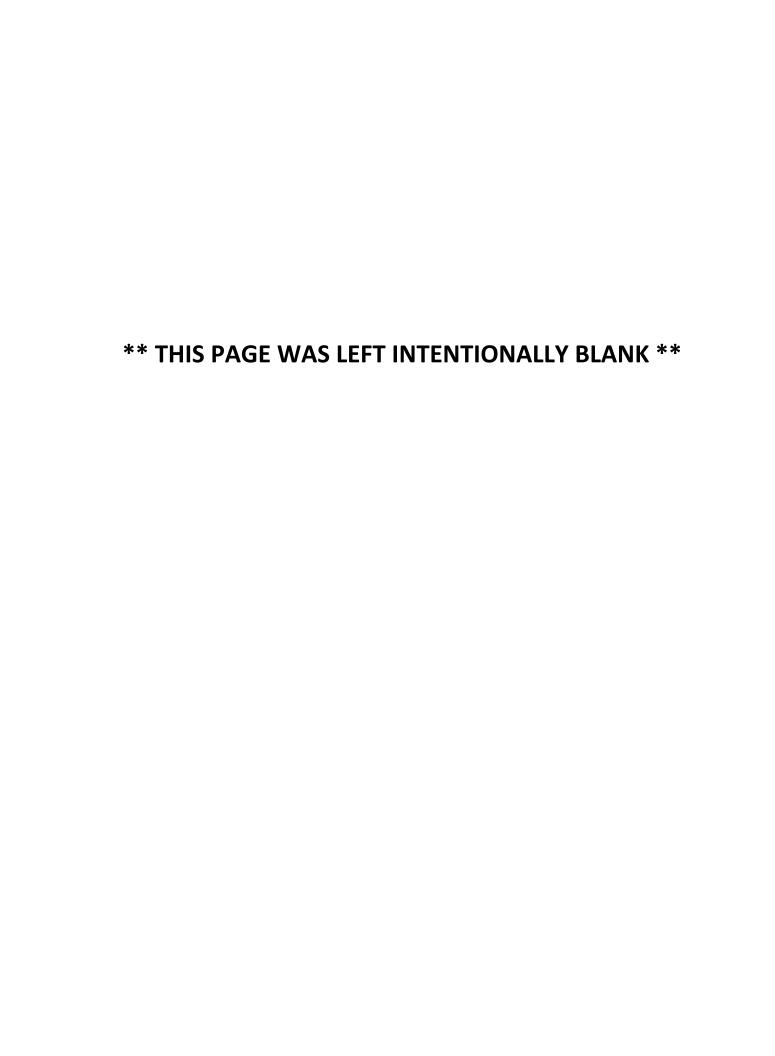

The preparation and compilation of the 2023 General Operating Budget and its accompanying Capital Program was the result of much hard work, research, and prioritization of all our departments. The Finance Department under the leadership of Finance Director David Del Grande, Deputy Finance Director Jill Hollander, Accountants Jim Smith and Debi Keeley, and Trevor Miller worked diligently in coordinating all stages of this document's development. Likewise, our Department Directors should be commended for thoroughly evaluating their needs, considering opportunities and responding to timelines and funding limitations.

2023 General Operating Budget Message October 28, 2022

I look forward to continuing the many efforts already underway, and yet to be proposed, along with our staff to move our organization forward and take advantage of opportunities for improvement. Lastly, I thank you for your dedication to Newark and ask that you continue to show your support of the hard work of our many employees on behalf of our community. Your commitment of time, skills, and interest in doing the right thing on behalf of our citizens, businesses and visitors will be greatly appreciated as we move into the New Year.

Respectfully submitted,

Thomas Coleman City Manager

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

The City of Newark operates its own electric utility to provide electric services to 13,000 meters, supporting commercial and residential customers within city limits. Power is purchased on the wholesale power market and delivered by the City. The electric department maintains 175 miles of electric lines and coordinates its services through several programs. They include:

Meter Relay and Electrical Maintenance Program:

Responsible for installing and maintaining electrical systems in city buildings, water wells, water, and wastewater pumping stations, traffic lights and control systems, meters, and other facilities.

Electrical Line Construction and Maintenance Program:

Responsible for maintaining the City's electric lines, substation sites, substation units, circuit breakers, and transformers.

In addition to maintaining the City's electrical distribution system, new power lines, substations, and underground electric utilities are constructed and installed to expand services to new customers. Additional departmental responsibilities include maintaining and installing street lights and traffic signals, trimming trees along the electric right-of-way, and providing distribution and sub-transmission switching and sectionalizing. The electric department's staff is also responsible for plans review, drawings, and engineering analysis for construction work.

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include:

- The City of Newark Electric Department received the American Public Power Association's (APPA)
 Safety Award of Excellence for safe operating practices in 2021. The Department won first place in
 Group C, which has 30,000 to 59,999 worker-hours of exposure, and was recognized at the APPA
 Engineering and Operations Conference today.
 - 318 utilities from across the country entered the annual Safety Awards. Entrants were placed in categories according to their number of worker-hours and ranked based on the most incident-free records during 2021. The incident rate, which is used to judge entries, is based on its number of work-related reportable injuries or illnesses and the number of worker-hours during 2021 as defined by the occupational Safety and Health Administration (OSHA).
- The City of Newark Electric Department has received national recognition for achieving exceptional
 electric reliability in 2021. The recognition comes from the American Public Power Association
 (APPA), a trade group that represents more than 2,000 not-for-profit, community-owned electric
 utilities.
 - APPA helps electric utilities track power outage and restoration data through its subscription-based eReliability Tracker service. Once per year, APPA's Reliability Team compares this data to national statistics tracked by the U.S. Energy Information Administration for all types of electric utilities.
- Successfully moved South Chapel substation from the old Supervisory Control and Data Acquisition (SCADA) system to the new SCADA system. We will transfer the other eight substations to the new SCADA system in 2023.
- The new 35kV circuit breaker at the Fremont Road substation will be installed. The new circuit breaker will replace the 45 years old 35kV oil circuit breaker. We are also upgrading the communication hardware at this substation so that we can transfer this substation to the new SCADA system. The project is in progress, and we are on track to complete this project by the end of 2023.
- Implementation of Outage Management System (OMS). With this application, we will be able to efficiently track outages, reduce downtime, and proactively and safely guide field crews during restoration activities. The application comes with a customer outage portal. With this portal, customers will be able to access real-time status updates detailing the estimated time of restoration, scheduled outages, and other outage-related activities. The project is in progress, and we are on track to complete it by the end of the first quarter of 2023.

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include (continued):

- CIP E1807 Relay replacements at Kershaw Substation This project's scope includes replacing
 the existing 138/34 kV T4 transformer and 139kV circuit breaker electromechanical relays with
 new digital microprocessor relays at Kershaw Substation. We have completed 90% of the
 engineering drawings for 138/34 kV transformer T4. The project is in progress. This is a multiyear project. All the engineering work will be completed by the first quarter of 2023. We will
 start the fieldwork in the year 2023.
- CIP E2002 New Substation We have completed a feasibility study for the new 138kV/34.5/12.47kV substation. We have also developed the project schedule and working on developing engineering and construction bidding documents.
- We have also completed the following development projects throughout the City:
 - College Square Shopping Center
 - 87 new meters were installed for apartment building 1
 - Newark Senior Center on Barksdale Rd
 - o 279 Orchard Road
 - o 511 Valley Road
 - Newark Charter School
 - o Fintech at STAR Campus
 - o Raising Cane's in process
 - Briarcreek North in process
 - o Green Mansion in process

CITY OF NEWARK, DELAWARE ELECTRIC DEPARTMENT 2023 DEPARTMENTAL GOALS

Goals for 2023 include:

- Install new communication devices at the following substations so they can be transferred to New Supervisory Control and Data Acquisition (SCADA) system.
 - Wyoming Substation
 - o Sandy Brae Substation
 - o Chestnut Hill Substation
 - o East Main Substation
 - West Main Substation
 - o Phillips Substation
 - Kershaw Substation
- CIP E2202- Electric Warehouse expansion, design the warehouse expansion of building #2.
- CIP E1807 Start the relay replacement for Transformer T4 at Kershaw Substation.
- CIP E1810 Replace older lighting arrestors on the 12.47kV system.
- CIP E2303 Replace the old underground 12,470-volt single-phase primary cable at Devon.
- CIP E2302 Replace 12,470 colt aerial spacer cable along Barksdale Road from Apple Road to Chasho Mill Road. The aerial cable is a bundled type of spacer cable which means the wires are installed close to each other. This cable has many cracks in it and has failed several times.
- Installation of electric distribution lines in new developments.
 - o College Square Shopping Center
 - o 62 North Chapel
 - o 302 Markus Ct.
 - o 320 Markus Ct.
 - o 207 Mason Drive
 - o Milford Run

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

The Public Works and Water Resources Department is responsible for potable water treatment and delivery, sanitary sewage collection and transmission services, refuse collection, City fleet maintenance, engineering and surveying, street maintenance, and stormwater management through its the seven (7) divisions described below. Three separate Utilities are operated within the PWWR Department, the Water Utility, Sewer Utility, and Stormwater Utility. Staff in each Division prepare reports and recommendations to the City Manager and City Council on facility improvements.

Engineering Division:

As a Delegated Agency of the Delaware Department of Natural Resources and Environmental Control (DNREC) Sediment and Stormwater Program, the Engineering Division is responsible for the engineering review of new subdivisions and construction improvement plans, sediment and stormwater program implementation, and construction inspection. The division also provides public works capital project development and administration, survey support, GIS database management, and administration of our annual Street and Sidewalk Programs. Staff also responds to resident complaints regarding drainage, erosion, and other related issues. Engineering staff maintain an active liaison with engineering consultants and other operating departments of the City.

Refuse Division:

 Performs numerous services including regular trash collection, curbside recycling collection, bulk or special pick-up service, yard waste collection, and Main Street Big Belly Compactor collection.
 The Refuse Division also assists various operating departments for trash collection at special events throughout the year.

Street Division:

Responsible for minor repairs of streets and curbs, repair of city owned sidewalks, maintenance
of the City's yard waste processing areas, application of traffic control signage and striping, leaf
collection, and snow plowing. In addition, this division routinely assists other departments and
PWWR divisions as required.

Fleet Maintenance Division:

 Responsible for maintaining the City's 225 vehicles and pieces of motorized equipment and focused on improving fleet standardization and minimizing life cycle costs, while reducing parts inventory requirements, maintenance burden, and vehicle down time. The Fleet Maintenance Division also provides vehicle inspection reports to assist with vehicle specifications for new purchases.

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

Water Division:

Responsible for maintaining regulatory compliance, GIS database management, oversight of day
to day water system operations, engineering and design of facilities, supervision and inspection
of construction projects, and capital project development and administration. Water construction
plans and specifications are prepared for bidding under this program.

Sewer Division:

• The sewer division is responsible for maintaining regulatory compliance, oversight of day to day sanitary sewer system operations, engineering and design of facilities, supervision and inspection of construction projects, and capital project development and administration. Resident interaction during backup events is a specialty of this division.

Stormwater Division:

Responsible for programming and administration of the Stormwater Utility, maintaining NPDES
Phase II Permit compliance, GIS database management, oversight of day to day system
operations, engineering and design of facilities, supervision and inspection of construction
projects, and capital project development and administration.

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include:

Stormwater Utility:

- Completed design and bidding for replacement and repair of several large pipes, including the Edjil Drive Culverts and Fremont Road Culvert.
- o Completed the Rodney Park and Stormwater Pond Project.
- o Completed a preliminary analysis on drainage issue near Julie Lane and Casho Mill Road.

Sewer Utility:

o Completed the inspection and lining of approximately 10,000 linear feet of degraded sewer line, increasing the life span by a minimum of 50 years.

Water Utility:

- Completed a \$2 million water main replacement program to address deteriorated pipes, water quality concerns, and pressure and flow improvements. Locations include Chrysler Ave, East Park Place, and Dallam Road.
- Complete 2/3 of the water valve maintenance program, with completion slated for Spring 2023.
- o Completed design and construction on a chlorine booster station at New London Tank.
- o Negotiated a new lease for cell tower antennae at our New London Tank.

