POMEROY AND NEWARK RAIL TRAIL

Public Meeting
Monday, June 23, 2008
4:00 p.m. – 6:30 p.m.

COMMENT FORM

1. How often do you use the City of Newark’s pedestrian network?

________________________________________________________________________

________________________________________________________________________

2. What is your primary use of the existing trails – walk, running/jogging, bicycling, etc.? Do you use the adjacent stone dust jogging path?

________________________________________________________________________

________________________________________________________________________

3. Are there any features along the trail that you would like to see used more often, e.g. lighting, landscaping, bike racks, benches, etc.? If so, where?

________________________________________________________________________

________________________________________________________________________

4. Are there any areas where you feel a connection is needed that would increase the use of either the Pomeroy and Newark or James F. Hall trails? If so, where?

________________________________________________________________________

________________________________________________________________________

5. Are there any features along the James F. Hall Trail or any other trail you have used that you would like to see included along the Pomeroy and Newark Trail?

________________________________________________________________________

________________________________________________________________________

6. Do you find the signage useful along the trail? Would you like to see any additional signage or information along the trail? If so, please explain.

________________________________________________________________________

________________________________________________________________________

7. If you do not currently use any of the trails, what features would encourage you to use the trail?

________________________________________________________________________

________________________________________________________________________

COMMENT FORM CONTINUED ON BACK
8. Do you support this project as proposed? If not, why?

________________________________________________________________________