Refuse:

- Took delivery of two rolloff dumpsters that our crews are able to service. These dumpsters have saved over \$1200 in disposal fees each in the 2022 UDNI program alone.
- Completed 3,723 Bulk Collections (up to 4 items per collection) year to date as of September 1, 2022. Annual total is 5,695 for the 12 months of Sept. 1, 2021 through Sept. 1, 2022.
- Added refuse service for fee in out of town area with annexation history. (Christine Manor)

Street:

- Completed paving and rehabilitation of streets and curbs in 14 segments of street around the City, including Hillside Road and Forest Lane in conjunction with Hillside Park.
- o Replaced 42 curb ramps for ADA Accessibility in various locations around the City.
- o Rolled out a mandatory training program for new Commercial Driver's License (CDL) applicants per new federal motor carrier rules.

Engineering:

- o 2022 plan review data as of Sept. 1, 2022:
 - 1. Lines and Grades Plans = 32
 - 2. Subdivision Plans = 17
 - 3. CIPs = 8
 - 4. Total Number of Submissions: 84 (this includes as-builts and other reviews that may not be a L&G, Subdivision or CIP)
 - 5. Average Days in Que = 34

CITY OF NEWARK, DELAWARE PUBLIC WORKS AND WATER RESOURCES DEPARTMENT 2023 DEPARTMENTAL GOALS

Goals for 2023 include:

- Continue to take advantage of funding through the American Recovery Plan Act (ARPA) to rehabilitate or replace aging infrastructure in our Water, Sanitary Sewer, and Stormwater Utilities. This will include approximately \$2 million in Water Main replacements and \$1 million in sanitary sewer study and repair.
- Implement recommended engineering solutions for flooding at Julie Lane.
- Address emerging contaminants at water treatment facilities along with upgrades needed to maintain our drinking water supplies.
- Continue to expand the City's Electric Vehicle (EV) fleet through vehicle replacement review. Keep on the cutting edge of available vehicles for the tasks required of that vehicle.
- Decrease the plan review time needed for development plans through changes to our review process to allow for emphasis to be placed on complete submissions and design details from consultants.
- Address employee onboarding and training for new employees to streamline the transition from longtime employees in senior field positions as they retire. Build on the CDL training program rolled out in 2022 to standardize
- Improve field services at the resident level through data collection and analysis of GPS data and field service logs through GIS programs.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

The Planning and Development Department regulates all land use and development in the City and provides related ancillary services through its program divisions including Land Use and Planning, Code Enforcement, Parking, and Facilities Management described below:

Land Use and Planning Division:

• This Division advises and makes recommendations to the City Manager, Planning Commission and City Council regarding physical development and the implementation of the City's Comprehensive Development Plan. Additionally, this Division is responsible for updating long-range planning documents; administering and reviewing plans and procedures for annexations, rezonings, subdivisions, parking waivers, the preservation of historic buildings, and special use permits; recommending zoning and subdivision regulation revisions; reviewing building permit and certificates of occupancy and economic hardship applications for zoning compliance; and administering the Federal Flood Insurance Program. The Division also serves as staff to the Planning Commission and the Board of Adjustment. In addition, the Land Use and Planning Division also includes Economic Development, Transportation and Technical Services, and the Community Development Block Grant which are further described below.

Staff

The Land Use and Planning Division is comprised of seven (7) staff, including one (1) Director, one (1) Deputy Director, two (2) temporary Planner I, two (2) Planner II and one (1) Administrative Professional.

Transportation and Technical Services:

The Land Use and Planning section also serves as a liaison between the City and federal, state, regional and local agencies to facilitate inter-jurisdictional cooperation and planning on issues of mutual concern. The division develops short and long-term transportation plans in conjunction with other City departments, the City's Traffic Committee and outside agencies such as WILMAPCO and the Delaware Department of Transportation. The Department also administers the UNICITY Bus service, which currently is under review.

Economic Development:

The Land Use and Planning Division also includes economic development. Economic development
activities supplement private sector initiatives to strengthen Newark's commercial and industrial
well-being. It is responsible for developing and modifying long range economic development
plans, monitoring the impact of City regulations on businesses, developing business incentives
and recruitment programs, producing public information materials, and serving as liaison with
The Newark Partnership on economic development related items.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

Code Enforcement Division:

• This division is responsible for the administration and enforcement of the International Construction Codes (ICC), related State of Delaware Codes, and applicable portions of the Newark Municipal Code. The division does comprehensive plan reviews of all major construction projects within the City of Newark. The division issues permits for building construction, fire protection, rental units, signs, and elevators, as well as coordinates permit review with other City departments. The division is also responsible for the issuance of contractor licenses, fire safety registrations, and business licenses. Each unit spends dedicated time within the office conducting reviews, typing citations, meeting with contractors or property owners or spending time out in the field conducting building, fire and property management inspections as well as responding to and investigating, building, fire and property management complaints.

Staff

The Code Enforcement staff includes: the Code Enforcement Manager, three (3) Property Maintenance Inspectors, four (4) Code Enforcement Officers, one (1) Fire Protection Specialist and two (2) Administrative staff.

Parking Division:

- This division is responsible for the oversight, management, maintenance, and supervision of the downtown off-street parking facilities, the maintenance and operation of all on-street parking kiosks, mobile payment applications, and residential parking, permitting, recordkeeping and enforcement throughout Newark. This division is responsible for Newark's 18 residential parking permit zones, 1250+ municipal parking spaces, and 7 municipal parking lots. Inter-departmental cooperation occurs on a daily basis, which includes the Public Works and Water Resources Department regarding maintenance, signage and repairs; Electric for the construction and maintenance of lighting and electric vehicle infrastructure; Finance for accounting, auditing and bookkeeping of parking services; Police Department for crime prevention and community policing; Parks and Recreation Department for landscape maintenance and snow removal; and The Newark Partnership to ensure parking is available for local events and businesses.
- The division also handles monthly financial reporting and auditing, with assistance from the Finance Department, so that the division can provide a better understanding of incoming parking revenue and how changes to the municipal Code could affect parking revenue streams coming into the City. The division is responsible for parking enforcement and the Residential Parking Permit Program, ensuring residents in areas near the University of Delaware have available onstreet parking available in front of their homes. The parking enforcement team, known as Parking Ambassadors, help to enforce residential parking, municipal parking payment, Americans with Disabilities Act regulations, municipal and state fire codes, and assist the Newark Police and other City departments in event organization and safety.

CITY OF NEWARK, DELAWARE PLANNING AND DEVELOPMENT DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

Parking Division (continued):

Staff

The Parking Division staff includes: the Parking Division Manager, the Parking Division Field Supervisor, two (2) Customer Service Representatives, two (2) Maintenance field employees, two (2) Full-Time Parking Ambassadors, and fourteen (14) Part-Time Parking Ambassadors. These employees ensure proper facility maintenance and infrastructure for six parking lots and one temporary parking lot, named Municipal Lot 7, on-street kiosks, and other facets of managing a 24/7 parking operation.

UNICITY Bus:

- The UNICITY Bus service is administered by the Planning Department. The UNICITY program provides free bus transportation to Newark residents via agreements with the Delaware Transit Corporation and the University of Delaware.
- The City runs one continuous loop around the City and maintains the buses needed to provide these free services. The City is responsible for the maintenance of the buses and the reporting requirements to the Delaware Transit Corporation. The University of Delaware is responsible for the operation of the buses.

Community Development Block Grant (CDBG):

The City has received funds under the Federal Housing and Urban Development's Community
Development Block Grant Program (CDBG) since 1974 to benefit low to moderate income
residents in Newark. The Planning Department administers the CDBG program according to
Federal guidelines, reviews project funding requests and develops the operating budget in
conjunction with the City Community Development/Revenue Sharing Advisory Committee;
monitors programs for contract compliance; and directly manages the Home Improvement
program.

Land Use and Planning Division:

The Planning and Development Land Use Planning Division remained quite busy in 2022 and there continues to be sustained activity and interest in land use applications which continue to take a significant amount of staff time. Other activities and accomplishments beyond the land use development and related activity as described below includes:

- Charrette and development of revisions to the BB and RA zoning district Staff worked with AECOM on pre-Charrette work and from March 21-25, the Planning and Development Department hosted Newark Charrette: Planning our Downtown, Together. The charrette brought together stakeholders and citizens to learn thoughts and opinions on zoning and develop a framework for potential revisions in the City's downtown areas. A presentation on the outcome of the Charrette was made to Council on May 23, 2022, for Council input and direction. A rough draft of the revisions to the BB and RA zoning districts based on the May 23 Council feedback on the Charrette was presented to Council on July 11, 2022. The AECOM and Newark Charrette team put together draft language to be presented at a joint Planning Commission and Council public workshop on August 25, 2022 to discuss and garner public input. Feedback from this workshop is anticipated to lead to the final language being proposed, recommended by Planning Commission and adopted by Council before the end of the year.
- Provided staff support and guidance to the Transportation Improvement District Subcommittee for the City of Newark in its work to implement a Transportation Improvement District and associated fees for development. The Subcommittee anticipates completing its work in mid-September with a joint Planning Commission and Council public workshop to review the recommendations of the Subcommittee targeted for November.
- Staff has begun implementation of the Downtown Newark Parking Plan Phase II from Kimley Horn based on Council feedback. Completed items in 2022 thus far include the establishment of a new Parking Advisory Committee, codifying the Residential Parking Permit Program zone, shortening the permitted length of time for on street parking and updating code references regarding the current structure of the Parking Division. Additional items anticipated to be completed by the end of 2022 include updating the parking requirements for the BB zoning district, restructuring parking-related fines, and updating downtown parking lot design requirements. Additional items from the Plan are targeted for completion in 2023.
- With the assistance of the Comprehensive Development Plan Steering Committee, staff
 completed the <u>Comprehensive Development Plan V 2.0</u> update, which was presented to
 Council and approved on August 8, 2022. Staff is preparing the approved Plan for submission
 to the State for review at the September PLUS meeting. Once it has been recommended for
 approval by PLUS, it will be forwarded to the Governor for signature.

Land Use and Planning Division (continued):

- Planning staff is continuing to work with the GIS and related staff to portray land use development information in a parcel-based format.
- The division continued to provide technical assistance to other City departments, Planning Commission and Council. Technical services provided include conducting, gathering and analyzing demographic data, researching topics and preparing special reports, maintaining the City library, and preparing maps, charts and visual aids.

Planning Commission Activities (October 2021 through August 2022)

Code Amendments

- 1. Discussion of adding Accessory Dwelling Units to the code. Council elected not to move forward with this item. (May 2022)
- 2. Text Amendment to Chapter 32, Section 32-18 to add microbreweries as a special use to the BB (Central Business District). (February 2022)
- 3. At their July 2022 meeting, the Planning Commission reviewed a proposal for interim building height in BB and RA zoning Districts. This proposed limiting building height to 5 stories in the BB and RA zoning districts. The Commission did not recommend approval to City Council and City Council elected not to move forward with this item in favor of completing the BB and RA zoning district revisions.
- 4. Text amendment to Chapter 32, Section 32-4 to update the definition of offices for professional services and administrative activities for nonresidential districts to include therapists. (August 2022)

Annexations

1. There were no annexations during this reporting period.

Rezoning

- 1. 500-700 Creek View Road (December 2021)
- 2. 10 & 16 Benny Street (May 2022)
- 3. 30 South Chapel Street (June 2022)
- 4. 25 North Chapel Street (July 2022)

Comprehensive Development Plan Amendments

- 1. Comprehensive Development Plan V amendment to add the George Reed Village Public Housing Redevelopment (February 2022)
- 2. 10 & 16 Benny Street (May 2022)
- 3. 30 South Chapel Street (June 2022)

Major/Minor Subdivisions

- 1. 500-700 Creek View Road Major Subdivision (December 2021)
- 2. 132-138 East Main Street Major Subdivision (February 2022)
- 3. 10 & 16 Benny Street Major Subdivision (May 2022)
- 4. 30 South Chapel Street Major Subdivision (June 2022)
- 5. 25 North Chapel Street Major Subdivision (July 2022)
- 6. 1119 South College Avenue Major Subdivision (August 2022)

Site Plan Approval

- 1. 500-700 Creek View Road (December 2021)
- 2. 132-138 East Main Street (February 2022)
- 3. 10 & 16 Benny Street (May 2022)
- 4. 25 North Chapel Street (July 2022)

Administrative Subdivisions

1. None at this time

Special Use Permits

- 1. 500-700 Creek View Road (December 2021)
- 2. 132-138 East Main Street (February 2022)
- 3. 30 South Chapel Street (June 2022)
- 4. 25 North Chapel Street (July 2022)
- 5. 1119 South College Avenue (August 2022)

Parking Waiver

- 1. 132-138 East Main Street (February 2022)
- 2. 25 North Chapel Street (July 2022)

Plans Received (October 2021 through June 2022)

- 1. 25 North Chapel Street
- 2. 591 Collaboration Way
- 3. 1119 South College Avenue
- 4. 532 Old Barksdale Road
- 5. The Grove (Formerly College Square Shopping Center)
- 6. 244 Kells Avenue
- 7. 515 Capitol Trail
- 8. 1115 South College Avenue
- 9. 249 East Main Street
- 10. 55 Benny Street
- 11. 178, 182 and 186 South Main Street and 528 Old Barksdale Road

Ongoing Land Use Projects

- 1. Green Mansion 94 East Main Street
- 2. The Grove (Formerly College Square Shopping Center)
- 3. 591 Collaboration Way
- 4. 115 College Square
- 5. UD Drake Hall
- 6. 10 & 16 Benny Street
- 7. 532 Old Barksdale Road
- 8. 244 Kells Avenue
- 9. 515 Capitol Trail
- 10. 1115 South College Avenue
- 11. 249 East Main Street
- 12. 141 East Main Street
- 13. 500-700 Creek View Road
- 14. 1119 South College Avenue
- 15. 132-138 East Main Street

Transportation Improvement District (TID)

- 1. TID Meeting December 8, 2021
- 2. TID Meeting January 12, 2022
- 3. TID Meeting February 9, 2022
- 4. TID Meeting May 11, 2022
- 5. TID Meeting June 8, 2022
- 6. TID Meeting July 13, 2022
- 7. TID Meeting August 10, 2022

Capital Improvements Plan

1. Review and consideration of 2022-2026 Capital Improvements Program (October 19, 2021)

2021/2022 Work Plan

1. Adoption of the Planning Commission 2021 Work Plan (October 5, 2021)

<u>Planning Commission Bylaws and Rules of Procedure</u>

1. No update at this time.

Five Year Review of the Comprehensive Plan V

- 1. Steering Committee Meeting December 9, 2021
- 2. Steering Committee Meeting January 13, 2022
- 3. Steering Committee Meeting March 16, 2022
- 4. Draft Revisions to the Comprehensive Development Plan V 2.0 (Planning Commission March 2022)
- 5. Draft of Comprehensive Development Plan V 2.0 (Planning Commission April 2022)

Planning Commission Training

- 1. November 2, 2021 Site Plan Approval Training hosted by Max Walton.
- 2. On March 31, 2022 the Planning Commission briefly met in Council Chambers to review the new hybrid system and prep for the upcoming April meeting.

Code Enforcement Division:

Code Enforcement Division 2021 Accomplishments

Due to retirement and illness, the Code Enforcement Division was understaffed for the majority of 2021. Throughout the year despite the staffing issues the staff was able to maintain the same level of customer service with minimal delays in permitting and inspections.

Department accomplishments:

- Through a joint effort with PUBS a system was developed to identify rental properties through new electric accounts.
- Coordinated with city manager's office to create Several emergency outdoor seating ordinances
- Began first phase of business licenses audit identify closed businesses
- Started Chapter 17 Property Maintenance Code amendment adoption process
- Began rental license data base audit
- Developed a review process for approval of new business licenses which includes participation by the Fire Inspector, Planning and PUBS.
- Identified a replacement software system for permitting and licensing and began the process of creating the scope of the implementation process

Code Enforcement Division Accomplishments 2022 Year to Date

- In the first half of 2022 the Code Enforcement Division has issued 603 Building Permits and collected \$411,060 in permit fees. We processed 149 Temporary Certificates of Occupancy at a cost to the applicant of \$74,500.
- The Division welcomed a new building inspector, and we are now fully staffed.
- The Property Maintenance team along with the Code Enforcement Manager and our consultant Maureen Feeney Roser and Lead Code Enforcement Officer Tim Poole continued to work on the Chapter 17 revisions and amendments to the 2021 International Property Maintenance Code in preparation for presentation to Council. At the request of Council, the team also completed an Ordinance Amending Chapter 17, Housing and Property Maintenance, Code of the City of Newark, Delaware, By Amending Regulations Related to Swimming Pools, Temporary Storage Structures, Prohibited Outdoor Storage, and Exterior Lighting and Deleting Regulations Related to Bamboo.
- Staff completed an audit of our active business license list and identified 127 businesses license
 holders that are no longer in operation. The next step is to identify unlicensed businesses in the
 city,
- We continue to make progress in evaluating and revising our licensing process.

Parking Division:

In 2022, the Parking Division continued to make improvements to the Residential Parking Permit Program (RPPP) giving residents additional access to online resources and forms to allow for quicker sign up to the program and to quickly make changes to existing permits within the program. The division continued its move away from physical permits, opting for digital permits that are verified by the License Plate Recognition (LPR) device and extending this capability into the special residential parking zones. These changes allowed the division to be more effective in its enforcement within special residential areas by speeding up the license plate reading process. Public feedback on the program continued to be positive, specifically from homeowner residents in the special residential parking districts. This ensured that the division continued to provide the highest level of customer service to our residents, streamlining the special residential parking application process and allows the division to quickly find vehicles that are illegally parking in residential areas.

Parking Division (continued):

With the temporary loss of parking in Municipal Lot #3 to the Lang-Hyatt hotel project and numerous development projects near public parking lots upcoming, staff continues to work diligently to find parking alternatives for Main Street patrons and employees. The municipal parking supply was supplemented in 2022 with the continued leasing of the property at 19 Haines Street, which was turned into Municipal Lot #7, managed by the T2 Luke Cosmo Multi-Space System and the Passport Parking mobile application. While the owner of the property has recently been approved for a new development project, the Parking Division continued to work with the developer in hopes of managing the new parking garage that will be built on the property, as well as managing the surface parking lot prior to the beginning of the construction project. The division hopes that this is the first of many privately-owned, publicly managed parking areas, ensuring that Newark patrons and residents experience common parking practices and have access to a fair appeal process through our Alderman's Court.

Newark's busiest parking lot, Municipal Lot #1, was expanded and prepared for increased use in 2021. In 2022 and as the COVID-19 pandemic seemingly waned, Lot #1 continued to be near maximum occupancy throughout the University of Delaware school semesters. As parking occupancy during the school year and during lunch/dinner is regularly high, the Division is certain that these new parking spaces will be utilized. New, high-visibility LED lamps and new lampposts were put in by the Electric Department, to increase safety standards throughout our expanded parking lot. Electric Vehicle (EV) charging stations were added to the parking lot in 2021, creating new parking spaces meant specifically for electric vehicles that help to curb fossil fuel consumption, and, in 2022, the Division made parking lot improvements to protect its new equipment by adding cement bollards that protect each unit. A third kiosk was added to the parking lot due to increased use and signage improvements were made to ensure patrons are aware of the parking lot rules and payment system. A geographic information system (GIS) map was built for all established parking signage so that staff could quickly and easily identify when signage goes missing, allowing for quicker turnaround for signage replacement. In addition, the Division purchased its own signage maker, as continued inflation increased the overall price of signage, and the Division found it cheaper to make the signage itself and allowing fast turnaround on signage replacement.

In response to the suggestions by the consultants at Kimley-Horn, the Division continued working with zoning, regulations, rate structures, permitting regulations, citation escalation and code in 2022. Bringing in consulting services allowed the Parking Division to get an outside view of its parking and planning operations, as well as the rules and regulations of the areas it is responsible for managing, to ensure that the service we provide to our residents, visitors and patrons is the best it can be. Through multiple public workshops, charrettes and consultation meetings, the Parking Division has been given a thorough guide on improvements that can be made throughout the parking system for the foreseeable future.

Transportation and Technical Services:

The Division continues to coordinate with DART, the University of Delaware, WILMAPCO and Cecil Transit on Newark Transit Improvement Partnership (TRiP) to better coordinate the existing transit services of UNICTY, University of Delaware, Cecil County and DART. The Division also continues to oversee the Unicity Bus system and provide customer service.

In 2022, Unicity undertook a number of projects to improve upon the quality and visibility of its existing service as well as to explore alternative operational models that might better serve Newark residents. Planning and Development staff compiled Unicity's route and schedule information into GTFS data files and registered the service on Google Maps. The GTFS file standard also allows Unicity to easily be listed on other navigation services, like Apple Maps and Bing, in the future should staff choose to pursue that.

The Unicity route has been adjusted to locate stops in more practical places, extend service up to the Main Towers entrance in response to a resident petition, eliminate redundant stops, and better incorporate high congestion times of day into the route's schedule for more accurate on-time performance. With the help of the Communications Division, the new route and schedule has been published on a new paper brochure and distributed on the buses as well as certain high ridership locations.

Finally, Planning and Development staff have explored alternative operating models, particularly microtransit, as a strategy to generate greater ridership and reduce trip times on the Unicity bus. In December and January, staff collaborated with DelDOT staff to apply for a Federal Transportation Agency grant to pilot a microtransit service in Newark. That effort fell through due to operational concerns at DelDOT. However, staff have recently renewed discussions with DelDOT and DART about a pilot microtransit program in Newark, this time funded by DelDOT with the assistance of federal grant dollars.

Community Development Block Grant (CDBG):

In the 48th year (July 1, 2022 to June 30, 2023), the City allocated \$284,268.40 in CDBG funds to 11 separate projects and programs. The City's allocation is accessed through New Castle County under an entitlement formula based on population. Loan repayments generated by the City's Home Improvement and Facade Improvement Programs augment this allocation throughout the year.

Land Use and Planning Division:

During 2023, the Planning and Development Department has several areas of responsibility as defined by <u>Code</u>, determined City management or City Council as well as determined by Department directives. In the area of Planning and Land Use, staff is responsible for the following activities as described below. The City Code mandated activity takes priority.

Boards, Committees, and Meetings

- Planning Commission
- City Council
- Board of Adjustment
- Design Committee (currently not meeting technical reviews being completed by staff)
- Community Development/Revenue Sharing Advisory Committee
- The Newark Partnership Economic Enhancement Committee

Land Use and Land Development Activities

- Implementation and maintenance of Comprehensive Development Plan V 2.0
- Interaction with the development community and city residents in dealing with zoning and land development codes
- Code Amendments
- Process Code-mandated responsibilities:
 - Annexations
 - Rezonings
 - Comprehensive Plan Amendments
 - Major Subdivisions
 - Minor Subdivisions
 - Administrative Subdivisions
 - Site Plan Approval Plans
 - Special Use Permits
 - Parking Waivers
 - Requests for Extensions
- Other Code-mandated responsibilities
 - Subdivision Advisory Committee (SAC) administration
 - Building permit review
 - Flood plain review
 - Construction Improvement Plan review
 - Lines and Grades Plan review
 - Review of variance applications

Planning Related Major Initiatives

- Complete the implementation of the Downtown Newark Parking Plan Phase II as directed based on Council feedback.
- Complete a review of the City's current development fees and provide Council with potential options for additional development and impact fees to be implemented.
- Continue to work with the Conservation Advisory Committee and City of Newark staff on implementing the *Newark Sustainability Plan*.

Planning Related Major Initiatives (continued)

- Continue to work with WILMAPCO to leverage potential federal grant dollars to fund and complete an update to the completed *Newark Area Transit Study Project*.
- Present the final work of the *Transportation Improvement District* Subcommittee for the City of Newark for implementation of the Transportation Improvement District and related fees to Planning Commission and Council for consideration and adoption. A joint Planning Commission and Council workshop to begin the final implementation process tentatively is planned for November 2022.
- Continue to implement the Work Plan for the approved recommendations and priority matrix
 of the Rental Housing Workgroup. For 2023 this includes but is not limited to working on
 developing ordinances for inclusionary housing.
- Prepare and submit the updated Bicycle Friendly Communities application through the League of American Bicyclists with a goal of achieving a Silver designation. The City currently holds a Bronze designation.
- Continue to work with the GIS program and related GIS staff to portray land use development information in a parcel-based format.
- Review the <u>Code</u> and make recommended revisions to Planning Commission and City Council as appropriate.
- Continue to work on developing policy recommendations to address the student housing issue for consideration by the Planning Commission and City Council.

Other Regular Duties

- Implementation of the Community Development Block Grant and Revenue Sharing Programs
- Participation in WILMAPCO Technical Advisory Committee (TAC)
- Participation in WILMAPCO Public Advisory Committee (PAC)
- Participation in Bike Newark
- Managing Unicity Bus system
- Community Rating Service for the National Flood Insurance Program
- Processing Buyer's Affidavits
- Zoning verification letters
- Responding to zoning and related planning inquires (phone and e-mail)

Planning Commission Support

- Preparation of support material, background reports and information packets
- Public notification and posting requirements
- Administrative and secretarial support (<u>Code</u>-required)
- Transcription services
- Applicant interface
- Commission requests for data and information
- Planning Commission training
- Continue to provide exemplary assistance to other City departments, Planning Commission and City Council.
- Implement the Planning Commission 2023 Work Plan as resources allow

Code Enforcement Division:

In 2023, the Code Enforcement team will continue to evaluate the department's processes and procedures and make improvements to increase efficiency and customer service. In addition, we are anticipating the completion of the review of the Chapter 17 Property Maintenance Code amendments for adoption of the 2021 International Property Maintenance Code with amendments in late 2022 and expect presentation to Council for review by early 2023. We expect that the Chapter 17 amendments will result in some rental fee adjustments as the rental fees have not been updated since 2010; therefore, after adoption of the Chapter 17 amendments, we will be auditing our Rental License database to ensure that all rental properties have been properly identified and are being charged appropriately. In late 2023, we will start the process of updating our Business License Code which is contained in Chapter 13, Article VII of the City Code.

Code Enforcement staff previously evaluated new permitting and licensing software and identified one for consideration as a replacement to the present software system. In 2023, we will continue to work on steps to move the software adoption and implementation process forward. The current effort to audit the City's business license records and the subsequent effort to audit rental licenses will help to scrub the City's existing data to ensure that it is accurate when being imported into the new system.

Over the past year, we have welcomed three new staff members to the Code Enforcement team and one of our current staff members has been promoted to Lead Code Enforcement Officer. In 2023, each of these team members will be completing training to acquire the necessary certifications to fulfill the requirements of their positions. This has resulted in the need to increase our training budget for the coming year.

Parking Division:

In 2023, the Parking Division hopes to continue expanding parking inventory and services provided to residents, patrons, employees, students, and visitors alike. With new parking equipment, such as multispace kiosks, mobile payment technology, geographic information systems, and countdown signage, the Division strives to continue improvements in services to those parking customers and residents that live within the City of Newark. As we continue our commitment to service excellence, we want those that use the public parking inventory to have a positive experience within the City, ensuring that they want to return and patronize its businesses, parks, and other amenities available. The Division plans on doing this by continuing back-office oversight of multi-space and mobile parking systems in 2023 and beyond, as well as considering public feedback on its parking systems and investigating new add-ons and technologies in the parking industry. With an increase in student enrollment at the University of Delaware, the Division will need to have more dialogue with the University, an important partner in the success of the City, to ensure that all persons that visit the City have good experiences through parking wayfinding and are aware when parking areas are difficult to park in due to high occupancy.

The Parking Division is eager to work with not only UD, but also with private partners to increase the parking inventory and ensure that parking through Newark is managed properly and with our residents and patrons in mind. Management is very excited about the possibility of privately-owned, publicly managed parking opportunities on the horizon with future developments. The Division will continue to get public input through public events, charrettes, and workshops to increase the quality of customer service it provides and to ensure that those who visit Newark are likely to come back. The Parking

Parking Division (continued):

Division also plans to continue working with City residents to gather their feedback on ways to improve parking for our residents, patrons, and visitors, ensuring that those that live in and are connected to the City have a seat at the table when discussions on parking arise. To achieve this, a Parking Advisory Committee has been established to advise Council on future parking proposals, giving City residents and stakeholders an opportunity to be part of the problem-solving process regarding City parking issues.

In 2023, as part of ongoing safety reviews, the Parking Division is looking at the feasibility and costs associated with body-worn safety cameras for the Parking Ambassador team. These body-worn cameras will allow the Parking Division to monitor employee-to-customer interactions from the field and use them for training purposes, as well as reviewing what the Ambassador saw in the field for parking appeal purposes. In addition, the added safety aspect of the cameras should help in-field employees with deescalation of negative interactions with patrons receiving citations or being asked to relocate their vehicle when not in compliance with Newark's Parking Code.

Transportation and Technical Services:

In 2023, staff will continue to follow up on the TRIP effort and coordinate with WILMAPCO and their consultant on transit systems in Newark. In addition, staff will continue implementing recommendations from the Newark Transportation Study, the Comprehensive Development Plan V 2.0, and the Newark Bicycle Plan, as well as participating in the management and related activities associated with the Newark Regional Transportation Center, and operating Unicity. Regarding Unicity we are reviewing the current system and evaluating potential options for providing an improved product for City residents. We expect to provide Council with potential options in October of 2022 and based on Council feedback determine the path forward into 2023.

Economic Development:

In 2023, the goal is to work with The Newark Partnership to continue to develop and expand economic development programs such as the business ambassador program to help new and existing businesses navigate processes in the City to launch or expand as well as the business roundtables to collect feedback on how the City can be more business friendly.

Community Development Block Grant (CDBG):

In 2023, staff's goal is to continue to administer the CDBG Program, including the expanded funding provided under the CARES Act, and Revenue Sharing effectively under Federal and City guidelines, to improve the City's living environment and to expand economic opportunities for low to moderate income Newark residents.

- Animal Control

Patrol Division:

- A Platoon
- B Platoon
- C Platoon
- D Platoon
- E Platoon

The Newark Police Department is responsible for protecting the lives, homes and properties of Newark residents. The Newark Police Department is dedicated to serving all citizens by: responding to calls for police service, enforcing state and local laws, conducting preventative patrol activities, performing criminal investigations, promoting traffic safety, and apprehending criminal and traffic offenders. The Newark Police Department's core values are the preservation of human life, integrity, professionalism and service.

The Newark Police Department's force of 92 employees is dedicated to serving citizens through the bureaus, divisions and units described below.

<u>Field Operations Bureau:</u> The Field Operations Bureau is broken down into two main components: The Patrol Division and the Special Enforcement Division. Oversight of the bureau is provided by the Deputy Chief of Field Operations.

• Patrol Division:

The Patrol Division is the backbone of the Newark Police Department, as they are available twenty-four hours a day, seven days a week. The Patrol Division has the responsibility of being the first responders to all calls for police service in the city. The Patrol Division is comprised of five patrol platoons each with 7 officers assigned to it. In 2021, the police department logged 47,993 calls for service in the Computer Aided Dispatch System. Oversight of the division is maintained by the Patrol Division Lieutenant.

• Special Enforcement Division:

The Special Enforcement Division is comprised of several units including the Traffic Unit, Special Operations Unit, K9 Unit and Animal Control. Oversight of the division is maintained by the Special Enforcement Division Lieutenant.

<u>Traffic Unit</u> - The Traffic Unit is responsible for promoting traffic safety and enforcing traffic laws. The Traffic Unit is also responsible for investigating serious injury and fatal motor vehicle collisions.

<u>Special Operations Unit</u> - The Special Operations Unit was re-established in 2012 with the assistance of a COPS hiring grant. The primary responsibility of the SOU is to provide operational flexibility to impact specific crime and disorder problems as they arise in the community along with developing and participating in community outreach programs. SOU operates in a uniformed capacity and adheres to community-oriented policing and problem-solving principles.

<u>K9 Unit</u> - The K9 Unit consists of two officers and their K9 partners. A trained law enforcement K9 is a valuable supplement to police manpower due to the K9's superior sense of smell and hearing. The primary function of the K9 Unit is to perform searches, tracking and evidence detection. The K9 Unit is partially supported by fundraising activities by the Friends of Newark K9 program.

<u>Animal Control</u> - The Animal Control Officer is responsible for enforcing animal violations and public education regarding animal issues.

Administration and Investigations Bureau: The Administration and Investigations Bureau is broken down into three main components: The Administration Division, the Criminal Investigations Division and Auxiliary Services. Oversight of the bureau is provided by the Deputy Chief of Administration and Investigations.

• Criminal Investigations Division:

The Criminal Investigations Division is broken down into several different units including the General Investigations Unit, Special Investigations Unit, Family Services Unit, Street Crimes Unit, and Victim Services Unit. Oversight for the division is provided by the Criminal Division Lieutenant.

<u>General Investigations Unit</u> - The General Investigations Unit is responsible for the follow-up investigation of major crimes or crime involving long term or specialized investigative efforts.

<u>Special Investigations Unit</u> - The Special Investigations Unit is responsible for drug, vice and organized crime investigations. The members of this unit are assigned to the DEA Task Force.

<u>Family Services Unit</u> - The Family Services Unit is responsible for conducting follow-up investigations of domestic violence cases, cases involving juvenile victims and offenders including follow-up on juvenile runaway or missing persons, cases involving child abuse or neglect, and acts as the department liaison with family service organizations throughout the state.

<u>Street Crimes Unit</u> - The Street Crimes Unit is responsible for combating street crime using proactive tactics, conducting surveillance on known suspects, investigating nuisance crimes and providing support services to the units within the Criminal Investigations Division and the Patrol Division. As crime trends and community concerns rise, the Street Crimes Unit is deployed to the specific areas of the City to combat the increase.

<u>Victim Services Unit</u> - The Victim Services Unit provides social work services to victims and witnesses of violent crimes including but not limited to: crisis intervention, information and support for the court process and assistance in applying for Violent Crimes Compensation.

• Administration Division:

The Administration Division is staffed by both sworn officers and civilian employees who serve in a variety of support functions including Crime Prevention & Analysis, Accreditation, School Resource Officer, Property & Evidence Custodian, Evidence Detection, Training Officer, and Property Coordinator. Oversight for the division is provided by the Administration Unit Lieutenant who also serves as the Professional Standards Officer and Public Information Officer.

<u>Crime Prevention and Crime Analysis (CP/CA)</u> - The CP/CA officer is responsible for providing security surveys, organizing Neighborhood Watch programs, implementing crime prevention programs, managing social media accounts, overseeing the volunteer program and public relations functions. The CP/CA Officer is also responsible for analyzing crime trends and reporting them to both the Field Operations Bureau and the Criminal Investigations Division.

<u>Accreditation</u> - The Accreditation Manager is responsible for ensuring that periodic reports, reviews, and other activities mandated by applicable CALEA accreditation standards are accomplished. The Accreditation Manager is responsible for developing and maintaining the Rules and Procedures Manual, preparing personnel allocation studies and management staff studies concerning various functions of the Department. The Accreditation Manager also prepares the police department for its on-site assessment and inspection conducted by CALEA.

<u>School Resource Officers (SRO)</u> - The SRO is responsible for investigating crimes involving juveniles as victims or offenders, managing youth-related problems, running the police explorer program, and maintaining liaison with local schools. The SROs are assigned to and work full time at Newark High School and maintain a presence at the two public elementary and three Newark Charter Schools.

<u>Property Management Coordinator (PMC)</u> - The civilian Property Management Coordinator is responsible for storing and accounting for all evidence and recovered property. The PMC is also responsible for the outfitting of police vehicles and facilitating repairs of vehicle equipment.

<u>Evidence Detection Officer</u> - The Evidence Detection Officer is responsible for coordinating the forensic processing of major crime scenes, for submitting evidence to laboratories, for coordinating the Field Evidence Technician program, and for maintaining all supplies required for processing evidence.

<u>Training Officer</u> - The Training Officer is responsible for all aspects department training, including ensuring compliance with the Commission on Accreditation of Law Enforcement Agencies (CALEA) and the Council on Police Training (COPT) mandates, managing the Field Training Officer Program, maintaining training files and managing the Department's training budget.

<u>Property Coordinator</u> - The civilian Property Coordinator is responsible for assisting the Property Management Coordinator and others within the agency for the purchasing, distribution, storage and maintenance of departmental property.

Auxiliary Services:

Auxiliary Services is comprised of both the 911 Communications Center and Police Records. Oversight is provided by the Captain of Auxiliary Services who also serves as the liaison with the City IT Department on police information technology projects. This Captain also serves as the grant management coordinator. The Communications Section and Records Section are managed by the PSAP and Police Records Manager.

<u>Communications Section</u> - The communications section is the City of Newark's 911 center. Twelve full-time civilians are responsible for receiving complaints and emergency calls from citizens, retrieving information for patrol officers, and dispatching patrol officers to calls for service. The 911 center averages 70,000 phone calls per year and dispatches police to approximately 50,000 calls for service.

<u>Records Section</u> - The records section maintains a centralized records pool, sends the required reports to other agencies, and acts as a central repository for all records of official activity of the Department.

CITY OF NEWARK, DELAWARE POLICE DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments of 2022 include:

- 9TH Consecutive CALEA L.E. Reaccreditation
- 1st Communications CALEA Accreditation
- Hiring bonus for certified and entry level police officers
- Ability to waive college requirement for certified police officers
- Established 2-year contract with Epic Recruiting Services

Notable Training:

- Fair and Impartial Policing Training
- Active Bystandership for Law Enforcement Project
- Crisis Intervention Training
- Supervisory and Executive Leadership Training
- Established 2-year contract with Epic Recruiting Services
- NJSACOP Command and Leadership Program
- Alice (Active Shooter) Instructor Training
- Advanced Collision Reconstruction
- BWC/MVR Training
- CALEA Accreditation Manager Online Training
- Celebrite Recertification Training
- Advanced School Resource Officer Training
- Armorer Training
- Drug Recognition Exert Training
- Advanced Firearms Instructor Training

CITY OF NEWARK, DELAWARE POLICE DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments of 2022 include (continued):

Community Events and Social Media Outreach:

- National Night Out
- Community Days
- Presents with Police
- Active Facebook, Instagram, Next Door, Neighbors, and Twitter Accounts (Over 25,000 followers)
- Partnerships with Newark Parks and Recreation Camps
- "No Shave November"
- Virtual Career Fairs
- Mobile PAL Programing

Technology:

- New and upgraded City surveillance cameras
- New and upgraded LPR systems
- Upgraded communications system for the cell block

Equipment Upgrades:

Upgraded remaining handguns to the Sig Sauer P320 9mm platform with optics

Newark Police Department Strategic Goals for 2023 include:

GOAL ONE: PREVENT AND SOLVE CRIME

Objective 1.1 Implement proactive crime fighting strategies

Action item - Utilize the Crime Analysis officer to identify major crime trends, crime map hot spot areas, and analyze and predict criminal activity.

Action item – Develop criminal intelligence capabilities within the Criminal Investigation Division and ensure federal compliance.

Action item – Explore and evaluate software programs that utilize data-driven tools designed to predict, forecast, and prevent crime.

Action item - Explore and implement technology that will assist with crime prevention efforts.

Action item - Empower patrol officers to identify and develop solutions to patrol sector specific issues.

Objective 1.2 Develop strategies designed to reduce victimization.

Action item – Develop culturally diverse and/or culture specific crime prevention strategies.

Action item - Identify current and emerging crime trends in the business community and develop proactive strategies to prevent them.

Action item - Develop a plan to partner with schools to identify and address crime prevention needs through a robust School Resource Officer program.

Action step — Provide victims of property crimes with security surveys by trained personnel.

Action item – Include Crime Prevention Through Environmental Design (CPTED) principles in all City planning reviews.

Action item - Ensure that the Victim Services Coordinator is involved in providing services to the victim when appropriate.

Objective 1.3 Enhance capabilities for crime scene evidence collection and processing response.

Action item – Continue to maintain a 24-hour, seven day a week Evidence Detection Unit on-call schedule.

Action item – Develop opportunities for select officers to receive advanced Field Evidence Technician training and equipment.

Objective 1.4 Enhance Traffic Safety

Action item - Identify and focus efforts at locations which experience high collision rates.

Action item – Continue to provide traffic related complaints and information at patrol rollcalls.

Action item – Partner with DelDOT to review roadway and intersection design to address areas and conditions that may contribute to collisions.

Objective 1.5 Focus efforts on the reduction of order maintenance issues and increasing the quality of life for all residents

Action item - Conduct educational outreach campaigns.

Action item - Develop and implement targeted enforcement strategies.

Action item - Partner with the Delaware Division of Alcohol and Tobacco Enforcement to combat the underage sale of alcohol.

GOAL TWO: ENHANCE, STRENGHTHEN, AND SUSTAIN PARTNERSHIPS

Objective 2.1 Enhance public perception and value through positive interactions.

Action item - Enhance customer service philosophy.

Action item - Communicate actions to the public through social media platforms to ensure transparency.

Objective 2.2 Enhance partnership opportunities with local businesses.

Action step – Partner with local businesses during police initiatives/projects, such as the Newark Police Trading Card Project/National Night Out.

Objective 2.3 Engage the community in joint problem solving and crime prevention activities.

Action item - The Crime Analysis Officer or Platoon Community Policing Officer will participate in community/neighborhood meetings, i.e. Homeowner Association/Neighborhood Watch/Town Hall meetings.

Action item – Continue NPD's hosting of the Citizen Police Academy and re-institute the Youth Police Academy.

Action item - Explore utilization of volunteers and interns.

Action item – Improve the external survey process in order to reach the greatest number of community members to effectively determine, address, and reduce fear of crime.

Action item – Ensure that citizen concerns are promptly addressed by the appropriate unit within the police department.

Action item – Increase School Resource Officer presence in city-wide schools with a focus on the NASRO "Triad" concept.

Objective 2.4 Increase proactive media presence

Action item – Enhance timely dissemination of information to the public on matters of concern through social media, the Inform Me system, and the Newark Police Public Information website.

Objective 2.5 Continue interagency cooperation

Action item - Establish a collaborative effort with federal law enforcement partners to enhance participation in task force operations.

Action item – Continue to seek out and host regional training opportunities.

Action item – Assess and identify relationships with regional law enforcement

agencies.

Action item - Identify regional, state and national initiatives to prevent crime.

Objective 2.6 Maintain positive working relationships with all City of Newark divisions

Action item – Continue to encourage police employee participation in citywide training opportunities

GOAL THREE: RECRUIT A DIVERSE AND QUALITY WORKFORCE

Objective 3.1 Enhance recruiting strategies

Action step – Ensure that the Newark Police Department remains competitive with comparable municipalities regarding wage and compensation packages.

Action step – Explore both internal and external incentive-based opportunities to attract qualified applicants.

Action step – Explore resuming cadet and/or internship programs.

Action step - Encourage sworn and non-sworn staff to look for potential candidates not only while on duty but during their personal encounters.

Action step - Focus on expanding digital recruiting methods to maximize efficiency.

Action step – Develop partnerships with area colleges, universities, and military representatives.

Action step - Participate in career fairs sponsored by private organizations and government entities.

Objective 3.2 Review hiring practices

Action step – Continue to evaluate the Newark Police Department's hiring standards and testing protocols to ensure continued inclusiveness of applicants of all backgrounds while not sacrificing the quality of our officers.

Action step – Explore web-based background investigation software programs designed to speed up the investigative process while enhancing quality and reliability.

GOAL FOUR: ENHANCE PROFESSIONAL DEVELOPMENT, LEADERSHIP AND OFFICER RETENTION

Objective 4.1 Evaluate and update the Field Training Program

Action step - Implement a comprehensive field training software program that monitors on-the-job performance during the field training curriculum and probationary period.

Objective 4.2 Develop employee competency and capabilities

Action step – Evaluate current funding and training resources and make appropriate budget recommendations based on yearly assessments.

Action step - Continue to advocate for in-service training hosted by subject matter-vendor driven experts.

Action step — Ensure that training opportunities are disseminated to all personnel allowing them to develop their careers and enhance advancement potential.

Action step – Continue to offer temporary job rotations in specialized units to allow officers to have exposure to different units that they show interest in.

Action Step - Provide civilian employees the opportunity to participate in training commensurate with job responsibilities.

Objective 4.3 Develop current and future leaders

Action step – Provide leadership opportunities at all levels to foster positive growth.

Action step - Develop and implement formal succession plan.

Action step – Seek development opportunities for mid and upper-level staff (FBI National Academy, Southern Police Institute, etc.)

Action step – Continue first line supervisors' participation in the NJACOP Command and Leadership Academy.

Action step - Implement a period of overlap between positions, where feasible, for enhanced on the job training.

Action step - Maintain regular meetings among supervisory and management personnel across shift and division lines

Objective 4.4 Enhance employee participation in wellness programs and focus on officer resiliency

Action step – Continue to educate all employees about resources offered through the DVHT.

Action step - Develop an officer resiliency training program for inclusion in the yearly inservice training.

Action step – Continue to support and expand peer support programs such as the Critical Incident Stress Management Team.

Objective 4.5 Officer Retention

Action step - Explore incentivizing veteran officers to stay past retirement eligibility.

Action step - Conduct annual research, at the division/unit level, on incentives to retain employees including alternative scheduling; varied days off; rotating schedules; other agencies successes.

Action step – Encourage officers to use the tuition reimbursement plan outlined in the FOP CBA.

Action step – Evaluate staffing levels within the various divisions to ensure an adequate work-life balance.

Action step – Evaluate and develop growth opportunities for personnel.

Action step – Identify communication breakdowns between both command and staff and between divisions in order to improve the flow of communication and transparency.

Action step – Explore feasibility and cost effectiveness of a take home vehicle program.

GOAL FIVE: ENHANCE INFRASTRUCTURE, EQUIPMENT, AND TECHNOLOGY

Objective 5.1 Continue with plans to build indoor range facilities

Action step - Pursue discussion with regional agencies interested in partnering with the indoor firearms training facility.

Action step – Continue to explore potential range locations.

Action step – Develop and publish RFP for qualified architects and contractors.

Objective 5.2 Improve evidence storage capabilities

Action step - Evaluate and pursue the purchase of a new Records Management System.

Action step – Explore off-site locations for storage of non-evidence items and equipment.

Action step – Evaluate current evidence locker storage protocols and re-organize the evidence locker area.

Objective 5.3 Maintain a police vehicle fleet that contributes to the safety, efficiency, and effectiveness of our employees.

Action step – Conduct an analysis of current vehicle resources and allocations.

Objective 5.4 Continue to acquire grants that would benefit the department; continue to gain support for needed equipment and technology in traditional means such as budget items.

Action step - Establish a process for continual identification and prioritization of equipment and technology needs

Action step - Research grant opportunities and become more proficient with the application/procurement process; Establish dialogue with senior management and council for support.

Objective 5.5 Enhance technology partnerships with the law enforcement community and other stakeholders.

Action step - Continue to work with Tyler Technologies to improver interoperability for CAD system.

Action step – Continue information sharing with the regional law enforcement agencies.

Objective 5.6 Improve mobile workforce capabilities

Action step – Explore opportunities for staff and plain clothes officers to have increased access to mobile technology such as tablet-type devices and/or Mobile Data Terminals (MDTs).

Action step - Become more customer-oriented by using feedback from field officers regarding their usage of mobile technology to better target future mobile technology deployment.

Action step - Blend current access technologies with the next generation devices to remain ahead of the technology curve and plan for cost-effective replacement of mobile data needs.

Objective 5.7 Continue the expansion of the department's video evidence resources.

Action step – Assess locations for additional video surveillance cameras and LPRs.

Action step – Develop a plan to replace aging video surveillance cameras with the police facility.

Action step - Continue dialogue with the Information Technology Director in support of a fiber project in areas identified throughout the City of Newark.

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

The Parks and Recreation Department operates, maintains and manages the City's Park system and Recreation services through its divisions as described below.

Administration and Planning

The Division directs and supervises all recreation, park and horticulture programs, facilities and operations. It is responsible to oversee the planning, design, construction, renovation, and maintenance of park facilities; recreation services, operating and capital budgets, department advertising and promotion, research grant funding and community partners to assist in accomplishing department wide efforts.

Parks and Horticulture

The Division is responsible for the maintenance of 662 acres of parkland which includes 53 park and open space areas, 19 miles of trails, more than 50 landscaped sites and more than 386 acres of forested lands. Routine maintenance and repairs are made to playground equipment, athletic fields (10), basketball (19), tennis (18) and street hockey courts (2), skateboard facilities (2); shelters (10), fencing, trails, foot bridges, buildings, pools (2) and parking lots (11). The Division also performs tree, turf and landscape maintenance, snow and ice removal at City buildings, park sites and downtown parking lots; oversees the removal of creek blockages and contracted tree work, conducts regular inspections of all facilities and areas to identify maintenance needs, and provides support services to the recreation division for programs and events and other City departments as needed.

Recreation Services

The Division is responsible for planning and conducting a wide variety of recreation activities and events which enhance the quality of life for the citizens of Newark. More than 200 programs and events are offered each year which includes topics and areas such as health and fitness, youth and adult sports leagues and skill development classes, arts, camps, and community events. Over 5,400 registrations were received in 2021 for the various programs and events with a total of over 45,000 participants throughout the year.

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include:

- Developed a preliminary design for Old Paper Mill Road Park that includes a multipurpose grass field, pickleball courts and pavilion area.
- Completed construction of Hillside Park.
- Completed the installation of the Charles Emerson Pedestrian and Bicycle bridge.

PARKS:

- Completed the installation of the new park signage throughout the park system.
- Completed repairs and resurfacing of the Fairfield and Phillips Park tennis courts and the White Chapel Basketball court.
- Completed tree giveaway of 155 trees to Newark residents with financial support from the Conservation Advisory Commission (CAC)
- Received grant funding from the Delmarva Sustainability Grant Program to plant over 900 trees throughout the park system. Had over 100 volunteers assisting with the plantings at 5 different sites.
- Improved the drainage issues at the multi-purpose court at Dickey Park.
- Installed new park pavilion at Lumbrook Park in honor of former Councilwoman Sharon Hughes.

RECREATION:

- Installation of a new kiln at the George Wilson Center replacing the old kiln that was over 30 years old.
- Received grant money from the Childcare Stabilization grant for the Before and After School Care programs which assisted with personnel costs and outdoor classrooms for both sites.
- Happy to report that we have been able to resume with Community Events including the Egg Hunt, Memorial Day Parade, July 4th Fireworks, Community Day, etc. after a two year hiatus due to COVID-19.

CITY OF NEWARK, DELAWARE PARKS AND RECREATION DEPARTMENT 2023 DEPARTMENTAL GOALS

Goals for 2023 include:

- Improve drainage at Devon Park and install a new play feature as part of the project.
- Begin construction of Old Paper Mill Road Park.
- Complete pool resurfacing of George Wilson Center and Dickey Park pools.
- Improve connectivity to the Charles Emerson Bridge by expanding the sidewalk through Olan Thomas Park and creating a paved trail to Kershaw Park and the Pomeroy Trail.
- Improve the landscaping on Academy Building Lawn around the Memorial plaque.
- Complete ADA path at Kells Park to James Hall trail.
- Complete resurfacing of Lumbrook Park basketball and tennis courts.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

Under the City Manager's direction, the Administration Department oversees all operating departments, employees, and procedures, while also coordinating a positive relationship with City Council and the greater Newark community, which consists of the following groups:

- City residents
- University of Delaware (UD)
- Local businesses
- The Newark Partnership (TNP) and other religious and non-profit agencies
- Other constituent and neighborhood groups

The Administration Department evaluates City staff and services to efficiently and effectively use resources as well as provides appropriate staffing levels throughout all departments to meet resident service delivery expectations and budget constraints. Administration also assists in the creation and implementation of City policies and is responsible for executing ordinances, charter provisions, and City Council actions. Additionally, the Administration Department resolves problems and concerns received from the public and provides research assistance to the entire organization and Newark's City Council. The Administration Department is comprised of the following Divisions:

- Communications
- Human Resources
- Purchasing
- Facilities Maintenance

A detailed breakdown of the Department functions, as well as highlights from the previous fiscal year are provided as follows:

Human Resources:

The primary focus of the Human Resources Division is to lead and support the City in maintaining a competent, capable workforce and in creating a work environment that reflects respect for employees and promotes effective service delivery to citizens. The workforce includes approximately 250 full-time employees, 50 part-time employees, 200 retirees as well as several temporary and seasonal employees. Currently, the division consists of three full-time staff and one-part-time staff including the Chief Human Resources Officer, Chief Purchasing Personnel Officer, HR Administrator and the PT HR Coordinator

The Human Resources Division is responsible for the personnel and human resource functions, including personnel policy formulation, recruitment, selection, promotion, training, discipline, performance evaluation, and fringe benefit administration such as health, life, disability, pension and wellness benefits. The Division also oversees risk management and worker's compensation benefits through our third-party administrator DeLea Founders Insurance Trust (DFIT). HR staff also directs the oversight and adherence of federal and state labor laws (including FMLA, discrimination, EEOC, FSLA and ADA).

Primarily the Division oversees the hiring of new employees as well as inhouse promotions and transfers. The Division posts all internally and externally advertised vacancies as well as scheduling interviews and participating as a panelist on all interviews. The Division also assists other City Departments with succession planning through the creation or update of job classifications and departmental functions.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

Human Resources (continued):

Labor Relations are also handled within the Human Resources Division and includes the administration of labor relations involving four collective bargaining groups covering most full and part-time employees. This includes contract negotiations, the administration of collective bargaining agreements and the resolution of grievances and disputes submitted by employees. The division is responsible for providing management employees with assistance and advice in the interpretation of contract provisions and grievance administration. With the exception of management employees, the collective bargaining units negotiate with the city to establish agreements with working conditions, benefits, and salaries of their members. The HR Team works with the various union representatives to resolve employee matters such as grievances, discipline and policy interpretation.

Purchasing:

The Purchasing Division of the City of Newark works closely with all nine City departments. As the primary agency for acquiring goods and services for the City, the Purchasing Division directly oversees all purchases, contracts, and vendor negotiations. Specifically, Purchasing responsibilities include contract development and/or review, requests for quote (RFQ), and requests for proposal (RFP) documents as well as the resulting distribution and evaluation of bids and proposals.

In coordination with the requesting departments, finance director, and city manager, the Purchasing Division makes recommendations to City Council regarding the award of all formal bids and proposals according to the Code of the City of Newark and the Purchasing Division's guidelines. The Purchasing Division also provides oversight and support to other departments for various projects and programs.

On a day-to-day basis, the Purchasing Division is responsible for ensuring all purchases that are not subject to Council approval also comply with City policy and are appropriate given their intended use and quantity. This process complements the efforts of the Finance Department since addressing purchasing discrepancies in the early stages of the procurement process assists with accounting and auditing procedures as well as ensures proper use of taxpayer money.

As part of the Purchasing Division, Facilities Maintenance continues to oversee the Energy Savings Performance Contracting (ESPC) project currently underway by Seiberlich Trane Energy Services since 2019. Additionally, the Facilities Maintenance team works with all departments to ensure protective measures are in place to protect staff during the COVID-19 global pandemic. Additional sanitation and disinfecting measures are implemented throughout the pandemic for the continued safety of City staff and Newark residents.

Communications:

Led by the Chief Communications Officer, the Communications team consists of four additional members: the Creative Designer/Web Specialist, Welcome Center Receptionist and two mailroom aides. Together, the division is responsible for the design, review and approval of nearly all communications produced by the City of Newark for distribution to the public. They use a variety of mediums: print, video and electronic (including web and social media) to share information proactively and serve as liaisons with the media and members of the public to field and respond to questions or concerns. The team also works in partnership with other City Departments to craft messaging, distribute information, develop marketing

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

Communications (continued):

materials and respond to critical communication needs, when appropriate. This includes utilizing strategic communication tactics and working with various state, county and municipal agencies, as well as community partners, to respond to topics of interest, and ensure messaging is clear, concise and consistent, while also being shared with the public in a timely manner.

The primary focus of the Communications Division is increased and enhanced communication with the public. The City has a robust social media program with a presence on Facebook, Twitter, Instagram and NextDoor with a combined following exceeding 30,000. In addition to the City-run accounts, the Communication division supports both the Newark Police Department and Parks and Recreation Department in administering and developing content for their social media accounts. Additionally, the team uses the resident notification system InformMe to share broad messages or location-specific information to a targeted audience via phone, text and email.

The Communications Division is also primarily responsible for the organization and implementation of City-sponsored community events including groundbreakings and ribbon cuttings and larger events such as Main Street Alfresco and National Night Out. Additionally, the division assists with marketing major events including Food and Brew Fest, Restaurant Week, Community Day and Parks on Draft.

Recognizing not all residents have access to online content, the Communication Division creates a monthly newsletter as part of residential utility bills. The two-page newsletter is forward thinking – sharing timely information regarding upcoming events and opportunities for the public to engage on topics of importance to them.

The Communications Division proudly maintains the City's award-winning website.

Committee Liaison:

The Administration Department continues to provide staff support to The Newark Partnership Board, Conservation Advisory Commission, Planning Commission, Diversity & Inclusion Commission, the Traffic Committee, the Newark Area Welfare Committee, and the NAACP. Internally, Administration staff also acts as a liaison to the three employee committees: Safety & Training Committee, Engagement & Wellness Committee, and Professional Development Committee. Staff members serve in a liaison capacity to maximize the effectiveness of various citizen boards, commissions, and authorities.

Interdepartmental Relations:

With the change to weekly council meetings, we now hold weekly staff meetings with Department Directors to facilitate communication on important issues and policies that may affect the City. Tentative City Council meeting agendas are reviewed and discussed at the staff meetings. Weekly reports are prepared and provided to Council summarizing progress on important projects and initiatives by each Department. Members of staff also attend City Council meetings as necessary to address Council on projects or services for which they are responsible.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include:

- The City Manager's Office received on behalf of the City all \$18.1 million of American Rescue Plan Act funding from the federal government. As part of this process, we had to become knowledgeable on the requirements and restrictions placed on that funding to insure it is used appropriately to avoid potential repayment liability in the future.
- The City Manager's Office began reviewing the Bipartisan Infrastructure Law and Inflation Reduction Act bills for additional funding opportunities in late 2022 and beyond.
- The City Manager's Office led a successful effort to receive \$2.492 million from the State Bond Bill/Community Reinvestment Fund for needed facility improvements.
- Facilities Maintenance worked with Seiberlich Trane Energy Services to bring four new solar arrays online: City Hall, FOC Bldg. #2, Reservoir, McKees Expansion.
- The City Manager's Office began establishing a plan to update Emergency Preparedness plans and completed a tabletop exercise to consider hurricane readiness.
- The purchasing and facilities teams continued to retrofit the offices with air filters and other
 physical barriers to assist with COVID related safety precautions.
- The purchasing team continues to look into areas to install electric vehicle charging stations. Purchasing staff continues to review grant opportunities to expand EV charging capabilities throughout Newark for fleet and public use.
- On January 1, 2022, the newly negotiated labor contract with FOP Lodge 4 went into place following successful negotiations in 2021.
- As of August 2022, the HR Division posted 67 positions ranging from temporary/seasonal to full-time employees due to promotions, retirements, and resignations. The expectation is that this will continue in 2022 as more retirements and promotions occur. The 67 postings is already a record number for any year, with 5 months left to go in the year.
- Finalized updates to City Pension Ordinance and Investment Policy Statement as reviewed and approved by Pension Committee.
- Completed the process for implementing the new CDL trainer program with Public Works, Electric and Parks/Recreation.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 (continued):

- In 2021, the Purchasing Division processed 1,148 purchase orders, 45 of which were equal to or greater than \$50,000. There were 15 contracts and 5 RFPs. Those that made it through to bid opening are as follows:
 - o Contract 21-01: Northwest Booster Station Generator
 - o Contract 21-02: Purchase of Okonite EPR Wire or Equal
 - o Contract 21-03: Valve Operation Improvement and Maintenance
 - o Contract 21-04: Culvert Replacement Curtis Lane
 - o Contract 21-05: Parks Signage Replacements
 - o Contract 21-06: Street Improvement Program
 - Contract 21-07: Police Vehicle Equipment Upfitting
 - o Contract 21-08: Sidewalk Contract (not bid)
 - o Contract 21-09: Chlorine Booster Station New London Tank
 - o Contract 21-10: 2021 ADA Transition Plan (not bid)
 - o Contract 21-11: Furnishing Labor Equipment for Electric Line Tree Trimming
 - o Contract 21-12: Sanitary Sewer CIPP Lining 2021
 - Contract 21-13: Stormwater Management Retrofit Abbotsford BMP
 - Contract 21-14: Water Main Replacement (not bid)
 - o Contract 21-15: Purchase of 4 Side Loading Refuse Trucks
 - o RFP 21-01: On-Call Engineering Services
 - o RFP 21-02: SCADA Integration Services
 - o RFP 21-03: Utility Billing Printing and Mailing Services (not bid)
 - o RFP 21-04: NPD Overtime Management Solution
 - o RFP 21-05: Charrette and Recommended Revisions to the BB and RA Districts
- As of August 2022, the Purchasing Division processed 942 purchase orders, 25 of which were equal
 to or greater than \$50,000. So far, there are 14 contracts and 1 RFP completed or in progress.
 They are as follows:
 - o Contract 22-01: Wire Trailer
 - Contract 22-02: Wire Tensioner Trailer
 - o Contract 22-03: 2021 ADA Curb Ramp Replacement
 - o Contract 22-04: Water Main Replacement
 - Contract 22-05: Atrium Entrance Demolition
 - Contract 22-06: Exterior Paint and Powerwash (not bid)
 - Contract 22-07: Sale of 919 Rockmoss Avenue
 - o Contract 22-08: Evergreen Booster Station
 - Contract 22-09: CMP Fremont Road
 - o Contract 22-10: 2022 ADA Curb Ramp Replacement
 - Contract 22-11: Windy Hills Water Tank Repairs
 - o Contract 22-12: Edjil Drive Culvert Rehabilitation
 - Contract 22-13: Curtis WTP Filter Units
 - o Contract 22-14: 2022 Street Improvement Program
 - RFP 22-01: Police Recruitment and Advertising Services
- All contract-related materials can be found at www.newarkde.gov/bids.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2023 DEPARTMENTAL GOALS

Goals for 2023 include:

- Navigate through any remaining COVID-19-related issues on the staff level and within the Newark community, as well as monitor other emerging public health emergencies (Monkeypox, polio, other viruses).
- Continue to support operating departments for successful implementation of projects that are included in the 2023 capital budget and spend funds associated with ARPA on designated timelines.
- Support the Planning and Development Department's BB and RA zoning code rewrite process.
- Support the divisional goals of the Administrative Department, which are HR/Labor, Communications, Purchasing, and Facilities Maintenance.
- Finalize the City Purchasing Manual (if not complete in 2022) and work with operating departments to understand and adhere to new policies and directives.
- Complete the City's Energy Savings Performance Contracting project for the improvement of the facilities' HVAC systems, roofs, and lighting, as well as expand the City's solar output, switch streetlights to LEDs, and other miscellaneous energy saving measures.
- Work with Seiberlich Trane Energy Services and other contractors to complete ESCO project round 2 and other security upgrades with funds received from the State Community Reinvestment Fund.
- Continue to pursue additional preventative maintenance options to preserve the City's facilities.
- Continue to build checklists, "cheat sheets," templates, and other helpful forms to expedite many HR
 and Purchasing-related tasks, such as onboarding, equipment disposal, contract development,
 personnel requisitions, etc.
- Update the City's Personnel Policy Manual, Employee Handbook, and all job descriptions.
- Support the staff-led safety, wellness and employee engagement, and professional development committees to continue improving in these areas.
- Update and make improvements to HR/Labor portion on City website.
- Update and digitize all HR forms and make available on City Intranet.
- Create an employee wellness/benefits page on City Intranet for resources.
- Develop and roll out a new smartphone app to keep residents and businesses informed of City events, changes in operations and weather updates, help locate Parks and green spaces, and provide the option for electronic bill payments.

CITY OF NEWARK, DELAWARE ADMINISTRATIVE DEPARTMENT 2023 DEPARTMENTAL GOALS

Goals for 2023 (continued):

- Pursue improvements to mailroom functions and the printing and mailing of monthly utility bills.
- Complete the welcome packet/manual for incoming members of City Council.
- Analyze electric cost of service rate study data, which was postponed due to COVID, and implement the modified rate design.
- Continue to work with DelDOT and CSX to address railroad crossings and associated safety risks in Newark.
- Work with the Electric Department to successfully deploy a Journeyman's program for Electric employees.
- Successfully deploy a new City web app.
- Investigate Homestead Tax Credit and alternative revenue source options.
- Complete Defensive Driving training in February 2023 for AFSCME employees and other City employees who wish to participate.
- Complete Anti-Harassment training for all City employees and elected officials by December 31, 2023. New hires are trained during onboarding.
- Complete salary studies for upcoming CWA and AFSCME 3919 contracts which are expiring on December 31, 2023.
- Work with DEMEC to develop an implementation strategy to achieve renewable portfolio percentage goals that are in line with Council's adopted Sustainability Plan.
- Finalize the line worker training program transition from the Northwest Lineman College to the Tennessee Valley Public Power Association (TVPPA).

CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT ORGANIZATIONAL CHART

CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

The Legislative Department provides clerical, administrative, research and staff support to the Newark City Council, its appointed boards, commissions and committees, and both the City Solicitor and Deputy City Solicitor as well as electronic and paper document management for the City. The department is led by the City Secretary, who is appointed by City Council and also serves as the City Treasurer, and staffed by eight additional team members – three full-time and one part-time in the Legislative Division and three full-time and one part-time in the Records Division.

The department serves as a liaison between citizens and City Council. It oversees agenda preparation for Council meetings, schedules meetings, advertises and provides public notification of hearings, and prepares the minutes of City Council and other committee meetings. The City's boards and commissions are also managed by this office, including all appointments, reappointments and resignations and staffing the Board of Adjustment, Conservation Advisory Commission, Election Board, Diversity and Inclusion Commission, Reapportionment Committee and other boards on an as needed basis. The staff also coordinates the City's elections in concert with the Election Board, which includes managing absentee ballots, locating and preparing polling places, managing voter registration lists, liaising with candidates and the Department of Elections, training poll workers, completing public notifications and ensuring fair, safe and accessible elections for all registered voters in Newark.

The City Secretary is the appointed FOIA Coordinator for the City and the office works with other departments for timely fulfillment of citizen requests and compliance with open meeting requirements.

This department is the City's record keeper for Council and permanent documents and houses the Records Division. The Records Division is working with City departments to review the approximately 8.9 million pages of records currently housed within the City of Newark; determine what it required to be kept versus what can be destroyed as a duplicate or document having met its retention schedule; and digitize the City's numerous paper records that are required to be retained to create an electronic archive to better serve the citizens and staff of the City of Newark.

Department staff ensure the official recording of numerous documents with the New Castle County Recorder of Deeds. Staff also processes lien certificates for every property transfer within the City of Newark, which provides the seller with all outstanding funds owed to the City prior to the transfer.

The City Secretary serves as the complaint officer charged with resolving cable television issues covered by the City's franchise agreements with providers.

This department also serves as the administrative arm of the legal section of the legislative branch of City government. The City Solicitor and Deputy City Solicitor rely on this office for research, drafting various documents, preparing case files, fulfilling discovery requests and full clerical support.

CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include:

- Continue working with the IT Division to ensure the continued success of the City's hybrid inperson and virtual meeting platform to allow to continue encouraging public participation during the ongoing COVID crisis.
- Anticipate staffing 67 Council and committee meetings in 2022, including 35 Council meetings, 10
 Board of Adjustment meetings, 11 Conservation Advisory Commission meetings, 2 Election Board
 meetings and 11 Diversity and Inclusion Commission meetings. This includes agendas, minutes,
 website postings, legal notices (where applicable), and agenda packets (where applicable).
- Continued support of the newly constituted Diversity and Inclusion Commission.
- Processed 126 FOIA requests as of July 29, 2022.
- Processed 407 lien certificate requests as of July 29, 2022, which is a 57% increase over the same time period in 2021.
- Substantial progress continues with departmental scanning backlogs during the continued COVID-19 crisis within the City departments.
- Scanned 354,427 pages as of July 29, 2022 and processed over 225 boxes of documents for approval by State Archives for destruction.
- Continued full staffing of the department after the promotion of the Deputy City Secretary to the
 City Secretary position, the Administrative Professional I position to the Deputy City Secretary
 position, the promotion of the Administrative Professional 1 to an Administrative Professional II
 and the hiring of a new Administrative Professional I.
- Implementation of a more detailed City Secretary cross-training program to ensure adequate coverage in the event of COVID crisis related absences

CITY OF NEWARK, DELAWARE LEGISLATIVE DEPARTMENT 2023 DEPARTMENTAL GOALS

Goals for 2023 include:

- Successful execution of the 2023 Council elections as well as a potential City-wide referendum.
- Continued enhancement of in-person hybrid meetings to better engage the public and increase attendance.
- Successful completion of Council member training series.
- Create a plan for the expansion of the electronic packet program for standing boards and commissions in advance of the FY2024 budget process.
- Execute the initial implementation of public portals to access the City's scanned records.
- Surpass the benchmark of 3,250,000 pages scanned.
- Continue promoting accessibility and transparency for the citizens of Newark to the records of the City and the legislative process.

General Fund - Legislative Department

CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT - ALDERMAN'S COURT ORGANIZATIONAL CHART

ALDERMAN DEPUTY ALDERMAN

- Adjudication of Misdemeanors
- Court Scheduling
- City Code Violations
- Records Management
- Parking Fine Collections
- Payments
- DELJIS

CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT - ALDERMAN'S COURT 2023 DEPARTMENTAL NARRATIVE

The Alderman's Court is designated as Court No. 40 and falls under the jurisdiction of the State of Delaware Chief Justice. All Traffic and Criminal Misdemeanors in and for the City of Newark are handled in the Alderman's Court. The Alderman (judge) is required to be an attorney, licensed in the State of Delaware, recommended by City Council, appointed by the Governor and confirmed by the Senate. The Alderman serves in the capacity of the Chief Alderman in the State of Delaware, as this is the largest Alderman's Court in the State. A Deputy Alderman is also appointed to serve on the bench in the absence of the Alderman.

The Alderman's Court has jurisdiction over all traffic, criminal misdemeanors and parking violations in the City limits of Newark. This also includes building and animal code violations. The Court is in session three times a week consisting of Tuesday, Wednesday and Thursday weekly and the first Friday of the month. All court sessions are from 8:00 am to 10:00 am. Parking appeals can be heard on Tuesday and Wednesday from 8:00 am to 10:00 am.

The goals of the Alderman's Court are to provide professionalism in support toward defendants, the Alderman and the City; and maintain administrative and financial reports to the City Council and State of Delaware.

This office has a staff of seven, including the Clerk of the Court who is responsible for the daily operation of the Court and reports to the Alderman on judicial matters and to the City Manager on administrative practices. The office is responsible for maintenance of court proceedings, scheduling of arraignments and trials, payment of fines, parking tickets, code violations, collection and disbursement of fines and other funds within the city and the State of Delaware.

In 2021, a total of 14,505 cases were filed in the City of Newark Alderman's Court and the Court collected \$761,578.58 in fines. In addition, the Court collected \$887,498.41 in parking fees, \$4,700 in civil citations and \$100,294.50 in security fees, totaling \$1,754,071.49.

CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT - ALDERMAN'S COURT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include:

- Staff returned to a normal office work schedule in May 2021. Court also increased scheduling of arraignments and trials in January 2022 which put the court back to normal capacity. The court will continue to handle PBJ's and Plea in Absentias by mail.
- The bailiffs will continue to work in the front atrium and the courtroom as part of their regular duties. With the addition of a third bailiff and to increase security, a metal detector and x-ray machine have been added to the atrium.
- Alderman's Court continues to make improvements to enhance customer service and increase security. Such measures include:
 - o Installation of security cameras in the courtroom and the lobby, as well as a TV monitor in the lobby.
 - The addition of a third P/T bailiff will also help with customer service and security to the courtroom.
 - The bailiffs have assisted court personnel with the daily operations of the office as well as providing security to court and the city.
- Language Link continues to provide interpreters for trials and arraignments and for translation for incoming phone calls and has assisted the Judges and officers with the court process.

CITY OF NEWARK, DELAWARE JUDICIAL DEPARTMENT - ALDERMAN'S COURT 2023 DEPARTMENTAL GOALS

Goals for 2023 include:

The goals of the Alderman's Court are to provide professionalism in support toward defendants, the Alderman and the City; and maintain administrative and financial reports to the City Council and State of Delaware.

- Continue to submit timely reports to the City of Newark and State of Delaware reflecting the collection of all parking, criminal and traffic revenue.
- Adjudicate most misdemeanors within 90 days of offense unless the trial calendar, City Solicitor
 or the attorney's schedule dictates differently.
- Continue to promote the Probation before Judgment program to offenders for their first offense.
- Hold at least 2 training sessions for staff in T2, DELJIS and the Microsoft office suite to promote increased productivity.
- Continue to work with the records management team to comply with appropriate destruction practices for records with the State of Delaware.
- Continue to keep staff and court as safe as possible by employing 3 P/T bailiffs to monitor the x-ray machine and metal detector, as well as monitoring the courtroom.
- Continue to perform daily duties while safely operating

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

The City of Newark Finance Department is the centralized financial reporting and service organization comprised of Financial Management, Accounting, Budgeting, Information Technology (IT) and Payments & Utility Billing (PUB). Our function is to provide support to both our internal and external customers.

Accounting:

• The accounting program is responsible for financial accountability and reporting, asset and liability management, revenue recognition and billing, and the disbursement of funds. Financial accountability duties include accurately recording information and reporting data in understandable formats for internal and external purposes. Asset management provides for the security, control and accounting of cash, receivables, operating inventory, buildings and property, equipment, and pension funds. Liability management includes proper recording and reporting of all short- and long- term liabilities, such as accounts payable, encumbrances, debt, and capital lease obligations. Primary activities include investment management, liability insurance and risk management, and accounting for all the City's funds. Revenues billed through the accounting office include property taxes and other miscellaneous charges. Disbursement of funds refers to the timely and accurate processing of accounts payable and payroll.

Budgeting:

- The budget process is the joint responsibility of the City Manager and Finance Director. The program consists of two major parts: a five-year capital improvement program (CIP) and the annual operating budget. The five-year CIP is updated annually with the operating budget. The annual budget is a policy statement and a legally binding control document setting forth the financial operations plan for the coming fiscal year. The capital and operating budgets are adopted by the City Council following the City Manager's review and a public hearing. The 2022 budget for all funds totals \$9 million including a \$2.9 million net capital budget.
- The budget program is responsible for revenue estimation, preparation of estimated expenditures for the current year and projection of expenditures for the coming budget year based on input from the City management team, monitoring of budget activity during the year, and periodic analysis and reporting of budget status. Additionally, it is the responsibility of the budget program to estimate required resources to fund programs, debt management, and to propose utility and tax rates at the proper level to fund these programs.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2023 DEPARTMENTAL NARRATIVE

Payments and Utility Billing (PUB):

• The Payments and Utility Billing program is responsible for providing assistance to utility customers in establishing and terminating service, answering billing and service inquiries, executing the billing process for the City's electric, water, sewer and stormwater utilities, processing customer payments, managing delinquent utility accounts receivable and providing customer education and information on city operations. Commercial and residential utility customers, including City residents and out-of-town water customers, receive monthly billing statements for usage metered by the City's smart meter technology. The billing volume is managed efficiently by staggering cycles into daily workflow.

Information Technology (IT):

• The IT division is responsible for providing the technology infrastructure, line-of-business application management, and daily support services for all City of Newark buildings, departments, and users. IT is also responsible for: general workstation and end-user support; servers and group services; web applications; researching new and innovative technologies; networking and communications support; security; computer operations; training and education.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include:

The Finance Department supports all projects/programs within all City departments, both directly and indirectly. Key accomplishments for 2022 include:

Accounting:

- Awarded the "Certificate of Achievement for Excellence in Financial Reporting" by the Government Officers Association (GFOA) for the 2020 Annual Comprehensive Financial Report.
- Submitted the Annual Comprehensive Financial Report for 2021 to the GFOA for consideration of the "Certificate of Achievement for Excellence in Financial Reporting".
- Received an unmodified audit opinion and no material weaknesses based on the audit of the City's financial statements for the year ended December 31, 2021 by CliftonLarsonAllen LLP.

Budget:

- Reaffirmed the City's bond rating with FitchRatings of AA+ with a stable outlook, along with Moody's Investor Service's rating of Aa2.
- Worked with Moody's Investor Service on the review of the City's first ESG (Environmental, Social and Governance) Score. ESG scores measure the sustainability and ethical impact of a government or company to help socially responsible investors use ESG criteria to them with their investment decision-making. The City obtained a score of CIS-2, which means Newark's investment risk is neutral to low for our investors who look to invest in the City's debt obligations. Part of the score is Governance. Per Moody's: "Newark's strong governance is reflected in a score of G-1. The city is managed by certified and experienced professionals to implement its policy objectives. This, plus a combination of a strong state-wide institutional framework and highly conservative budgeting, has allowed the city to maintain strong financial operations. Finally, the city is prompt in reporting audited financial statements and budgets in addition to providing publicly available interim financial statements."
- Worked with the City Manager's office to secure funding such as:
 - \$18.1 million from the American Rescue Plan Act, as the final tranche was received in June of 2022.
 - o \$2.5 million from the State's Community Reinvestment Fund for facility improvements.
- Continue to work on preserving the financial health of the City as it continues to recover from the impact of the Coronavirus pandemic and subsequent states of emergencies.
- Successfully secured \$2 million in loan funding to finalize the funding requirements of the 2018 Referendum.
- Worked with directors to help find the resources needed to fund departmental budgetary shortfalls as they occurred during the year due to supply-chain constraints and inflationary increases.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include (continued):

Payments and Utility Billing (PUB):

- Continued partnership with DEMEC and Efficiency Smart to provide low-cost/no-cost energy efficiency services to the City's electric customers.
- Continued the relationship between Catholic Charities and Efficiency Smart requiring energy education from Efficiency Smart prior to releasing City funds.
- Continued to work with the Delaware State Housing Authority to promote the rental and utility assistance program to our residents in need of financial assistance brought on by Covid-19.
- Worked with our utility customers to create payment arrangements and acquire grant eligibility to help our residents and commercial customers.
- Actively recruited and filled the Payments and Utility Billing Manager to maintain the high level of customer service excellence our customers are accustomed to.

Information Technology (IT) Applications:

- Worked with Harris Utilities and the Infrastructure team to virtualize the meter data management server and migrate from Oracle to Postgres in July.
- Implemented Munis AP Payment Manager in August. This program simplifies the AP Cash
 Disbursements process by combining the selection of invoices to be paid, printing of checks, EFT
 processing and posting of the cash disbursement journal into one easy and convenient program.
- Worked with Harris Utilities and the Infrastructure team to migrate the Harris NorthStar Customer Information System (CIS), mCare6 and SQL servers onto upgraded Operating Systems in September.
- Worked with Tyler Technologies and the Communications team to implement the MyCivic App, a customizable platform designed to promote civic engagement and enhance the quality of life for the citizens of Newark (Nov/Dec).
- Replaced Harris Customer Connect, customer utility engagement portal, with their upgraded solution Harris SilverBlaze (Nov/Dec).
- Upgraded Harris Northstar Customer Information System (CIS) and Compass SmartWorks, meter data management software (Nov/Dec). Harris Northstar is the system used by the City to manage our water, sewer, and electric utilities.
- Converted from Authorize.net to Paymentus for Tyler applications (Nov/Dec) in order to reduce and streamline the multiple numbers of payment processors used by the City.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2022 DEPARTMENTAL ACCOMPLISHMENTS

Key accomplishments in 2022 include (continued):

• Upgraded Tyler Cashiering to version 2020, using Tyler Identity, eliminating the necessity for additional username/password (Nov/Dec). Our current version of Tyler Cashiering does not support a single sign on solution which requires users to utilize additional username/password.

Information Technology (IT) Infrastructure:

- Improved remote access system by upgrading two legacy virtual private network (VPN) solutions into a single software-based solution.
- Upgraded network infrastructure and server core and added additional redundancy to city's network.
- Migrated from Microsoft's Hyper-V to VMware.
- Upgraded our backup and recovery systems to a modern solution.
- Transitioned two legacy badging systems into one solution.
- Worked with the Electric and Police Departments to deploy new surveillance cameras.
- Improved availability of Wireless Fidelity (WiFi) security by implementing secondary authentication server.
- Migrated maintenance yard to municipal network and improved WiFi coverage.
- Designed and implemented supervisory control and data acquisition (SCADA) network improvements to better control city assets.
- Worked with vendor and Applications team to virtualize meter data management server, migrate to Postgres, upgrade NorthStar and implement SilverBlaze.
- Upgraded soon to be end of life Windows Servers to a more current operating system.
- Deployed workstations to employees to replace failing equipment.

CITY OF NEWARK, DELAWARE FINANCE DEPARTMENT 2023 DEPARTMENTAL GOALS

Goals for 2023 include:

- Maintain national recognition for excellence in financial reporting from the Government Finance Officers Association for the City's 2022 Annual Comprehensive Financial Report.
- Support the City Manager with fiscal solutions to support the services and programs citizens expect and deserve through the development and implementation of a long-range plan to close the operating budget gap while maintaining or extending service delivery to the public.
- Properly record and account for all financial transactions, prepare accurate, informative, and timely financial reports, disburse City funds in an efficient manner, maintain financial, property tax and payroll records, operate the risk management function to provide maximum return on City funds, and provide adequate insurance protection at the lowest possible cost.
- Prepare an annual operating budget and a five-year capital improvement program to meet
 Charter requirements deadline and communicate the City's financial plan, forecast the anticipated
 revenues and expenditures necessary to maintain adequate reserves for future improvements,
 coordinate the budget preparation process with departments to institute participatory budgeting
 techniques, and ensure that resource allocation decisions are implemented in the most effective
 and efficient manner.
- Maximize the usage of the Utility Billing software to improve utility information management, accurately capture utility consumption and revenue figures, record and account for income from utility sales, build reliable statistics for use in utility budgeting and forecasting, and provide responsive and courteous customer service in the pursuit of service excellence.
- Work with the Council, the City Manager, Department Directors, the State, County, and our residents on determining the best use for leveraging grant funding from various federal and state agencies.
- Ensure a skilled, responsive, and innovative Finance and Information Technology team that keeps current with evolving business-critical technologies, while providing high quality customer service.
- Continue to make improvements to our cybersecurity posture to help reduce risk for our organization.
